

SO, YOU WANT ADVICE, EH?

Miss

X.

Dear Miss X,

Could you suggest some warm costumes for Halloween since the weather is cold now.

Shivers.

Dear Shivers,

Here's something that you can wear pyjamas with. For a Halloween costume wear red pj's so you can wear clothes underneath. But I suspect you're not going trick or treating so you don't want to dress to warm because your pants can get warm. Pantyhose underneath are fine.

Miss X

Dear Miss X,

I have a healthy 2 1/2 year old son, but everyone else is giving their kids vitamins. I know vitamins can help against illness, but does my son need them.

Sceptical about Flintstones.

S.A.F.

You should consult your doctor first. The doctor is the one who can best tell you what your son needs. Fresh air is an alternative during the fall and winter.

Dear Miss X,

I have a new job and I feel I am always persecuted by my working peers. They constantly make fun of me and talk behind my back. What can I do.

Hard Worker.

Dear Hard Worker,

Stop whining. All new people are treated this way. In time they will ease up.

Miss X
