Electrical Contractor Pilots Own Aircraft

Neither rain, nor sleet, nor snow can stop the postman or Stan Cassidy of Fredericton, N.B.

In the midst of the worst storm to hit the Atlantic provinces so far this winter, Mr. Cassidy piloted his light airplane from his home town to Prince Edward Island because he "didn't want to disappoint those expecting me."

He was scheduled to speak to the weekly meeting of the Charlottetown Rotary Club at the Charlottetown Hotel at noon.

He had been told by phone early in the morning that the howling blizzard had cancelled all MCA flights, that both the airport at Summerside and the one at Charlottetown were closed, and that he wasn't expected to keep his engagement. But Mr. Cassidy was determined that he was going to speak to the Rotary members that day.

"I've got instruments. I'll be there," he stated.

PLANE ICED UP

And so shortly after noon found Mr. Cassidy and his copilot, William Atrill 5,000 feet above the Charlottetown airport. All windows were iced up and visibility was one-eighth of a mile. It was 10 degrees above zero.

"I've never seen anything like it before," Mr. Cassidy said in referring to the way his plane had iced up. He stated that in order to clear the aircraft of ice it was necessary to drop down to 2,000 feet.

He noted that the only problem they had was finding the runway.

Trainees Plan Rescue Display

MONTAGUE — The demonstration in rescue technique which was to have been held at the Montague armories last Monday afternoon, will be held today at 2 p.m.

The six-week special army training course is now in its last week here and the commanding officer, Major L.W. Ramsay, is looking forward to a large number of residents and organizations being in attendance.

The 33 trainees are under the direction of Lieut. T.J. Landrigan assisted by Sgt. J.A. Bernard and Sgt. G.J. MacDonald.

somehow, but we couldn't see it," he said.

Following an instrument approach, the runway was sighted at the last minute by Mr. Atrill who stated "I think I see it."

LANDING MADE

The landing was made between a crash truck and a fire engine that had been sent out by MCA following a report from a Parkdale resident that a "DC-3 had passed overhead at about 30 feet."

Mr. Cassidy stated that at no time were they in trouble and that they had constant radio contact with the control tower at the airport.

And so, better late than never, Mr. Cassidy kept his appointment with the Rotary Club.

Following the meeting he flew to Saint John and home to Fredericton, "in time for supper."

He flew back to the province last night to speak to the members of the Electrical Service League at their annual meeting and following the meeting headed home.

A flyer since 1954, he uses his aircraft in his electrical business and considers any trips he makes "very relaxing."

Following in their father's footsteps, his two sons are also pilots and often go with their father on long trips.

Souris Seeks Support For Fire Protection

SOURIS — The Souris Town Council will make an effort to reach an agreement with the rural school districts within 10 miles of the town for fire protection.

At its meeting Monday night, the council instructed the town clerk, Mrs. Genevieve Roach, to contact the chairmen of the school trustees in the districts surrounding Souris to see if some arrangement can be made to help defray the cost of sending the fire engine and firemen to out-of-town calls.

It was pointed out that Souris has the only organized fire department in Eastern Kings and a large number of calls to fight fires in areas outside the town are answered each year at considerable expense. No arrangement is now in existence, it was stated, by which the town is remunerated for these calls.

Fire Chief Benjamin Carter requested the council to provide a new fire siren for the town. He said the present one is often confused with the sound of a diesel locomotive. The council will consider the request.

A special meeting of the council and ratepayers is slated for Thursday evening, Feb. 15, to decide on the sewerage and water rates.

Three members of the council, Councillors Melvin MacPhee, Alan MacLean and J. J.

MacDonald were absent from the meeting Monday night and it was stated that Coun. MacPhee has been absent from three successive council meetings. It was pointed out that under the bylaws, his seat can be declared vacant. A decision on this matter was postponed until the next regular meeting. It was also reported at the meeting that certain councillors are doing business with the town. The clerk was instructed to check the amendment to the Towns Act to see whether this is now legal or not, and report to the council.

Mayor C. A. LaVie presided and Councillors Henry Larter, Elmer Doucette and Gerard MacDonald were present.

N.Y. Expenses To Be Heavier For Chicago Trip

NEW YORK (CP) — New York Rangers' travelling expenses will be heavier than usual for their mid-week trip to Chicago where they meet the Black Hawks in a National Hockey League game tonight.

Twenty-one players will make the trip, although several will not play for the game. Goalkeepers Marcel Paille and Gump Worsley both will go to Chicago but indications are that playing coach Doug Harvey will put Paille between the pipes.

Paille, recalled from Springfield of the American League after Worsley was hurt in Toronto Feb. 3, has helped Rangers to three wins and a tie, and given up only seven goals in doing so. Among the victories were 2-1 decisions over Montreal and Chicago, stopping winning streaks for both clubs.

Of the 12 forwards being carried, Camille Henry and Rod Gilbert are unlikely to play. Henry, who was ordered to rest because of a rundown condition, is practising regularly again and is within three pounds of his 151-pound playing weight. Gilbert was called up from Kitchener-Waterloo of the Eastern Professional League.

Six defencemen will be with the team, but Pete Goegan, acquired recently from Detroit, is not expected to see action.

Al Kaline Still Unsigned

LAKELAND, Fla. (AP) — Al Kaline, one of five unsigned Detroit Tiger regulars, arrived Tuesday at the club's training camp site.

But no new contract huddles were arranged immediately between the hard-hitting right fielder and vice president Rick Ferrell.

Kaline talked several times in Detroit with Ferrell and reportedly is asking \$45,000 for the 1962 season. He received an estimated \$40,000 last season when he was runner-up to teammate Norm Cash for the American League batting crown.

Science Now Shrinks Piles Without Pain Or Discomfort

Finds Healing Substance That Relieves Pain And Itching As It Shrinks Hemorrhoids

Toronto, Ont. (Special)—For the first time science has found a new healing substance with the ability to shrink hemorrhoids and to relieve pain and itching. Thousands have been relieved with this inexpensive substance in the privacy of their own home without any discomfort or inconvenience.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was promptly relieved. And while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough

that sufferers were able to make such statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of even 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne)—the discovery of a famous scientific institute. Already Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H. Ask for individually sealed convenient Preparation H Suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.

Red Cross Plans Campaign For Funds In City In March

H. H. Bartlett, manager of the Bank of Nova Scotia at Charlottetown, will again head the Red Cross campaign organization for the city, according to an announcement made last night by the provincial campaign chairman, W. R. Jenkins, of Charlottetown.

Mr. Bartlett is now engaged in lining up his division commanders who in turn will then contact the team captains who are charged with the responsibility of securing the canvassers.

Charlottetown's quota of the \$30,000 provincial objective is again \$11,000, and it is a source of great satisfaction to campaign officials, that this amount was actually realized under Mr. Bartlett's chairmanship in the 1961 campaign.

The Charlottetown chairman said last night that letters have been mailed to firms in the city in the hope of compiling lists of employees from which prospect cards will be made up for use by the canvassers who

Duff Skates; Not Encouraging

TORONTO (CP) — Dick Duff skated Tuesday for the first time since he broke a foot bone five weeks ago. The results weren't encouraging.

Maple Leaf assistant coach King Clancy estimated it would be two weeks before the left-winger could join his line with Dave Keon and George Armstrong.

If the guess holds, Duff will be available for the last 11 games of the National Hockey League schedule.

In 37 games before his injury, Duff had scored 14 goals and had 17 assists.

THE HOODLUM PRIEST

His is an incredible story. For this man walked the streets of the underworld with a familiarity that could only come with intimate knowledge. He consorted with thieves and was conversant with killers. He frequented their haunts and was privy to their crimes, both before and after they were committed.

He had friends and enemies on both sides of the law. But neither friends, nor enemies, nor an outraged city—could halt his activities. Beyond question, his is a fantastic story. And it makes a motion picture of unbelievable excitement and impact: It was filmed where it happened—with a realism that has the strong, unadulterated taste of life to it.

The world has encountered many men, but none like the man who carried the strangest name of all . . . The Hoodlum Priest.
