COLLISION ON THE C. P. R. Between Freight and Passenger Trains.

RUN HEAD ON NEAR MATTAWAMKEAG, MAINE

No one Killed, Several Bruised, Cars Derailed.

(SPECIAL TO THE EXAMINER.)

MATTAWAMKEAG, Me., Jan. 5.—There was a head-on collision on the Canadian Pacific Railway at this station yesterday.

The Montreal train, No. 9, ran into a freight train, No. 36, derailing and damaging both engines. Both baggage cars, second-class coach, and three freight cars and dining car were somewhat damaged and most of the crockery broken. No passengers were injured.

Engineer McCluskey, of No. 9, was struck on the face by a piece of iron and bruised; the steward of the dining car was hurt in the side, but not seriously.

Passengers were transferred to an extra train and sent to St. John.

A Serious Situation.

MANILA, January 2.—The following despatch, dated Friday afternoon, December 30th, at Iloilo, I-land of Pansay, has just been received by despatch boat, telegraph communication with Iloilo not having been resumed:

"The situation at Iloilo is grave. Fifteen thousand natives, fully armed are at Iloilo, a suburb of Iloilo. Seventeen thousand more, it is reported, are awaiting orders to embark at several points on the island of Negros, 15 hours sail from Iloilo.

"All the women have withdrawn and many families have taken refuge with the Americans. The rebels, after a consultation, insist upon insurrection until General Aguinaldo shall have been heard from. General Miller, when this demand was first made, declined to concede it and insisted upon an answer being given by noon today. At the same time he has given assurance that lives and property would be protected.

"The foreign residents then petitioned General Miller to grant the extension desired by the rebels, as a fight would cause inevitable loss. This also General Miller refused.

"At the designated time a native commission again boarded the United States transport Newport and asked for delay, saying they were unable to control the army, which commanded the city and surrounding country. General Miller refused and prepared to land forces, sending an emissary back to Manila for instructions.

"The rebels are strengthening their position and are preparing to resist. The streets of Iloilo are full of armed soldiers, who are constantly entering in either direction. There is great excitement which is increased by the appearance of the gunboat El Cano flying the Spanish flag. The public buildings, churches and boats along the river are filled with rebels.

"The Newport's boats, as the despatch boat which carries this message is about leaving, are being lowered with four machine guns mounted in their bows. The lighters are along the United States transport Arizona. The United States transport Pennsylvania lies three miles to the south, with steam up.

PORTUGAL

King Charles Says its Colonies Must be Developed.

LISBON, Jan. 3.—King Charles opened the Cortes Geras, or two legislative chambers, the house of peers and the chamber of deputies today. In the course of his speech from the throne the king said that during the war between the United States and Spain, two friendly nations, Portugal proclaimed, and, as was her duty, maintained strict and absolute neutrality. His majesty also said he greatly sympathized with the Czar's disarmament proposals, and made a reference to the colonies which apparently disposes of the rumors of the sale of Delagoa Bay. He said: "It is not sufficient to preserve our colonial domains in their complete integrity as the sacred heritage of the nation, but they must be developed as the solid basis of our economic regeneration."

Great Britain and Spain.

MADRID, Jan. 3.—Official circles here are warmly discussing the attitude of Great Britain, owing to her pressing demands that Spain sell her a coaling station in the Balearic Islands and other strategic points, so as to render Gibraltar unassailable. The negotiations on the subject have been in abeyance owing to Premier Sagasta's illness, but it is believed that Spain, influenced by France and Russia, will resist the demands of Great Britain.

Chemical Discovery.

PARIS, January 2.—It is stated that Dr. Bequere has announced to the Academy of Science the discovery of a new chemical substance which has a close affinity to barium. Its discoverer, M. M. Currie and Bremont, have named it radium. It is so sensitive to light that it will take photographic impressions.

French Officers Arrested

PARIS, Jan. 2.—Thirty officers have been arrested and all sentenced to four days' imprisonment for subscribing to the fund started by the Libre Parole to enable Mine Henry to meet the expenses of her contemplated prosecution of M. Joseph Reuscha, editor of the Republique Francaise and conservative deputy for the district of Digne, for declaring her late husband, Lieutenant Colonel Henry, a traitor.

"Let parents not live for their children, but with them." The mother should allow no false modesty to stand in the way of her daughter's knowledge of herself, of her possibilities, of her perils. For over thirty years Dr. Pierce has used his "Favorite Prescription" as a strengthener, purifier, of feminine organs, in a natural, soothing way. It searches out the weak spots and builds them up. A woman who would understand herself should send 31 cents to the World's Dispensary Buffalo, N. Y., for Dr. Pierce's Medical Adviser, a book of 1008 pages.

Rev. Mr. Manifold's Farewell.

The members of the Central Christian Church and a number of members of the several churches of the Brotherhood in the Island, together with quite a number of friends, met in the Kindergarten Hall on Tuesday, at 4 p. m., to bid farewell to the pastor, Rev. Geo. Manifold, on the eve of his departure for Kentucky University, where he will complete his studies, taking the degree of B. A. preparatory to entering Japan as a missionary early next year, under the auspices of the American Christian Foreign Missionary Society.

Mr. John F. Baker, who presided, opened the meeting, and in a few well chosen remarks expressed the esteem in which Mr. Manifold is held by the Brotherhood and public at large.

R. v. D Crawford, of New Glasgow, who was also present, spoke in feeling terms of his very intimate acquaintance with Mr. Manifold the 24 years he has spent on this Island, during which time he had found him a faithful preacher of the Gospel, of blameless character.

Rev. A. N. Simpson, of Cross Roads, Lot 48, said he had known Mr. Manifold since 1893, when they first met as students at Kentucky University. Mr. Simpson spoke of the high regard in which he was held by the professors and students of the University. He had always found him a true Christian and devout minister of the Gospel, whom he was proud to call his friend, and felt sure that his work in the foreign field would be crowned with success.

Mr. Manifold has ever been a friend to every good and true cause, and has been instrumental in doing much good. During his stay in this city, he has made many warm friends who learn with regret of his departure, and will ever be interested in his future welfare.

After an address and presentation from the Sundry School, resolutions were adopted by the Church.

Mr. Manifold suitably responded, and spoke with deep feeling of his regard for Elder Crawford and with thankfulness for the many acts of kindness and timely words of advice received from him. During his 24 years' pastorate he had become much attached to the congregation to which he ministered and assured them that his prayers and sympathy would ever attend them and would ever be interested in hearing of their success. He cherished the hope that at some future time he would be enabled to meet with them and have the joy of mingling his voice with theirs in praise and thanksgiving to Almighty God.

The meeting closed with singing "God be with you till we meet again," and benediction by Rev. A. N. Simpson.

Masonic Honours.

NEW YORK, Jan. 2.—The funeral services over the remains of Augustus W. Peters, president of the borough of Manhattan, took place today in Scottish Rite Hall, on Madison avenue. The rites were those of the 23rd degree mason. The body was in a massive oak casket (trimmed in silver). At 8 o'clock last night the burial service of the Scottish rite secretly took place. The ritual was made by Charles H. Hyer, commander in chief. The conclusion of this ceremony was marked by the placing of a cross on the casket. At this time the old guard detail marched in to take position by the side of the casket. They stood at attention while a prayer was said. A bugler sounded "Taps." After the services the body was taken to the Grand Central Station and placed aboard a train for Boston, where it was transferred to the Boston and Maine R. R., for St. John, N. B., where the interment will take place.

Declined with Thanks.

LONDON, January 2.—The Observer's Berlin Correspondent vouches for the story that the Emperor recently received a cheque from New York for \$5,000, with request that His Majesty write an article giving his views on the Spanish-American war. The Emperor returned the cheque through the German embassy at Washington, saying that he had neither the time nor the inclination to begin a journalistic career.
