The Georgetown Boy Scout hockey team and the Georgetown school girls hockey team, Provincial champions in their respective classes, were given a banquet and social evening in Kooey Hall, on Saturday, May 3, sponsored by the Georgetown Branch of the Canadian Legion and their auxiliary, in appreciation of the outstanding performances of those two teams and the honor their achievements brought to Georgetown.

Bristol and Vicinity

Mr. and Mrs. W. A. O'Brien and family were here on Sunday to open their summer home. They plan to move out from the city the week of May 4-10.

Mr. and Mrs. Ernest Carr and family were Sunday visitors here from the city at the home of Mrs. Carr's parents, Mr. and Mrs. Ernest Baker.

Mr. and Mrs. John Mooney, who are spending some time on the island at present, were Sunday visitors recently to this vicinity, guests of Mr. and Mrs. J. B. Jay.

Mr. and Mrs. Lester McVarish, have arrived back here for the summer months and have taken up residence at the shore. They spent the winter months with their daughters, Mary at Truro and Edith at Sorden.

A Tridium in honor of the Blessed Mother was conducted here for six days during the week of May 1st by the Redemptorist Fathers from the city with the assistance of the pastor. The devotions were well attended at both churches and the pastor reports he is very well pleased with the turn out.

Mr. Joe Walsh has returned home from a ten days' trip to Boston, his first visit in more than twenty years. Despite the changes in the years he says he was still able to get around the busy city where he once resided and he met scores of old pals and friends.

Friends of Miss Aletha MacDonald will be sorry to learn she entered the Provincial Sanatorium on Monday, May 5th, to undergo treatment. She has not been in the best of health for some time and all wish her a speedy return to good health again. She is a daughter of Mr. and Mrs. Gus MacDonald.

The government has two scare crows here that people would like to see removed. One is a big snow plough, left here near the railway station and dangerous for children to be around, and the other is an old bunk house on wheels at the end of the road to Lake Side Beach.

The battle of the lobster fishing and packing got underway here on Monday, May 5th, when the first red backs were landed and the whistle called the help. Considerable gear was put out last week but packing did not start until Monday. Now the cry is bait as the fishermen say there is none to be had.

A serious fire here on Thursday afternoon, May 1st, destroyed the home of Mr. and Mrs. Everett Laybolt. The two-section house, built only two years ago with a kitchen built on last summer, was burnt to the ground and all the furniture was lost. There was no one home at the time as Mr. Laybolt was in the city on business and Mrs. Laybolt was visiting

at her father-in-law's home half a mile away when the fire started from some unknown cause. When Mr. Laybolt arrived home from the city his home was a smouldering heap of rubble. At present Mr. and Mrs. Laybolt and family are staying with Mr Laybolt's parents. No plans have been made as yet to replace the house.

Two brothers from this vicinity met last week for the first time in twenty-seven years. They were P. R. Sinnott and his brother, F. A. Sinnott. Peter, better known as P. A., has never been home since he went to Boston to reside twenty-seven years ago and Pat, (P. R.), made his first trip to the U. S. A. last week to visit his long absent brother, and they had a happy reunion according to P. R., who is home again.

What almost proved a disastrous fire here on Saturday afternoon, May 3rd, was brought under control by the prompt action of two young men, H. S. McEwen and P. R. Sinnott, Jr., who were quick to see the fire. Mr. John T. O'Brien, who like so many others, decided to burn the long grass off the field quite a distance from his home, but the grass was much drier than he thought and the fire swept through the dry grass at a terrific speed and a few moments Mr. O'Brien's barn was ablaze. While the men fought this blaze the fire raced around the barn, following the heavy dry grass to the garage on the property of Lottie Hughes and near the general store. Here the quick action of the men and women of the village who gathered to help the two leaders mentioned above killed the blaze but not before some heartbreaking moments when some suffered severe fright. This should prove a warning to scores of men who are burning grass of fields and along fences at this time.

The people of this vicinity were shocked to hear of the sudden passing of Mr. John B. McAdam on Thursday at his home. Not in the best of health for some time, he resided alone except on weekends when his brother Francis came home from Mount Stewart, since the death of his mother a number of years ago. Two sisters reside here, Mrs. Grover Coffin and Mrs. Patrick Murphy, and another sister has been living in the States for fifty years and a brother Bill is living in the West. John B. McAdam will long be remembered as one of the finest of fine men and a slave to work and it is all the more sad to think he should be called so sudden with a heart attack. His age is given as fifty-nine years and his funeral was held on Friday morning from the Funeral Parlors in the city to St. Andrew's Church for High Mass at nine-thirty. Services at the church and grave were conducted by his pastor, Rev. T. Campbell. To his relatives sincere sympathy is being extended.

in operation. First pack was on May 3. Those two factories will provide a lot of employment to local labour for the next two months.
