SICKNESS IN THE COUNTRY.—We regret to learn that much sickness prevails in some of the country districts, and that, on account of the heavy snowstorms of the past week, it is almost impossible to secure medical aid. In order to obtain medicine for a sick child, a young man named Edward Ready walked from Tracadie to Charlottetown yesterday, a distance of about fifteen miles. The greater part of the road was unbroken, and Mr. Ready was pretty well fatigued after his long tramp. He will return by train to-day.

WAS WELL KNOWN HERE.—The Gloucester fishing schooner Clara F. Friend, the loss of which with her crew of sixteen men was chronicled in our telegraphic despatches of yesterday, was well known here. She was captured by a British man-of-war, a number of years ago, for fishing within the three-mile limit, and towed into this port, where she was stripped, her sails stowed on board, and put in charge of two watchmen. One night shortly afterwards her former crew boarded her and compelled the watchmen to help them bend the sails on the vessel. They then put to sea, after landing the watchmen on St. Peter's Island. She was recaptured a couple of days afterwards and towed back to Charlottetown, where the crew were tried in the police court. The affair caused a great deal of excitement in this city at the time.

MOVEMENTS OF THE TRAINS.—The railway authorities are doing all in their power to open up communication with all points along the line, and, barring accidents, they expect to have the track all opened up this afternoon. All day yesterday and throughout last night the men battled with the drifts,—but the snow was packed hard, and their progress was necessarily slow. The train that left Summerside early yesterday morning was out all night fighting the snow, and only reached Charlottetown at 1.30 this afternoon. The train that left here yesterday morning did not get through to Wiltshire until 10 o'clock this morning. The train that left Georgetown yesterday morning arrived at Peake's Station about 11 this forenoon; but had not reported at Mount Stewart up to two o'clock this afternoon. The train from Cape Traverse was within two miles of Emerald at 2 this afternoon, and it was expected it would get through in a short time. The train that left Souris yesterday morning got to Mount Stewart at 11.30 last night, and left there for Charlottetown this morning, arriving about one o'clock this afternoon. The train that left Tignish yesterday morning was out all night struggling to get through, and only reached Alberton at 4 o'clock this morning. It had not reported at Port Hill up to 2 o'clock this afternoon. It is expected that there will not be much difficulty in opening the road between O'Leary and Summerside. This afternoon trains will leave Charlottetown for Summerside, Cape Traverse, Souris and Georgetown.

THE WEATHER.—Moderate to fresh northwesterly to westerly winds; generally fair; not much change in temperature.

CITY FATHERS IN SESSION.

What Was Done at the Council Meeting Held Last Night.

THE regular monthly meeting of the City Council was held last evening, Mayor Dawson presiding. There was a full attendance of members.

The minutes of the previous meeting were read and approved.

Councillor Hooper reported that Edward Flynn had made the required repairs to the building which he occupied, and the lease under which a reduction in his rent was made had been signed by him. He moved that the Mayor sign said lease on behalf of the city. The motion carried.

A petition from John McCourt, attached to which were the names of several citizens, was read. The petition stated that Mr. McCourt had been in the employ of the city for twenty-five years as teamster and laborer on the streets, but was now incapacitated by rheumatics and old age, and asked that his son Matthew be given the same employment by the corporation. Laid on the table.

The auditors presented a list of defaulters in city taxes for the years 1878, 1879 and 1880.

A number of bills were then disposed of. A bill of $19.25 from Prowse Bros., for caps for the policemen was referred to the Finance Committee to report upon at next meeting. The bill of $19 from A. Fraser, for painting carts was referred to the Finance Committee with power to settle if they deem advisable.

On motion of Councillor Haszard, E. Davy, A. D. Martin and P. O'Callaghan were re-appointed assessors for the ensuing three years at the same pay as before, viz., $300 for the first year and $150 for the second and third years.

Councillor Haszard reported that the work of the City Auditors had been materially increased by including in their audit the books of the City School Board and the Police Court, and moved that they be each paid $12.50 additional for the extra work performed, which would make the sum of $87.50 each for the current year. Carried.

Councillor Tanton then submitted the following resolution, which was seconded by Councillor McCarron and carried unanimously:

Resolved, That the necessary steps be taken to secure the re-establishment of the City Small Debt Court, and that this Council memorialize the Dominion Government praying for the appointment of a judge for said Court to fill the vacancy created by the resignation of His Honor Judge Fitzgerald.

Mayor Dawson said he had been in correspondence with the Minister of Justice respecting this matter for several weeks.

Councillor Tanton then read the following resolution:

Whereas, It has come to the knowledge of this Council that officer Bradley of the Charlottetown Police Force, entered the Second Methodist Church of this city on the 18th of Jan. last, during Divine Service and arrested a member of the congregation under the authority of a document in a civil action for damages, issued out of a court not connected immediately with the judicial system of this city; and

Whereas, Such arrest under the circumstances as related, was uncalled for, unnecessary, and highly reprehensible.

Resolved, That this unwarrantable impropriety incurs and receives the severest censure from this Council as the representatives of the people; and that the matter be referred to the Stipendiary Magistrate to be further dealt with.

Councillor Taylor seconded the motion, After some discussion the resolution was referred to the Mayor and Stipendiary Magistrate in order that they should enquire into the matter and report upon the same at next night of meeting.

The matter of the consolidation of the city bye-laws, etc, then came up, and Mayor Dawson submitted the following letter from His Honor the Recorder:

To the Chairman and Members of the Finance Committee:—

DEAR SIRS,—In answer to your application to me regarding the consolidation of the city bye-laws and Acts of Incorporation and its amendments, I beg to say that as Recorder of this city the labor of revising the city bye-laws, etc., is in no way part of my duty. On referring to the cost of revision of 1879, I find that there was paid the then Recorder and Stipendiary Magistrate the sum of $500 for consolidating and revising the bye-laws and $150 for consolidating the Statues or Act of Incorporation; in all the sum of $650 exclusive of the cost of printing.

If the work is gone on with I will be prepared to do it for the sum of $250 for the bye-laws and $75 additional for the Statutes or Act of Incorporation. This sum considering the work to be performed, I think is a reasonable one. As the consolidation however, will now require the re-enactment of many of the bye-laws and as the Statute or Act of Incorporation requires that all bye-laws enacted or re-enacted shall be published for at least two weeks in two newspapers published in Charlottetown, the cost of newspaper publication will be very considerable unless the necessity of this publication is in some way avoided. I would, therefore, suggest that if possible an amendmend to the Statute be passed repealing the provision requiring the publication as above.

I would also suggest that a committee be appointed to confer with me in the matter in order that I may point out the nature of the work to be done, if entered upon, and make necessary arrangements concerning the same,

I am, Gentlemen,
Yours truly,
F. L. HASZARD,
Recorder.

Considerable discussion took place on the subject matter of this letter, but no action was taken.

Councillor Hughes moved that the resolution passed last meeting respecting the telephone to the residence of the Stipendiary Magistrate be reconsidered. Councillor Fennel seconded the motion, which was carried.

Councillor Hughes then moved that the Council considers it advisable to retain the telephone to the residence of the Stipendiary Magistrate. Seconded by Councillor Fennel. The motion carried on a division of five to three, those opposing it being McCarron, Douse and Tanton.

Councillor Tanton said he did not believe in making "fish of one and flesh of another," and moved that the Council provide a telephone for the Mayor on the same basis as the telephone is furnished the Magistrate. Councillor Hooper seconded the motion. The Council divided four to four, and the Mayor gave his casting vote against the resolution, saying that he preferred to pay for his own telephone.

Councillor Haszard moved that the Street Committee be authorized to ask for plans and specifications for constructing the proposed roadway to the park. Councillor Hughes seconded the motion.

Councillor Taylor moved in amendment that the words "Street Committee" in the resolution be struck out and "Public Property Committee" be inserted instead. Councillor Hooper seconded the motion.

The amendment carried.

The matter of the drain on Water Street, near John Bolger's residence, was again brought up, and Mr. Edward Praught and Mr. Bolger addressed the assembled wisdom in respect thereto.

Mayor Dawson thought it was time some definite action was taken in this matter. Whatever can be done should be done at the earliest opportunity, and if no action is to be taken then let the fact be known.

The Council then adjourned sine die.

ISLANDERS MARRIED.—A Boston correspondent writes: A very interesting ceremony took place at St. Thomas' Church, Jamaica Plains, on Wednesday, Jan. 16th, in which Mr. Felix Martin and Mary Jane Leonard were united in matrimony. The nuptial knot was tied by the Rev. Father Connolly. After the ceremony, the couple repaired to the residence of Mr. J. H. Kelly, where a sumptuous repast was served by the kind hostess. Vocal and instrumental music was finely rendered by members of the party. After the singing of the Wedding Bells, the party broke up, having passed a most enjoyable evening.

SUN, MOON AND STARS.—The Rev. William Hamlyn delivered an interesting and instructive lecture on "The Sun, Moon and Stars," in St. Paul's Schoolroom last night. After the lecture Dr. Leeming gave an interesting address on the cause and nature of the tides.

A PUBLIC ENTERTAINMENT and Pie Social, under the auspices of Victoria Division, S. of T., will be held in Wright's Hall, Prince Street, on Monday evening next, 18th inst., at 7.30. Admission, 10 cents. Persons bringing pies admitted free. The public are cordially invited.—G. G. Jury, Chairman of Committee.
