Hicks—What would you do if you were a hunchback? Wicks—Do? Why, I'd learn to ride a bicycle. Nobody would notice what you were like until I found Dodd's Kidney Pills. They cured him, as the primary cause of his dyspepsia lay, undoubtedly, in his kidneys.

A well-known lady wrote to the Toronto papers a short time ago stating that she had been cured of a womb disorder by means of Dodd's kidney pills. She did not think, until she was cured, that disordered kidneys were the seat of the trouble. Valentine Fisher, of Collingwood, last year was cured of sciatica of thirteen years' standing, by the same remedy. He, too, found out at a late day that his kidneys had all along been the cause of his sufferings. There are only some of many like experiences that are daily met with.

Remarkable Growth. From 10,000 to 1,000,000 in Ten Years.

Substantial Evidence of Public Appreciation—Rapid Extension of a Business Founded on Merit—When Newspaper Advertising is Valuable.

The mark of public appreciation which best indicates the meritorious character of an article for public use, is the increase shown by the necessity of enlargement of business facilities connected with the production of the article. The Kickapoo Indian Medicine Co., located at New Haven, Conn., owning and manufacturing from the original formulas of the Kickapoo Indians the famous medicines of that celebrated tribe, have found it necessary to make a substantial enlargement of their factory by the purchase of a six story brick building, containing about thirty thousand square feet of floor space for conducting the enormous and still increasing business of supplying their remedies to the public. This growth has all been within the past ten years; and this is the third time the Kickapoo Medicine Co. have outgrown their quarters since the first introduction of the Kickapoo Remedies among the white people. Their business has grown in a ratio of one to a hundred; or in other words, they are now doing annually one hundred times the amount of business they did the first year.

Merit a Necessary Basis. This success resulted mainly from the intrinsic merit of the Kickapoo Remedies; since their introduction was largely attained with comparatively little or no advertising, and that principally consisting of parties of Indians with their interpreters travelling from town to town erecting their camps and showing the people just what the Kickapoo Remedies were and their use.

It was only within the past two years that the Kickapoo Remedies have been advertised in the newspapers, and then only at first in certain sections after their sale had been established, so as to keep the merits of the Kickapoo Remedies before the people. This newspaper advertising, however, has been of much benefit to the sale of these famous medicines, and has been largely instrumental in effecting the needs of additional facilities. Many people who were not reached before are now using the Kickapoo Indian Remedies, and some really astonishing cures have been wrought by these simple compounds of roots, barks and herbs.

When Newspaper Advertising Pays. Healy & Bigelow, the agents for the Kickapoo Indian Medicine Company, appreciate and endorse most heartily the value of the newspaper advertising for a meritorious article, and say: "We find that newspaper readers are very discriminating, and inclined to be skeptical at first, but after you have established confidence in your goods, and the people find that your statements are reliable, then your business is bound to increase and extend."

The Kickapoo Remedies consist of only five articles, all of which are purely the product of roots, barks, gums, leaves and flowers. They are absolutely free from mineral or other deleterious substances, as attested to after a chemical analysis by R. H. Crittenden, Professor of Physiology and Chemistry at the College of Physicians and Surgeons, New York City.

Kickapoo Indian Sagwa is a blood, liver and stomach remedy. Kickapoo Indian Oil is a quick cure for all pains, stiffness, soreness, rheumatism, neuralgia, etc. Kickapoo Indian Cough Cure, as its name implies, is for throat and lung difficulties. Kickapoo Indian Salve is an excellent remedy for cuts, wounds, sores, eczema, etc., and Kickapoo Indian Pills are a harmless and absolutely certain remedy for those troubles so frequently met with among children, viz: Seat, pin and stomach worms. The Sagwa relieves for one dollar a bottle, the Cough Cure fifty cents and the other remedies at twenty-five cents a bottle or package.

There is probably not a drug store in the United States to-day that does not keep Kickapoo Remedies on hand. They are pleased to say that Messrs. Healy & Bigelow have published in this paper, and will continue doing so, some really marvellous cures effected by the Kickapoo Indian Remedies, and also unimpeachable evidence of the absolute vegetable purity of these simple, yet effectual compounds, that, as someone has said, bring "Long Life and Good Health."

A SPLENDID RECORD. A Provincial Industry Troubles its Business in the Last Three Months.

Some three months ago this journal informed its readers that a new provincial industry, that of the Hawker Medicine Company, of St. John, had completed its first quarter's business, and that its book showed a development of trade and a record of sales that was not only gratifying but really astonishing. Another three months has now elapsed and the company have balanced their accounts for the six months. The results show that in the last three months they have tripled the business of the first three; they have about doubled their working staff and work has been carried on in the packers room till 11 o'clock every night in order to fill orders promptly. From all parts of New Brunswick, Nova Scotia and P. E. Island, from Newfoundland and parts of the United States, the orders have rolled in. The business is now firmly established. The experimental stage is past. Repeat orders come in constantly, showing that where once the remedies are introduced, they win permanent favors with the people, who know as soon as they have given any one a trial, that these standard remedies are all that they are claimed to be. Indeed, this last might readily be assumed without a trial, and judging solely from the character of the gentlemen who form the Hawker Medicine Co., as they are number one among the leading citizens and most honorable and successful business men of St. John.

The Hawker Medicine company are now patenting their remedies in Great Britain and will presently extend their operations there, as well as more extensively to the United States. About the middle of this month Thomas Rankine, who so successfully introduced the Hawker remedies in Newfoundland last spring, will start and traverse the western part of Canada, from Montreal to Vancouver in the interests of the company. With such a record as that of their first six months now closed, the Hawker Medicine Co. are evidently destined to achieve a great success. They control standard remedies, which have received the endorsement of leading physicians in Canada and the United States, as well as the fervent praise of sorely afflicted people who have by their means been restored to health. Their place of business is at 104 Prince William Street, St. John, N. B., where they have the most extensive and elaborately fitted up premises of the kind in the Lower Provinces. William Hawker, the original inventor of the remedies, has been a druggist in St. John for 30 years, and had long proved the value of the different remedies before the present company was organized. It is with pleasure that this journal records the company's wonderful success.

D. Waters, Campbellford, Ont., says that the Peterboro Medicine Co. (Limited) are as liberal to use his name in the interest of all who may be suffering as he was before he used Membray's Kidney and Liver Cure.

USE SKODA'S DISCOVERY, the great Blood and Nerve Remedy.

W. H. ROGERS. AMHERST, N. S., May 27, 1893.

THE GREATER DYSPEPSIA CURE CO. GENTLEMEN—I am 71 years of age. Have been afflicted with sick headache most all my life, which developed into Dyspepsia of a mild type about twenty years ago, and has continued to grow worse until during the past seven or eight years I have not been able to take a drink of cold water or milk, as they would produce severe pains and sometimes vomiting. I have been subject to severe pains in the chest, with dizziness, which have been more frequent during the past three or four years. My mouth was furred up in the mornings, accompanied with bad breath. My case was yearly growing worse.

During all this long period I have tried many popular medicines, as well as prescriptions from the regular medical practitioners, but without producing any improvement.

In the fall of '92 I concluded to try a bottle or two of your medicine and such were its effects that I continued it and now I can drink cold water or milk without any inconvenience. Those dizzy pains are all gone and my mouth is as sweet as a baby's. In short, your medicine has cured me and I am sure that all Dyspepsias can be cured by its use.

(Signed) W. H. ROGERS, Late Inspector of Fisheries for Nova Scotia.

AWFUL HEADACHES. 2 YEARS OF SUFFERING.

LIFE A TORTURE. Headache Outburst, of Toronto, N. B., says: For several years I suffered from severe attacks of headache, which came on periodically, about every ten days. I had several headaches, and the small amount of anything coming toward me, I became nervous, and nervous, and had no ambition or strength to work. I passed many sleepless nights, and my life was a constant torture to me. I became so weak, my head aching, and my life a constant torture. My brother brought me a bottle of...

HAWKER'S NERVE AND STOMACH TONIC, and a box of HAWKER'S LIVER PILLS.

I had not taken them long before I commenced to improve and in a short time I was completely cured. I grew strong and vigorous, my appetite returned, I slept well and my weight increased. I gained 30 pounds in weight. I have not suffered from pain or illness since, now 2 years, and am as strong and healthy as ever. My life is now a constant joy to me. I am a grateful subscriber to the DAILY EXAMINER.
