election was less than a year ago.

The Progressive Conservatives likely will replace the C. C. F. as the official Opposition. The C. C. F. has seven members in the 57-member Legislature

Mr. Willis, acknowledging that "lack of unity is our only weakness," said the convention had the responsibility "not only to give our party freedom of action and a return . . . to the party system of government and an effective opposition, but also to give our people an opportunity to vote for an alternative government."

Mr. Willis defended his resignation from the government as an "individual protest" against Cabinet decisions he had been "completely powerless to change." He recalled that his statement last spring that the Red River floods amounted to a national emergency was repudiated a few days later by Premier Campbell.

Island Odds And Ends

will be taken on when the company begins packing beef, silversides, and also chicken. Prospects for the continuous employment of the sixty people are much better than a year ago when the plant closed down for a month in midwinter. No such lay-off is likely this winter according to officials of the company, and this bright outlook means much to the wage-earners of Souris.

Silversides, better known as Caplin, the small fish which make such tasty eating when packed in sardine fashion, have not yet "struck in" around Souris, but fishermen are confident they will arrive in the next few days.

• • •

Murray River people are all keyed up over hockey and the chance of seeing their own product, young Nicolle performing with the Saint John Beavers against Charlottetown Islanders, throughout the winter. Nicolle has developed fast since he joined the New Brunswick club and is one of the scoring aces of the Big Four circuit. Charlottetown people would like to have him on their club but he has been well-treated in Saint John, and that town values him too highly to let him go without protest.

With "Buck" Whitlock of Charlottetown as a line-mate, Nicolle is getting more than his share of goals, and also feeding many goal-getting passes to "Buck."

The Forum can be sure of a good-sized delegation of fans every time Saint John appears on local ice this winter. Home-town pride being what it is it is altogether likely that Murray River Islanders will be cheering against "The Islanders" which to put it mildly will be a bit unusual.

SOUTH KOREANS

understood 40,000 Chinese troops had been sent into Korea in the last two weeks and said he himself entered nine days ago.

"We were just following orders," he said.

Thousands In Action

Other Chinese captured in the last few days also have said that many thousands of Chinese Red troops had entered the war on the side of the North Koreans.

American officers have viewed their statements with some skepticism.

AP Correspondent Jack MacBeth, with the U. S. 1st Corps, said South Korean interrogators quoted Chinese prisoners captured in the Unsan area as saying a full corps—perhaps 30,000 men—had come from Manchuria to bolster the weakening North Korean Reds.

An American advisor with the [illegible] Division, who reported 62 dead Chinese counted near [illegible], said the division was attacked Thursday by a "Chinese" division which used heavy mortars and small arms but no artillery.

POULTRY

Loading heavy fowl, chicken, capon, empty crops, Tuesday, October 31, 8.30 A. M. to 2 P. M.

Mr. Farmer:—A good poultry buyer is just about as effective as you farmers care to make him. Favored with volume business, quality products, he is in a good position with the trade.

My plans for fast truck loading showed one weakness, more poultry is needed. I am soliciting co-operation from farmers situated 10 to 15 miles from Kensington. Start heavy feeding, keep selling the large, good quality birds.

Six lbs. up in chicken. Seven lbs. up in capon are favorite weights.

I definitely prefer working with high-class stock.
