

**THE FOUNDATION FOR EDUCATIONAL EXCHANGE BETWEEN CANADA AND THE UNITED STATES OF AMERICA
THE FULBRIGHT PROGRAM**

The Foundation for Educational Exchange between Canada and the United States launches into its second year of operation as one of the 130 countries which engages in bilateral 'Fulbright Scholar' exchanges with the United States. The Fulbright program - named after J. William Fulbright, the well-known former Democratic senator from Arkansas - is the largest academic exchange in the world, with more than 167,000 participants since the program began in 1946. The goals of the Canada-U.S. Fulbright program hold true to those initially desired by Senator J. William Fulbright himself: to build a world in which "the human attribution of compassion and common sense, of intellect and creative imagination and empathy between nations" is attained.

This year, the Foundation for Educational Exchange will award scholarships worth \$25,000 each to four distinguished University professors from both Canada and the United States. While the scholars' fields of study range from history and law to anthropology and literature, all the scholars share a commitment to the relationship between Canada and the United States.

In announcing its 1992-1993 awards, the Foundation for Educational exchange between Canada and the United States would once again like to invite the finest Canadian Scholars to lecture or conduct research at universities in the United States. For the first time, the Foundation is also offering graduate students scholarships for the 'best and the brightest' students who seek to pursue studies or research at the doctoral level in the United States. Application deadlines for both faculty and graduate student exchanges are November 30. For more information and an application package, please contact:
