### DISCIPLINARY ACTION MAY BE TAKEN

(A.P. By Guardian's Special Wire)  
Recent Speech of Father Coughlin Caused "Painful Impression" At the Vatican.

VATICAN CITY, July 23—Possible disciplinary action against Father Charles E. Coughlin in connection with his political activities tonight awaited the arrival in Rome of Bishop Michael Gallagher of Detroit.

The Detroit priest's recent speech in which he called President Roosevelt "a liar" caused a "painful impression" at the Vatican, a high American prelate said.

Action by Pope Pius, however, will not be taken until report is made by Bishop Gallagher, Father Coughlin's ecclesiastical superior, now on his way to the Vatican.

(Bishop Gallagher in an interview in New York when he left July 13 for Vatican City declared: "any statement that I have rebuked or do rebuke Father Coughlin is an exaggeration.")

"It is simply that I do not approve of his methods of expressing himself. He is entitled to his own opinion."

The Bishop's remarks were prompted by the priest's reference to President Roosevelt as "a liar and betrayer" at the Townsend convention the previous week in Cleveland.

(The prelate added in the interview that he would not discuss Father Coughlin at the Vatican unless the subject was brought up by others.)

### Seek Owner Of Mystery Plane, Ray Cormier

(C.P. By Guardian's Special Wire)  
MONTREAL, July 23.—Ray Cormier of Woonsocket, R. I. was named in court today as the owner of a mystery plane which police claim has been used to smuggle more than \$1,000,000 worth of liquor into Canada from the United States.

Robert Reining, chief registrar of the Alcomerce Department in Washington, testifying at the preliminary hearing of Samuel Cyroos and Ernest Lavole, charged with conspiring to smuggle liquor into Canada and defrauding the Dominion government of excise duties, named Cormier as the plane's owner.

Cormier is still sought by police as a member of the smuggling ring which police said has been operating between the United States and Canada within the past year. The plane was seized last week-end and Cyroos and Lavole arrested. They were ordered held for voluntary statement July 29 at today's hearing.

It was Cormier's plane, police said, that landed at Holmes airport in Jackson Heights, N. Y. May 17, and took off a few minutes later after its pilot struck an officer of the New York air police when the officer questioned the plane's credentials.

Patrolman Otto Kafka testified he was the officer who was struck down and said he succeeded in getting the number of the plane and sent it to Washington to be identified.

### Duff - Cooper Sees Threatening Situation

LONDON, July 23.—Alfred Duff Cooper, Secretary for War, said today "terrible events are threatening the civilization of Europe, but our ties with the United States give us abiding faith."

He was addressing a pilgrim's luncheon honoring United States Secretary of Commerce Daniel C. Roper and Treasurer W. W. Julian.

"We do not need a treaty of friendship with the United States," said Duff Cooper. "Man does not make a treaty with his brothers."

### Scene Of Civil War

The "Rightist" revolution which started in Spanish Morocco spread to the Montana army barracks at Madrid, the rebels reportedly surrendering after a four-hour bombardment. Virtually in control of all Spanish Morocco, military rebels landed in Spain, and were met by armed volunteer African forces, according to a government statement, were landed at Algeiras through the treason of the commander of the warship Churrucua. The map shows the scene of the strife.

### Re-occupy San Sebastian

By Elmer W. Peterson, Associated Press Foreign Staff (By Guardian's Special Wire)  
HENDAYE, July 23.—Government forces were reported tonight to have re-occupied the resort town of San Sebastian after a battle which lasted all day.

Refugees who fled over the border said the rebels were barricaded in the Casino which has been under bombardment since eight A. M. Many of the Fascist insurgents were killed and wounded, the refugees declared.

A Spanish government cruiser shelled the Marie-Christine hotel in San Sebastian all morning, the refugees reported.

A Spanish official on the frontier said General Emilio Mola, northern rebel commander, was in the Gorges in the Sierra Guadarrama mountains with 5,000 men only 20 miles from Madrid.

### The Scroll Of Valor

BY W. W. MURRAY

—PILGRIMS ARRIVE—

Tomorrow Canada's 6,000 pilgrims to Vimy Ridge will disembark at Le Harve, France, and Antwerp, Belgium. From these ports they will proceed direct to areas around Arras and Lille prior to eventual distribution over scores of battle-grounds where Canadian memories of 20 years ago still linger.

Spread all over this region are evidences of Canadian heroism. They will recall how Lieut. F. W. Campbell of the 1st (Western Ontario) Battalion was posthumously awarded the Victoria Cross in resisting the German counter-attack at Givenchy, in June 1916.

How Corporal Joseph Kaeble, 22nd (Sierra-Canadian) Battalion died at Neuville Vitasse, his last words—"We must stop them"; how Lieut. G. M. Flower of Lord Strathcona's Horse led the charge at Moreuil Wood, in an action that saved Amiens from falling into German hands in March, 1918.

The memories of those heroes hover above the land in which they gave their lives. Lieut. H. Strachan led the mad ride of the Fort Garry Horse far behind the enemy lines at Cambrai in November, 1917; Lieut. F. M. W. Harvey, in the German retreat to the Hindenburg Line in March, 1917, routed the enemy from the village of Pontaine and for his pains was arrested by his French allies; Lieut. C. B. McKean of the 14th (Montreal) Battalion performed deeds of great valor at Gavrelle, north-east of Arras in a raiding operation in April, 1918.

Sixty-one Canadians won the Victoria Cross while serving with the Canadian forces during the Great War. But also where Canadian valor was also to the forefront. Major W. A. Bishop, Captain W. G. Barker and Lieut. A. A. McLeod were awarded this coveted emblem of bravery in the R-34 Flying Corps. In the Imperial forces Canadians who distinguished themselves to such an extent that the Victoria Cross was conferred on them were Lieut. Col. P. E. Bent of Halifax, the 9th Leicestershire Regt., Capt. W. N. Stone of Toronto, the 17th Royal Fusiliers; Lieut. R. E. Grutchebank of Winnipeg, the London Scottish (in Palestine) and Lieut. Roland Burke of Nelson, B. C., at Zebrugge. Capt. R. N. Stuart of the "Hush Ships" was born in London; but his parents were Prince Edward Islanders.

### GOV. LANDON ACCEPTS NOMINATION

Republican Candidate Outlines Policies On Which He Will Combat The New Deal.

(A.P. By Guardian's Special Wire)  
TOPEKA, July 23.—Governor Alf M. Landon received on an end to "this fumbling with recovery" as he accepted the Republican nomination for the United States presidency tonight and promised "to unshackle initiative and free the spirit of American enterprise" for business and employment expansion.

In terse sentences, sketching in broad outline the policies on which he will battle the new deal for voters at November's polls, Landon voted a farm plan embracing cash benefit payments.

With respect to foreign affairs he declared "we shall join in no plan that would take from us that independence of judgment which has made the United States a power for good in the world. We shall join in no plan that might involve us in a war in the beginning of which we had no part, or that would build a false peace on the foundation of armed camps."

He said "those in need of relief will get it," declared for economy in government spending and a lighter tax burden, and turning to the constitution said:

"It is to my belief that the constitution is above change. But change must come through the people and not through usurpation. We propose to maintain the constitutional balance of power between the states and the federal government to restore and maintain a free competitive system."

The Republican candidate spoke to massed thousands from the steps of the Kansas capitol after Bertrand Snell, Republican member of the House of Representatives

### Would Abolish Quebec Legislative Council

(C. P. By Guardian's Special Wire)  
MONTREAL, Que., July 23.—Union Nationale, if elected to office in the August provincial elections, would abolish Quebec's Legislative Council and replace it by an economic body composed of the best brains in the province, Maurice Duplessis, Union Nationale leader, said here tonight.

Political affiliations would play no part in the appointment of the economic body, he said. He also promised present members of the Workmen's Compensation Board would be replaced as soon as his party was elected.

"I will retire from public life if I am unable to prove that the scandal revealed before the public accounts committee of the Quebec Legislature concerning administration of the province was but a fraction of what has been going on for the past 13 years," he told the gathering in favor of Hon. Onesime Gagnon, Union Nationale candidate in Matane County and Minister without portfolio in the Bennett Cabinet.

### Rebels Heed Warning Re Bombing Of Gibraltar

(A. P. by Guardian's Special Wire)  
GIBRALTAR, July 23.—Spanish Fascists, whose warplanes sent steel splinters whistling into Gibraltar, accepted tonight a British warning to prevent further damage on the gateway rock.

British officials said they had received a "most satisfactory" reply to their warning from General Francisco Franco, commander of the military rebels. The exact nature of the reply was not disclosed.

Acceptance of the ultimatum came after British naval guns had boomed a "warning" volley from H. M. S. Wild Swan to Spanish rebel planes off Tarifa, Spain. British officials warned the Fascist leader they must cease their "deliberate and irresponsible bombing of the shipping straits."

A short time later rebel warships anchored off the British territory departed for an unannounced destination.

The British, backed by the French, protested Fascist bombing of loyal warships anchored near the Mediterranean gateway during which extensive damage was caused on the rock yesterday.

Gibraltar still teemed with thousands of refugees who fled the area around La Linea bringing reports of a threat of serious epidemic in the Spanish Fascist stronghold.

(A second British destroyer, the Whitehall, routed a rebel Spanish plane during a bombardment of the British steamer transporting fuel oil to loyal Spanish cruisers in Tangier harbor.

(The steamer, first identified as the Gibel Dris, was later believed to be the Gibel Dersa of the Bland Line.)

(Havas news agency reports stated that two bombs fell near the British steamship Ophir in the Straits of Gibraltar and that the destroyer Shamrock was hit by fragments from bombs exploding nearby.

The British ship Chitral also had a narrow escape from bombs these reports said.

### Rebels Withdraw In All Parts Of Spain, Is Report

Peasants Join Loyal Forces In Catalonia—Cordoba Surrenders.

(By Alexander H. Uhl, Associated Press Staff Writer)  
(A. P. By Guardian's Special Wire)  
MADRID, July 24.—(Friday)—The Spanish government, harassed by rebels in both north and south, claimed in an early morning broadcast today the revolt was "withdrawing in all parts of Spain" and that "every hour brings a new victory."

The announcement followed shortly on reports that battalions of armed civilians, thrusting out in two directions, had won a smashing government victory over rebel troops of General Emilio Mola.

The Liberal government, in its radio broadcast, asserted rebels at Zaragoza, in northeastern Spain, had undergone a heavy bombardment and that Lieut.-Col. Sando, commander of the loyal airforce at Barcelona, had led a squadron in bombing revolters and destroying one of their planes.

The announcement said thousands of peasants in Catalonia, the semi-autonomous northeastern region, were joining loyal forces which were moving against the rebels, accompanied by civil guard shock troops.

Calling the week-old fight "the bloodiest civil war in which the country was ever plunged," the government claimed its position was "very satisfactory to the cause of the republic."

It denied reports that the cathedral at Seville had been destroyed. The government forces moving against General Mola's troops drove deep into the Fascist ranks near Burgo, said reports from So-mo Sierra in northern Spain.

The rebels retreated in confusion, leaving many casualties on the ground, the advices declared. Behind them, the Fascists left severed telephone and telegraph lines.

A second battalion — another army of armed workers commanded by civil guards — sent its advance guards into the southern area against another rebel leader, General Guiepo de Liano.

Government leaders declared Cordoba, in the south, had surrendered after a fierce attack by loyal troops.

In addition, officials asserted, rebels in Guadalupe were being dispersed in confusion as Colonel Mangada moved toward Segovia with a powerful government force.

Coordinated information collected by the Liberal commanders in the capital declared the government dominated the area from Guadalupe north to the summit of the Sierra Guadarrama range in a line with Burgos and Avila and southward to Toledo. In addition, the declarations said, the Liberals hold control of the northeastern city of Barcelona and westward to Llerena together with the Mediterranean coast southward to Malaga.

New forces are pushing toward Zaragoza, Segovia, and Salamanca in the north and against rebel forces in Seville, Albacete, Cadiz and Algeiras in the south.

The reports from the north said 400 rebel prisoners had been taken during the encounters in Burgos province, approximately half way between Madrid and San Sebastian.

### CAN. OFFICIAL PARTY IN BRUSSELS

BRUSSELS, Belgium, July 23.—Belgium's capital greeted Canada today as the Canadian Legion's official party, fore-runners of 6,000 pilgrims to the Vimy memorial dedication next Sunday, came here in the course of a tour of scenes familiar 20 years ago.

Inspiration to the allied armies of King Albert's courage in war days was the theme of Brig. Gen. Alex Ross of Yorkton, Sask., President of the Legion, as he responded to the welcome.

Belgium was the scene of the first important task which had devolved upon the untired troops of Canada in April, 1915, said General Ross. As a consequence Ypres and therefore Belgium, would ever hold a large place in the hearts
