

THOMAS J. SWIFT
Thomas J. Swift, Arts, was born in Minto, New Brunswick, May 1, 1935. In quantity he represents one hundred and eighty pounds of S.D.U. cooking spread over a five foot, eleven inch frame. In quality, however, he is a keen student of human nature; astute judge of character; prolific letter writer; inveterate chain smoker; easy-going to the point of indolence; excessively tolerant, patient, and long suffering; frequently subject to moods brought on by unique personal problems.
His favorite posture is flat on his back for any of a number of reasons. His most outstanding habit is that of writing detailed notes to himself. He takes an active interest in intramural sports, especially softball; was a spirited member in the Glee Club choir, reaching the presidency in his senior year; Athletics Editor of the Red and White; member of the College Choir, and occasional participant with the French Choir.
Generally he has proved a rabid baseball fan, and preyed analyst of the major-league scene; has rapidly acquired a taste for classical music to season his regular diet of Latin tempo. Wears well the milling marks of the academic machine, and certainly will cut no mean swath in the civil service, the business world, or the teaching profession.

WILLIAM TRAINOR
On December 23, 1936, a most surprising and delightful Christmas present arrived a few days early in the home of Mr. and Mrs. G. William Trainor when the gleaming eyes of a son, John William, first opened to survey this interesting world. After successfully completing his primary education at Albany Village School Bill entered our beloved college in the fall of 1952.
During that first year he proved his ability as a student by successfully completing his two years of high school work in one. Since then Bill has proven himself to be a hard worker and above all a Christian gentleman. His abilities merited for him certain responsibilities which he readily accepted.
He served as secretary-treasurer of the Students' Mission Society during 1954-55; last year he held the position of assistant business manager of Red and White; this year he assumed the administrative burden of Red and White as business manager and was also a member of the Executive of the Students' Union.
Besides fulfilling these important positions he accepted many minor duties which came his way, and in recognition of his dedicated effort while in college his classmates saw fit to elect him Life Secretary of his class. In leaving our college Bill carries with him the best wishes of all.

BERNARD EARL WALSH
"Bernie" was born in Georgetown on July 27, 1935. He received his primary education at Georgetown High School. He completed High School at Saint Dunstan's and entered Freshman Arts in the fall of the same year.
In his years at Saint Dunstan's he has taken part in many college activities both curricular and extra-curricular. Besides being a keen student, Bernie participated in such intramural sports as hockey, basketball, softball, and rugby. He was a competent member of the executive of the Amateur Athletic Association, and is unique in being the manager of the last Intercollegiate Rugby squad to represent the College prior to the initiation of Canadian football. He joined the University Naval Training Division in 1954, completed three years of training successfully, and will, in return for his services receive his commission in the Royal Canadian Navy Reserve in May of this year.
A combination of a good dry wit, good sportsmanship, and wisdom has won for him many friends and has facilitated his task of acquiring a good Christian education.

Confidence In Another Boom Sends Stocks Up

By SAM DAWSON
NEW YORK (AP) — Sentiment flowers quickly in Wall Street. The abrupt change from fears of a recession to confidence that the present sideways movement of the economy will be followed by another boom—and more inflation—has sent the stock price average hovering near its high for the year.

Sentiment changed when it became evident (1) that things weren't turning out as badly as expected and (2) that inflationary forces were still strong. Here are some of the factors in the first category:
Earnings for the first three months of this year were good for more than half of the companies reporting. And this pleased Wall Street in spite of warnings by some of the profit parade leaders—that the upswing might not hold.
Retail trade dollar volume in the first four months held higher than a year ago, even if largely because of price increases.

NOTABLE SHIFTS
There were notable shifts in consumer buying interest from one type of product to another, but there was little sign that the consumer was holding back on spending the money he had. This helped keep over-all industrial output stable. Recessions in certain industries were offset by strength in others.
This seeming evidence of the continuation of the rolling adjustment pattern which has characterized the post-war period convinced the bulls that this business phase would take the shape of the ones before—a breather followed by a new boom.
The inflationary side of the shift in sentiment reveals itself in these facts and expectations:
The cost of living has continued climbing month after month. This has convinced some people that the U.S. can expect a two or three per cent rise in prices each year. This belief feeds the first of speculation in the market.
Interest rates hold high or edge higher. To the bulls this indicates that the demand for funds for expansion is unabated.

SUMMER ALMOST HERE
Summer's almost here and many teen-age boys will be out shopping for their summer outfits.
The Hi Fi Junior Hi "Y" decided to kill two birds with one stone by presenting for the first time in the City of Charlottetown a male fashion show, in order to help the boys choose an outfit for the summer and also raise funds for Hungarian Relief.
The Club held their show in the banquet hall of the Y.M.C.A. presenting six showings from 2:30 until 6:00 p.m.
David MacPherson, one of the nine models, models a Cabana set consisting of Boxer trunks, appropriate for swimming, and a matching shirt which makes the outfit ideal for sports wear.

Wins Special Award In Painting Competition

Randolph Manning, of Charlottetown, was awarded a BA Oil Co. special award for stylized or abstract design indigenous to Canada when he exhibited a group of blue heron at the First National Competitive Exhibition of Wood Carving and Metal Work, held last week at St. John, N.B. Apart from the blue heron chosen as prize winner in the woodcraft field, Mr. Manning also exhibited an abstract mountain goat and a hand-carved mountain goat.
The majority of Canadian provinces were represented at the

Red Shield Special Names Canvass Will Begin Today

With a contagious enthusiasm that speaks well for a quick and vigorous coverage in the special names division of the Red Shield Salvation Army campaign, the committee members picked up their quotas in record time last night.
L.D. MacKay, city chairman presided at the "kick-off" meeting at the Charlottetown Hotel when members of the eighteen special names committees took approval mainly twenty cards each and signified their intention to clean up their commitments by Friday night.

Addressed Baptist Men's Supper Meeting

The final monthly supper meeting for the season of the Baptist Men's Association was held last evening in the Church Lower Hall. The delicious supper put on by the Women's Dorcas Group of the church caused deep regret among the men that it was the last such supper until the fall season. A short sing-song followed the repast after which the regular business of the meeting was transacted.
It was with considerable trepidation that the Men's Association accepted the challenge of the Young People's Group for a series of soft ball games.
The high light of the meeting was an address by Mr. Heath MacQuarrie, M.A. Democracy and what it stands for was his subject. Mr. MacQuarrie is a gifted public speaker and held his audience spellbound as he outlined the dangers that could beset a democratic form of government both from within and without and explained how those dangers could be met and thwarted by the common people. All left the meeting feeling they had been both enriched and enlightened by Mr. MacQuarrie's deeply thought out address. Rev. Mr. Milton dismissed the gathering with the benediction.

Proceeding In Magistrate's Court

Four accused, charged with failing to register a motor vehicle in the current year, were each fined \$5.00 and costs by Magistrate Gilbert Gaudet in Queen's County Magistrate's Court yesterday morning. Two persons were represented by the Magistrate for failing to have 1957 license plates exposed to view, as required by law. Charged with failing to stop at a stop sign, an accused was convicted and fined \$5.00 and costs, a similar fine being imposed upon a person convicted for operating a motor vehicle without a driver's license.
An accused charged with taking a motor vehicle without the consent of the owner was further remanded to May 10th, and a person charged with driving while intoxicated was remanded to May 8th.

Minesweeper Due At Halifax Today

HALIFAX (CP) — The Bay class minesweeper Comox, which has been stationed on the west coast for three years and now is being transferred to the Atlantic command, arrives here today.
The Comox left Esquimalt, B.C. April 4 and sailed through the Panama Canal. She is commanded by Lt.-Cmdr. P. H. Hinton of Victoria.

Multiple Sclerosis Executive Group Met

An executive meeting of the Prince Edward Island Chapter of the Multiple Sclerosis Society of Canada was held on Saturday evening April 27th with Mrs. George Reynolds in the chair. All members of the executive were in attendance.
Mrs. Robert Norton, Secretary-Treasurer, read the minutes of the executive meeting held on March 9th and gave the treasurer's report. Mrs. Stewart MacKay, Chairman of the Membership Committee, reported five new members. Mrs. Alfred Weatherbie, Chairman of the Ways and Means Committee, reported \$17.60 received from a bridge party held in March.
Mr. J.M. McDuff, Chairman of the Educational Committee, who had been appointed to ex-

plure the possibilities of holding a Tag Day in the Fall, reported the City has granted the P.E.I. Chapter permission to hold a Tag Day on Friday, September 13th.
Since this meeting Mr. D.K. Inwood, President of the Multiple Sclerosis Society of Canada, met with the executive of the Island Chapter and spoke on research projects being carried out in Canada, the United States and other countries.
The annual meeting is to be held Monday, May 27th. Time and place to be announced through press and by radio.
