NEW YORK

NEW YORK (AP)—Shocked by the death of President Kennedy, the stock market Friday took its worst loss since "black Monday," May 28, 1962.

The New York Stock Exchange and other stock exchanges throughout the country were shut down shortly after news came that the president had been shot.

In a short half hour—between the first news of the shooting and the order to stop trading—stocks erased gains made in a vigorous rally and sank swiftly.

Big losses were taken by many blue chips. American Telephone fell 7c to 130, Radio Corp. 5½ to 85, General Motors 2¼ to 74¾ and U.S. steel 4⅜ to 45¼.

Even before the "big board" ordered trading suspended, dealings were halted in many of the higher-priced and more volatile issues. This is a usual and frequent occurrence when a preponderance of orders, either to buy or sell, cannot be matched immediately by exchange officials.

The result, however, was that some of these issues still showed gains on the day, having retreated from their best prices but remained in plus territory.

TAPE RUNS BEHIND

The Dow Jones industrial average dropped 21.16 to 711.48, its greatest loss since May 28, 1962 when it lost 34.95 in the worst plunge since 1929.

The ticker tape ran 27 minutes behind transactions in the wave of selling that followed news of the assassination.

The Associated Press average of 60 stocks fell 7.2 to 268.3.

This also was the greatest loss since "black Monday" when the AP average sank 13.4.

An estimated $10,500,000,000 was sworn from the quoted value of stocks listed on the New York exchange, based on the decline in the AP average.

Despite the heavy trading total volume was only 5,630,000 shares—but the length of the session was cut to four hours and 10 minutes from the usual 5½ hours. Volume Thursday was 5,700,000.

Chrysler was the most active stock, off 2¾ at 78¾ on 230,900 shares.

Among Canadian issues traded Canadian Pacific lost 1¾, Distillers Seagrams 1½, Dome Mines ½, Granby Mining and Walker Goederham each ¼. International Nickel added ¼, McIntyre Porcupine ¾.

Prices declined sharply on the American Stock Exchange where Canadian Javelin lost 1⅝, Scurry Rainbow Oil 3, Brazilian Traction ⅛ and Molybdenite 1-16. Canadian Marconi and Jupiter Corp. added ¼.
