### New and Original Departure in Coal Cooking Stoves COMBINING DURABILITY, HEAT AND ECONOMY.

This Cut represents my Patent Fire King Cooking Stove, with the oven, and lining partially drawn out.

as it appears while being cleaned, or when a new lining is being replaced.

THE above Stove I invented and patented in 1876, and at the present time HUNDREDS ARE IN USE, giving perfect satisfaction. A large number have been in constant use for eight years, and the repairs have been very trifling, in many instances none have been required. This valuable experience should be sufficient evidence of their durability, which is accounted for in the following:—It has, instead of a Lined Fire Box, two heavy Curved Cylinders, which obviate the expense connected with all Square Cooking Stoves of being compelled to renew Linings and Grates, at least once or twice every year. The heat being radiated from the Cylinders to all kinds of ordinary Coal Cooking Stoves. The Cylinders are situated directly under the cover holes, and a fire may be made in one or both, thus adapting it for use either in winter or summer, with equal satisfaction, besides effecting a great saving to fuel. I have also attached the PATENT TELESCOPIC OVEN to all my Elevated Oven Wood Stoves, such as the Waterloo, Niagara, Star, &c., causing the thousands using them to exclaim—My Stoves are worth TEN DOLLARS MORE than the same kind made by other foundries. The trade and retail purchasers will please bear in mind the fact that although a great advantage is claimed for my own Oven above all others, they cost no more, and being the sole manufacturer and patentee, no other factory can supply. Enquire for Fawcett's Patent Telescope Oven, and it your dealer has none on hand send direct to the Sackville Stove Foundry.  
I am adding several new and handsome Patterns this season, which, with my former large variety of One Hundred Different Patterns and Sizes of Cooking, Parlor, Office and Hall Stoves, also Farmers Boilers, Hollowware, Ploughs, Stove Pipes and Tiuware, comprise the most complete assortment offered by any manufacturer in the Lower Provinces. Terms and prices will be found as favorable as can be obtained elsewhere.

## AYER'S Hair Vigor

restores, with the gloss and freshness of youth, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, cured.  
It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and heals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the Vigor is unequalled; it contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume.  
MR. C. P. BUCHER writes from Kirby, O., July 2, 1882: "Last fall my hair commenced falling out, and in a short time I became nearly bald. I used part of a bottle of AYER'S HAIR VIGOR, which stopped the falling of the hair, and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely bald."  
J. W. BOWEN, proprietor of the McArthur (Ohio) Enquirer, says: "AYER'S HAIR VIGOR is a most excellent preparation for the hair. I speak of it from my own experience. It not only promotes the growth of new hair, but makes it glossy and soft. The Vigor is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire satisfaction."  
MR. ANGELO FAIRBAIRN, leader of the celebrated "Fairbairn Family" of Scottish Yachtsmen, writes from Boston, Mass., Feb. 5, 1880: "Ever since my hair began to give away I have used AYER'S HAIR VIGOR, and the appearance of youthfulness—a matter of considerable consequence to ministers, orators, actors, and in fact every one who lives in the eyes of the public."  
MRS. O. A. PRESCOTT, writing from 18 Elm St., Charlottetown, P. E. I., April 14, 1882, says: "Two years ago about two-thirds of my hair came off. It thinned very rapidly, and I was fast growing bald. On using AYER'S HAIR VIGOR the falling stopped and a new growth commenced, and in about a month my head was completely covered with short hair. It has continued to grow, and is now as good as before it fell. I regularly use but one bottle of the Vigor, but now use it occasionally as a dressing."

## King's County Exhibition, 1885.

The General Meeting of the Commissioners for managing King's County Exhibition for the year 1885, was held in the School Hall, Georgetown, on Wednesday, the 22nd July inst.

The following Commissioners were present:—Hon. D. Gordon, Georgetown; Thomas, Annear, Esq., M. L. C., Lower Montague; James Clow, Esq., M. L. C., Murray Harbor North; John Larkins, Esq., St. Peter's Bay; Hugh L. Macdonald, Esq., Cardigan Bridge; Ronald McCormack, Esq., Narrow's Creek; Fred'k G. Bovver, Esq., Georgetown Royalty; Charles M. Donald, Esq., Little Pond; George H. Dingwell, Esq., Marie; Hugh Currie, Esq., Peake's Station; John Jameson, Esq., Sturgeon; Angus McDonald, Esq., Fox River, Lot 42; Wm. Thompson, Esq., Albion Bay; John McLean, Esq., 18 mile Brook; Hilary McIsaac, Esq., St. Peter's; Peter Duffly, Esq., Byrne's Road, Lot 39; Robert Dewar, Esq., New Perth; Thomas Lunnan, Esq., Summersville; P. J. D. Edmonds, Esq., Lot 66; James Nicolle, Esq., White Sands; John McDonald, Esq., Head of Hillsborough; John Robertson, Esq., Montague River; William Poole, Esq., Lower Montague; John Hawkins, Esq., Lot 64; J. M. Aitken, Esq., Montague Bridge; Angus McLeod, Esq., Brown's Creek; J. C. Underhay, Esq., Bay Fortune; Michael D. McCormack, Esq., Launching; John P. Sullivan, Esq., St. Peter's Bay, and the undersigned.

On motion, the Hon. D. Gordon was re-elected chairman, and George F. Owen, Cardigan, was appointed Secretary.  
Hon. Mr. Gordon expressed the gratification he felt at the honor that had been bestowed upon him, and had great pleasure in seeing so many Commissioners at this meeting—a greater number than had been present on any former occasion. He felt assured that the King's County Exhibition would be very successful this year—more so even than it had been last year.

The Secretary submitted a report of the financial operations of the Exhibition for 1884, which showed that the Exhibitions in King's County were becoming more popular and interesting each year. The entries of live stock are constantly increasing in number, and the attendance last year, judging by the number of tickets sold at the gates, was greater than on any previous occasion.

It was resolved that the Exhibition should be held in Georgetown on Tuesday, the 29th September next, and favorable comment was made on the action of the Commissioners for 1884 to erect the neat and substantial fence with which the Drill Shed and Square are now enclosed.

After considerable discussion, the general regulations of last year were adopted without amendments. Additional prizes were given for best and second best draft fillies under two years; for draft foals and Berkshire Boar Pigs. In grain, prizes were voted for red and white wheat; and some alterations made in the amounts offered as prizes for other grains. Some changes were made in the prizes for fish and canned goods, and second prizes were voted in some sections where none had been given last year. The other departments of the Prize List were carefully scanned and discussed, but no important changes were made.

After adopting the Prize List as amended, Commissioners and Judges for the several departments of the exhibition were appointed. One judge in each department was selected from each Electoral District, and in this way every section of the County will be fully represented at the coming Exhibition.  
Mr. John D. Smith, owner of the Percheron horse, "Prince Imperial," has intimated to the Secretary of the Commissioners that at the King's County Exhibition this year he will offer the following prizes for foals sired by "Prince Imperial":—Best foal, \$8; 2nd best, \$5; 3rd best, \$3.

The business of the meeting having been accomplished, the Commissioners adjourned sine die.  
GEORGE F. OWEN,  
Secretary King's County Exhibition,  
Cardigan, 23rd July, 1885.

## King's County Liberal-Conservative Association.

The semi-annual meeting of the above Association was well attended by leading gentlemen from different sections of the county.  
The committee appointed to prepare by-laws submitted a report.  
After considerable discussion the by-laws, with exception of Art. II, were adopted. The consideration of Art. II was deferred until some future meeting. Stirring speeches were made by Dr. Nuttall, A. J. McNelis, Esq., Cyrus Shaw, Esq. and others.

A resolution was passed, asking the Executive committee of the Association to correspond with Liberal Conservative members of the Local and Dominion Legislatures in order that campaign meetings for the discussion of Local and Dominion politics should be inaugurated throughout the country at an early date.

Wharfingers.  
His Excellency the Governor General has been pleased to appoint, under and in accordance with the provisions of the Act 40 Vic., chap 17, the following gentlemen to be Wharfingers for the undermentioned Piers in King's County, Prince Edward Island, viz:—Mr. Benjamin Sossabough, for Murray Harbor South Pier, Mr. Edward Henderson for Mink River Pier, Mr. C. H. Lewellin for St. Mary's Bay Pier, Captain James Bourke for Georgetown Pier, Mr. John A. Macdonald for Lambert's Pier, Montague, Mr. James E. MacDonald for Lewis Point Pier, Cardigan, Mr. Donald McIntyre, for North Cardigan Pier, and Mr. James Taylor for Annandale Pier, and Mr. Percy Palmer for the Pier at Victoria, Crapaud, Queen's County.

## I. O. G. Templars.

The Grand Lodge of the above order met in annual session on Tuesday, the 14th inst., in Scott's Hall, Charlottetown. The Hon. J. B. Finch occupied the chair and opened the proceedings with the usual opening service. A large number of delegates and visitors were admitted and initiated into the Grand Lodge degree, after which the G. W. C., J. C. Underhay and G. W. S., J. A. Lawson, read their reports which were submitted to the several committees to report thereon. In the afternoon the committees reported the Grand Lodge to be in a flourishing condition, numerically and financially. After discussion on these reports and plans for organization and attack on the rum traffic adopted, the following officers were elected for the ensuing year, and installed by R. W. G. Templar, J. B. Finch, viz:—

- J. A. Lawson—G. W. C. Templar.
- Rev. E. Bell—G. W. Conncillor.
- Isabella Gillis—G. W. Vice.

- R. Smallwood—G. W. Treasurer.
- Amias Akerman—Superintendent Juvenile Templars.
- W. H. Lord—Grand Chaplain.
- H. D. McEwen—Grand Marshall.
- Wm Kaeen—Grand Guard.

J. C. Underhay—P. G. W. C. Templar.  
Rev. A. H. Lavers—Representative to R. W. G. Lodge.  
J. A. Lawson—Alternate.

It was resolved to send to each subordinate Lodge 10 copies of Hon. J. B. Finch's work entitled "The People on the Liquor Traffic," and "The Templar at work," with a monthly paper "The Good Templar," for a year, all free of charge. The Good Templar was adopted as the organ of our Grand Lodge on this Island. It was also resolved to ask each Good Templar to help the Grand Lodge to send our lectures and literature to support the battle for our country, our loved ones and our homes, and arrangements were made for this purpose.

A resolution having been passed unanimously in the Grand Lodge of Nova Scotia, at its recent session at Amherst, to the following effect, viz:—That this Grand Lodge, representing over 6,000 members, will not support the candidature of any man, whether he be Liberal or Liberal-Conservative, either for the Local or Dominion Parliaments, if he does not support the Canada Temperance Act, and ultimately go for prohibition; and failing in getting a man to support their views in any county, then this Grand Lodge will support a third party man. This was adopted and endorsed by our Grand Lodge.

It was agreed to hold the semi-annual session at Summerside, on the fourth Tuesday of January, 1886.

## Mr. Blake's Friend.

J. E. Brown writes to the Toronto Mail as follows:—  
SIR,—In reply to the notes and comments of the parliamentary news in the Globe of to-day and the past few days, I ask the liberty of stating a few facts on my own behalf through the medium of your columns. Mr. Blake's Toronto friends and others were the first who led me to believe that there was money to be made out of the information I possessed concerning the North West troubles and their causes. They went so far as to promise me \$1,200 on producing it in writing (which I had done at an expense of \$15) conditionally on my taking an oath of secrecy. But through some cause or other they afterwards backed down, as they found my price would not be lowered.

As to my personal appearance, Mr. Blake's confidential friend doubtless would not have looked any better than I did had he come through what I had done with my Indian, after losing what I might say was my all, gained by fourteen years' hardship spent on the brink of civilization.

Mr. Small did not take me and my Indian to Ottawa, nor did I know Mr. Small until after my visit there. The rest of the confidential friend's letter is a pack of surmises made out of what he vainly tried to draw from me.  
As for my being a "dead beat," I have worked hard for my living, which I can show from testimonials from Grits and Conservatives, surveyors and others. My Indian was never on exhibition on King street. The public have a right to know that I have never received any of their money without having rendered honest service for it.

Mr. Blake's confidential friend is a better judge of whiskey than of solid facts.  
Yours, etc.,  
J. E. BROWN.  
Toronto, July 13, 1885.

Live Lobsters for England.  
Says the Chatham World: The experiment of sending live lobsters to England will be tried at this trip of the S. S. Clifton. Tanks have been built, which will be kept supplied with salt water, and in them will be placed five hundred lobsters. The steamer will stop off the Magnet Lobster Factory, Ecumina, on her way out of the river, and take on the lobsters. The only danger apprehended is that the warm water of the Gulf Stream will kill the crustaceans. Should the lobsters reach England alive a big business will be done in future.  
A letter from Askabad, dated July 4, says the garrison there consists of 4,000 foot and 1,000 horse, with ample ammunition and provisions. The Tekke Turcomans are unarmed, and appear to be dissatisfied with Russian rule.
