

## SOUND INVESTMENT AT HOME IN A RICH MINING PROPERTY.

The Eastern National Copper Company, Limited, whose Gold and Copper Deposits are at Cheticamp, Cape Breton, is capitalized at \$500,000. The Board of Directors of eight includes some of the Best Known and Most Reputable Business Men of Halifax, who have become members of this company confident that the property it has acquired is one of the most valuable in Canada, and situated in one of the most promising mining districts in America.

The mining areas purchased by the Eastern National Copper Company, Limited, have been thoroughly prospected and have undergone expert examination by trustworthy engineers during the past eighteen months. It has been on the evidence of mining men competent to testify as to the worth of the property that many have already been satisfied to subscribe for stock, believing that they were joining in an enterprise giving promise of large returns and that their shares would assuredly advance in value as the development operations proceeded.

The Company is now **Blocking Out a Body of Copper Ore** estimated to contain **160,000 TONS**. The average result of the tests so far made to determine the value of the Ore is **TEN DOLLARS PER TON**, and when the work now under way is completed it is calculated that there will be **ORE IN SIGHT** to the value of **\$1,600,000**.

The Development Operations are **Proceeding with Pay Ore on All Sides of a Two-Hundred Foot Slope** which is being driven through the Main Deposit.

Other Beds of Copper are known to Underlie and Overlie the Bed Now Being Developed, and it is confidently Expected that This Mining Property will prove of **Vast Value** when a Few Months More Work has been Performed.

Gold is Associated with the Copper Contents of the Eastern National Ore, in Quantity Probably More than Sufficient

to Pay the Expense of Mining and Milling, Leaving the Other Contents to the Good.

The Operations now being conducted by the Eastern National Copper Company, Limited, were begun only after the proposition had been most carefully investigated and large expenditure of money had been justified by the results of such investigation. The Company considers the opportunity for investment one of the most attractive before the public. Stock which is now being sold at a low figure will certainly advance as progress is made on the Deposits. Several liberal offers to purchase this property were received and declined before the present Company acquired it. The former owners are shareholders in the Eastern National, having accepted stock in payment for their interests and so demonstrated their confidence in the worth of the Copper Deposit now being opened and other Deposits which it is proposed to develop at an early date.

The sum of **\$10,000** is to be expended in the present operations, in order to further establish the extent of the Copper Beds, and place a large quantity of **Ore in Sight**. Part of this amount is being raised by the sale of a block of stock at **30 per cent. of par, Fully Paid Up**. Additional stock will not be offered at present. That already marketed is held by the purchasers for higher prices.

Applications for stock should be addressed to

## After the Xmas & New Year Holidays

Are gone by.

After the Xmas and New Year holidays are passed everything relapses into quiet again, even trade becomes at a standstill. However we must not forget that lots of purchases which were contemplated during this holiday and busy season could not be accomplished owing to the very bad condition of our winter roads. Now in accordance with the old saying "It is never too late to do good" We wish to say to our customers in particular and the public in general: that we will expect them to come and fulfill their wishes.

We do not boast, but we can show you as good an assortment of general merchandise as you will find in any country store in Prince County. Not only can we show the goods, but we can sell them at prices which will suit both the purchaser and ourselves.

We will begin Stock taking this season on the 2nd. day of January, and during this Stock taking time which will last about three weeks, we will have an immense lot of Summer and Fall goods which we want to clear out at a sacrifice. These goods will be shown by themselves and are bound to be sold irrespective of price.

It is not necessary here to innumerate the different lines of goods we carry, but suffice it to say: that we always carry a full line of general merchandise found in our best stores of P. E. Island.

As usual we will be glad to take in exchange for our goods

Oats, Wheat, Barley, Buckwheat, Flour, Corn, Island Beans, Flax Seed, Timothy & Clover Seed, Cheese, Butter, Pork, Beef, Poultry, of all kinds, Hides, Lumber &c

in fact everything a farmer has to sell excepting the farm.
