

# Korakin captures title

Last week in intramurals Korakin captured the ice hockey title, while the Panthers and Marian advanced to the finals in the boot hockey tournament.

In the ice hockey tournament, Korakin captured the league title by defeating a strong hearted M&M squad 7-6 in overtime. M&M led 6-3 but the big "O" went cold and Korakin managed a comeback.

Korakin, a strong team led by members of the now extinct Kinkora Blazers, put on a good show before a sell-out crowd at UPEI rink. Korakin had players like Francis MacCarville, Blair Smith, Blair O'Keefe, Steve Drummond, Larry McAdam, Brain Murray, George Roberts, and Patrick MacSweeney. Hats off to these boys for the strong showing and good effort. Congratulations Korakin for your first IHL title.

This game signalled another ending in the sportsworld as the franchise of Mean Machine bit the dust. This team, during their four years at UPEI, has won a baseball title, football title, hockey title, and also a few hockey tournaments. You also have to top your hat to the M&M squad because they played with their hearts in everything they did and never quit. This is what made the franchise great. Let's just hope there will be more teams like M&M in the future. Members of M&M are David Beaton, Sandy MacDonald, Terry Palmer, Phillip Brown, Shane Moaghan, David Connolly, Steve Burden, Dave MacPherson, Bill Griffen, and Ostrich.

Another team that played with enthusiasm was the underdog team of Blanchard Hall. This team did not figure too well

during the regular season but did a hell of a lot in the playoffs. They won the first two games of the playoffs but then went out two straight, but the games they lost were both by only one goal. This was the Cinderella team of the playoffs. Although they didn't have the talent to win it all, they got everything from everybody on the team.

In ball hockey the Hockey Panthers went to the finals by defeating the Heads 4-1. The Heads, with an excellent squad, ran into a hot goalie - "The Raging Bull" - and could not put anything by him. This team was favoured to win the tournament and are doing everything expected of them. They meet Marian Hall for the championship. If "Bull" plays as good as he did against us, the Panthers should win easily.

The upcoming awards banquet will feature various awards in many different categories. Up for Chapped Lip players of the year are Alan Stewart, Mike "Tracy C." Jones, and Steve Bishop. The winner of the Junior Dawson award is Sh a - a - a ne Doyle for most whimp outs in one year. The winner of Jack's Friendship award for being his #1 man at sportsman's breaking pool cues is Scotty "No Satisfaction" MacDonald. Scotty and Shanne got together Saturday night. Knowing half of the most devoted couple is Ken "Kissyface" MacDonald. The other half is in Nova Scotia. Up for the Dristan player of the year is Darren Riggs, David Beaton, and Steven Bishop. And last but not least, for Knobber award for most germs spread in one kiss is Mike "Sleepyhollow" Jones. So this marks the end of another intramural year.

## Vince is the best

By CIMN

Well, how goes it? This is the final issue of the Sun for [1980-8] and it's time to recap a little history in Women's Intramurals. ("Triviology" for all you Biology majors.)

Women's Intraurals got off to a terrific start with four teams competing for the softball title. If you recall, the Tignish Trio made superb performances but lost out to Bernie 1 for a case of Louienbrau. Bernie 2 wasn't even close for competition and Daze students should have folded.

The Broomball Champs first semester were Daze!! students (YEH!). Then Bernie 2 showed them in the second semester.

In the basketball scene Bernie 2 proved to be "Globetrotters Plus" as they whipped every team in the league.

Perhaps a number of apologies are in order to a few of the participants. First and foremost, my apologies to VINCE. I'm sorry for not looking into this job further!! It was terrible and burdening. No, seriously Vince good luck in finding someone for next year's column. Perhaps you can find someone as dedicated as this

year's writer.

To Blanchard Hall, "home of the Whopper" (that's a private one!) Many thanks are extended to Jude MacDonald who helped tremendously in putting together a team. Tignish's Trio should not be forgotten - wait and see them in action next fall!! Rumour hath it that the reason Andree Cambell plays for the Tackroom Broomball team is so she can participate in Intraurals. What dedication buddy?? To Anne (Fort) Knox who demoted herself from Bernadine Hall to Blanchard decided to retire from basketball. I guess she figured they were too far behind.

Daze students should not be forgotten. Eliz "sleaze" Zinc was certainly a superstar who beamed in the line light. Ask Eliz why she is named sleaze and she'll tell you a story regarding the VIA train in Moncton and the Park House Inn.

Kim "Cookie", what can I say? The only reason you read Women's Intramurals was to read about your talents. Unfortunately Kim, this issue is censored and your talents for this week remain buried.

Mary "Whimp" Morrision is offering free lessons in "THE ART OF SHOOTING

BASKETBALLS". You've been a great sport kid! Thanks for supplying me with news for my column.

For Bernie 2, well, when you have a ninty % turnout for every event, you're certain to give the opposition a good run for their money. Superstars such as R. Murphy, C. MacAulay, Jackie Doran, and P. Moran led Bernie 2 on to victory and spirit.

My deepest thanks go out to Jackie Doran, second floor R.A. Jackie was the victim of crude and undeserving comments but (gladly) she took no offence. What do ya say, Abdule? Have you dunked it yet?

Finally Bernie 1. Many thanks go out to all the girls on first floor who

were paralyzed with "You're coming out to play and that's that!" Anne-Marie (Aspirin) you are being rehired as recruitment officer for next year.

This year's Intramural program was definitely a huge success. A few positive results:

- 1) now Day students are notoriously called Daze students.
  - 2) thank God twins are not common.
  - 3) CK learned how to run without underclothes.
  - 4) Laurie MacKinley can be nominated for "outstanding performance and attendance in women's intramurals".
  - 5) Kim Beattie never played.
  - 6) Vince is the best!!!
- Good luck in exams. See y'all next September.

## Business hockey team third

Moncton was the site of the fifth annual AUAA business hockey tournament over the weekend March 19-22. In past years St. Mary's has dominated the tournament with an unblemished record. This was not to be the case this year as Acadia combined hard hitting and fast skating to overpower

Moncton 4-2 in the final.

UPEI was not to be disgraced. At the end of round robin play we were tied for second place with Acadia at 2 wins, 0 losses. The Acadia team advanced to the finals by virtue of having scored more goals. UPEI had to
