

Mission Father Visiting Here From Basutoland

Visiting Charlottetown at present is the Rev. Odillon Chevrier, of the Roman Catholic order of Oblates of St. Mary Immaculate, who since 1923 has been active in missionary and educational labours in Basutoland, South Africa. A native of Ontario, Father Chevrier is enjoying his second leave home in that long period.

CENTRAL GUARDIAN

This column is reserved for news of local interest, but advertising of a newsy nature may be inserted at five cents a word, strictly payable in advance.

PERSONALS
Mrs. Pearl White, Waltham, Mass., is visiting the Island and is stopping at the Charlottetown.

Friends of Mrs. Richard Hennessy, R.N., will regret to learn that she has entered the Charlottetown Hospital to undergo an operation.

Mr. and Mrs. Alban Murphy and children, Leo Frances, and Bernard, of this city, spent a very pleasant holiday in Norwood, Mass., the guests of Mr. Murphy's mother, sister and brother and families.

Mr. R. T. MacDonald, who entered the Charlottetown Hospital on Thursday, is reported as resting fairly well. He is being cared for by his daughter Miss Betty MacDonald, R. N.

Mr. and Mrs. Wallace MacKay, Stanley Bridge, left Thursday morning with their son-in-law, Dr. E. S. Ebers, Conn., U.S. for Boston, Mass., where they will visit their daughter, Florence, also Mr. MacKay's sister, Mrs. Kirkpatrick.

Masters George Hiscott and Lawson Bigger, Stanley Bridge, have returned home after visiting Magnetic Hill and other places of interest in New Brunswick. The boys made the trip on their bikes, and took a small tent with them for sleeping accommodation.

FATALITY AT CAVENDISH
Continued from page 1
and arrived here on the late train last night.

From Winnipeg
Mr. Smith came to Moncton from Winnipeg two decades ago to assume leadership of the express system in the Atlantic Provinces. While there he became well known and took an active part in church and community affairs. A prominent Rotarian, he was for a time an officer of the Moncton Rotary Club.

He was a member of St. John's United Church in Moncton. Mr. Smith left Moncton about six years ago to assume the general management of the Canadian National Express. For a time he also directed the Trans-Atlantic Express Services of Trans-Canada.

Island Seamen Played Part In Action On Assiniboine

The heroic wartime service of H.M.C.S. Assiniboine, now awaiting breaking up, told in The Guardian yesterday, has recalled many memories to men who sailed the Atlantic in the veteran.

Although she fought many hard battles with the enemy, the action in September, 1942 when she made her first "kill" of a Nazi U-boat was probably her greatest single effort. At that time the action was at such close quarters that the guns could not be brought to bear on the submarine. The opposing gallies were only a few feet apart.

What aided the Canadians most was the action of L. S. Earl Costello of Montreal on the 5.7 gun when single-handed he prevented the Germans from getting to their main gun from the conning tower. L. S. Costello shot five of them in quick succession.

Another of the crew Michael Scullion, fired the gun which scored a direct hit and when the ship was damaged twice the battle was over. One of the men who was in that gun crew was Jack Thompson of this city who narrowly escaped being wounded when tracer bullets rattled the deck near his head. L. S. Costello who successfully prevented the Germans from reaching their gun and served in Maritime waters and is believed to have been here for a time early in the war.

On board ship that day were seven Islanders serving in the crew. They were Ralph McGuigan and Jack Thompson, Charlottetown; Eldon Huestis, Summerside; Stanley Gallant, Wellington; Fred Larkin, Five Houses; Eric Ballon, Pownal; and Jimmie (Gooseg) Gallant, Charlottetown.

On South Lake Sand Bar
At the end of the war the Assiniboine was consigned to the naval "graveyard" at Sorel, Quebec, and was under tow from Cape Breton when she broke loose and under pounding from heavy seas was driven firmly on a sand bar at South Lake, P.E.I., only a few miles beyond Souris.

What is left of the hull was recently purchased by Sidney J. Simon, Halifax, whose salvage company will break her up for scrap. While in Charlottetown recently Mr. Simon said that he expected to have all equipment here to begin the work within a short time and expected to be as much local labor as possible. The work will be done under direction of Mr. W. B. Parsons, company superintendent.

Mr. Simon, president of the Guard Salvage Company, founded it in 1945. He is a member of the Board of Trade of Saint John, N. B., and Montreal, a member of the Chamber of Commerce of the Canada and is honorary president of the Halifax Police Social Club.

In the proposed operation at South Lake the equipment to be used will include a heavy mobile crane and pump to be transported by scows and tugs; special cutting equipment, ocean salvage pumps and derrick scows.

Manslaughter Charge Is Laid

Acting on information laid by Constable Thurston of the R.C.M.P. against Gordon Carr of Tryon, before Stipendiary Magistrate Gilbert A. Gaudet, a charge of manslaughter has been laid and the preliminary hearing is scheduled for Wednesday, July 23.

The case arose as a result of the investigation of the death of Ellsworth Ferguson, of Crapaud, on the highway between DeSable and Hampton, when he was struck by a truck driven by Gordon Carr of Tryon.

Five witnesses gave evidence. They were Joseph L. Peters, Aubin Gallant, Leo Gallant, Alyre Gallant, driver of the truck, and Cpl. Stunden of the North Rustico R.C.M.P. detachment.

Joseph L. Peters who was working nearby, saw the child playing around the truck, both the one Gallant was driving and one belonging to the child's father. An older brother tried to get the little fellow to go in the house but could not persuade him. It was only a few minutes later that the accident occurred.

Neither the truck driver nor the two men with him, Aubin Gallant and Leo Gallant, saw the child as they started to turn the truck preparatory to going for a load of groceries.

The coroner's jury attached a rider to the verdict, recommending that 20 miles-per-hour speed limit signs be placed in Rustico Village and that authorities make an effort to stop more than one person riding on a bicycle.

Members of the jury were: Emmett Gallant (foreman), Wesley Smith, Lawrence Doucette, Ronald Gallant, Roy Doiron, William Gallant and Robert Gallant.

The child was a son of Mr. and Mrs. Ferdinand LeClair.

Queens County Magistrate's Court

In Queen's County Magistrate's Court before Magistrate Gilbert A. Gaudet, a resident of New Brunswick, recently returned from Ontario, charged with non-support by his wife who lives in Montague, had his case adjourned until Monday, July 28, and in the meantime was released on \$200 bail. Mr. J. A. Nicholson appeared for the Crown and the defendant was represented by Mr. Malcolm MacLean.

A resident of Tryon who stopped at a stop sign but proceeded ahead without taking due precaution, was fined \$5 and costs of 5 days. A resident of Oyster Bed Bridge was fined \$5 and costs for operating a motor vehicle without first having obtained a licence to do so, and for leaving a motor car parked on a public highway without proper flares or lights, a resident of St. Charles was fined \$10 and costs.

Under the Temperance Act, a resident of Mayfield, for having liquor in his possession not purchased on his own permit was fined \$20 and costs while a city resident was fined \$25 and costs of 30 days for having liquor in his possession not purchased at a vendor's.

A fine of \$20 and costs or 30 days was imposed upon a youthful drunk who was admonished to keep better company and avoid unlawful incidents.

Completes 5th R.O.P. Record At Bunbury

Abegweit Stardust, one of the outstanding cows in the famous Holstein herd of Premier J. Walker Jones, has just completed her 5th R.O.P. record with 23,733 pounds of milk and 1,070 pounds butter fat (unofficial).

The previous year this cow, which ranks with the best producers in Canada, won a record of 22,929 pounds of fat and these two consecutive records place her high in the list of performers. Stardust is nine years old and her five records show an average of 879 pounds of fat. This is remarkable when it is realized that many herd owners are very pleased to put an animal in the 800 pound class at any time. She is now being dried off with the intention of resting her on grass for several months.

Abegweit Stardust might have been expected to set these marks for other Canadian cows to shoot. Her dam was Abegweit Robin which was Grand Champion here in 1944 and which Premier Jones later sold at the National Sale for \$2,050. Her sire was Montevic Pathfinder 10th.

Congratulations are in order for Bill Beer and Mrs. W. E. Cotton who last Sunday won the men's and ladies' championships, respectively, of the infant Green Gables Golf Club. Others who carried off honors in this tournament were Don MacDonnell, runner-up spot in the men's championship flight, R. J. Foote who won top honors in the first division, W. E. Cotton who won the second division in the men and Mrs. (Dr.) Donald Campbell, runner-up in the ladies' championship.

Hope To Exceed Last Year's Fine Record

As one of their first efforts, the newly formed Junior Chamber of Commerce at St. Peter's Bay has agreed to head up the Red Cross Blood Donor Clinic to be held there on Friday afternoon, August 8th. To spur them on to greater numbers, they have an enviable record established at St. Peter's Bay last year when 102 donors reported at the clinic. In order to be able to do this they must have the co-operation of all the different groups who gave their hearty support last year.

Prominent among these were the Women's Institute of St. Peter's Bay and surrounding districts, the St. Peter's Bay Branch of the Canadian Legion, the Catholic Youth Organization and the Young People's Society of the United Church. Both clergymen, Rev. Russell A. MacLeod and Rev. V. MacDonald, laid a great deal to insure the success of the clinic.

Unfortunately, Dr. M. N. Beck, who so capably headed up the committee last year, is leaving the province, but he is doing all he can to "set the stage" for an even more successful clinic at St. Peter's Bay before he leaves there on July 24th.

Blood transfusions must be available for those who need them day or night, winter or summer, in season and out of season, so all in good health and between the ages of 18-65 should take advantage of the opportunity to be donors and in this way help others and perhaps even themselves to recover speedily after an operation or an accident.

No Charges Planned In Election Rioting

LEVIS, Que., July 18 (CP)—Mayor Adelaire Begin of Levis said today no charges will be brought against persons connected with an election night disturbance Wednesday near the home of Reynold Belanger. Liberal candidate Mayor Begin said police collected the names of about 15 leaders in the riot but no charges will be pressed.

However, he said persons who were attacked or suffered property damage could take civil action. Cars and windows were smashed in the five-hour disturbance which attracted 1,200 persons at its height.

Sask: Mr. John Rankin, Hamilton, Ont.; Mr. George Urey, Calgary, Alta.; Mr. M. Aldwyn Miller, Courtney, B. C.; Mr. Angus Riddell, Windsor, Ont.

Angel-White Wedding

Rev. C. Tyler officiated at the marriage in the Baptist Church, Wellington, Ontario, on July 12, of Esther Pearl White of Toronto, daughter of Captain Arthur White, of North Sydney, Cape Breton, formerly of Murray Harbour, P. E. I., and the late Mrs. White, and Harold Vernon Angel, R. C. A. F. Station, Camp Borden, Ontario, formerly of Saskatoon, Sask.

Given in marriage by her cousin, Dr. William Riddell, Kitchener, the bride was gowned in ice blue lace over satin with fitted bodice and full skirt and her picture that was of lace trimmed with Sweetheart roses and stephanotis. Mrs. Ethel Stinson, Toronto, was matron of honor and wore a gown of gold lace and tulle with small matching cap. Her bouquet was of Tallinn roses, Frank Snape, R. C. A. F. Station, Camp Borden, Ontario, was groom and usher was George Davidson.

During the signing of the register, Mrs. Reeka Barbour sang "The Lord's Prayer," and "O Perfect Love."

Following the reception at the home of the bride's cousin, Mr. and Mrs. George Davidson, 33 Little Ave., Weston, the happy couple left on a trip to North York, Ontario, the bride wearing a navy dress with white gardenia corsage and white accessories.

Several former islanders attended the ceremony and out-of-town guests included: Mrs. Emerson Cohoon, Murray Harbour, P. E. I.; Mr. Fred Angel, Saskatoon, Sask.; Mrs. Claude White, North Sydney, N. S.; Mr. and Mrs. Bert Johnston, Winnipeg, Man.; Mr. and Mrs. Art Hillson, Saskatoon.

News From Green Gables

With the sun still beaming brightly on this fair region of the National Park, all our visitors are starting to take that familiar color caused by Old Sol's powerful rays. These sunny, warm days have left their mark on the water temperature too, so that now one can truthfully say "Come on in, the water's fine. Most of the tourist camps are overflowing with guests and this means work for a number of people other than the tourist camp operators.

The local golf professional, Cecil Dowling, has been kept busy at his sphere of activity. Many of the visitors are taking advantage of our fine golf course which, daily, the large number who play daily, is still much less congested than most of their home town courses.

It is at times such as this that we should be thankful that we are not living on a "Coney Island" or some such place. It is not expected that Prince Edward Island will ever become as busy as some of her sister resorts. This is due to several factors including climate, geographical location, and travelling difficulties.

At Victoria Park
Work on the west end of Victoria Park Roadway is practically completed, and further along where the bathing houses are, the rail has been painted, an old bathing house torn down, and the new large bathing house completed for excellent chance for us to hear the music which characterized our forefathers. A silver collection will be taken to cover expenses.

The writer noticed in this paper last Monday where a certain party from Summerside found a spot where there are some trout, Ralph Ludwick of Boston has been searching in vain for trout since he arrived on "the Garden Province" ten days ago. I'm sure he, and possibly other frustrated fishermen, would be grateful if someone could help him find some fish. That's it for now. Let's hope the fine weather stays with us for a while.

Listening to our visitors one hears many stories of their experiences on our island. Not all the stories are favorable to our ears but in the main they are of good report. The most recent which I have heard was reported by Bob Wilson of New York. Bob, who is a mathematics teacher at Syracuse University, is currently spending a week of his summer-long camping tour at Cavendish. Last Sunday he arrived in one of the better known western towns of "the island" and feeling the hunger pangs decided to prepare something to eat.

One of the residents who saw him asked him to come eat with them but Bob, not wishing to be an imposition on anyone, rationalized a bit and said that he was going swimming shortly, therefore he was having only a very light lunch. The residents were still insistent on lending a helping hand. So to make a long story short, Bob was cordially extended the use of the laundry and the modern laundering machines; here he also had his first warm water bath since leaving New York five weeks ago; he was given a king-size most delicate meal; the residents, who owned and operated a dairy company, took him on an hour-long tour of their plant.

By this time Bob was so full of food and ice cream that he was in need of a rest to aid his digestion so the residents invited him back to the house to rest a while. In Bob's own words, "It was a most enjoyable experience." It is incidents such as this which are remembered most by our visitors; let us all continue to extend our "island" hospitality as we have in the past.

This Sunday at the Cavendish Band Stand there is to be a truly Scottish band concert. The Ladies and Lassies Pipe Band have a terrific program lined up for the afternoon and a large crowd is expected. Nowadays one seldom hears a "truly" Scottish concert so to those of us who have a wee bit o' Scotch in us it serves as an excellent treat.

Street & Other Civic Projects Progressing

The weekly review of the work done by the City Street Department in addition to the activities of the paving company, indicates satisfactory progress in every field.

A 15-inch storm sewer is being run from the Holy Redeemer tennis court through to Desbrisay Crescent, and up Reserve Street, including the intersection of Valley Street, and on Connolly Street two culverts are being placed to take care of the situation, which has been a cause for complaint on the part of the residents, for a long time.

A partly demolished and abandoned old ice house does not add to the appearance of this recently built-up area, and Mr. Fullerton hopes that something can be done to remove this building, and encourage the recent builders to improve their surroundings.

Excavations have been made and the pipes laid for running the conduit necessary for "Stop" light installations at the intersection of Longworth Ave., Euston and Weymouth Streets, also Prince and Grafton intersection and Queen and Euston. When a similar installation has been made at the corner of Weymouth and Grafton Streets, this type of work will be completed for the present year.

The pavement re-built on Euston Street, Longworth Avenue and Weymouth Street remains to be re-topped as does also the bottleneck job at North River Road and McGill Avenue. In connection with the work on Brighton Road, which is well under way, the curb is being cut back at Willow Corner to make an easier turn.

On Kent Street, between Prince and Hillsboro, the curb will be eliminated and parking space, properly paved, will extend into the sidewalk.

The west end of Crestwood Drive is being filled with rubble, preparatory to finishing with gravel, use by ladies only, has had the Red Cross markings removed and been newly painted throughout. This bathing house, which has a concrete floor and is up-to-date in every respect, is now in use.

Co-operation between the Park Cross and the city in the Park area is emphasized when the opportunity presents itself. City men are encasing two Carleigh Hoops for use by the Red Cross in their swimming classes which are conducted by Mr. Paul Cudmore at the end of Brighton Road. Groove and tongue boards are used to assure smoothness, with a coat of dairy paint to offset weathering.

Maple Leaf Taxi

The lucky numbers drawn last night were 80587 and 82492. Holders contact taxi office.

Knights Of Columbus - Funeral Notice

All members of Knights of Columbus are requested to meet at the home of our late Brother Frank Murphy, 109 Hillsboro St at 8:30 a.m. this Saturday morning to attend his funeral at 8:45 a.m.

HOLMAN STORE NEWS

TRUE beauty to make your living more graceful embodied in the truly lovely new WEDGWOOD DINNERWARE imported direct from the Wedgwood Potteries by the China Departments of Holman's in Summerside and in Charlottetown. I was enthralled with the "Meadow on Edme" patterned earthenware — it very definitely is one of the most outstanding of all the Wedgwood patterns. Very simple in design with fluted body and sprays of softly shaded English meadow flowers, this Dinnerware has a clear cool dignity found only in very expensive Dinnerware BUT "Meadow on Edme" by Wedgwood is not expensive — the graceful cups and saucers are just 1.30 and the Setting for Four — STARTER SET is priced 15.95. An Open Stock Pattern, the "Meadow on Edme" may be added to piece, setting by setting or how you will! Come see this and other fine Wedgwood Dinnerware imported from England by the China Departments of Both Holman Stores.

"POUR LE SPORT" . . . (pardon my French!) But the PLAID DENIM SPORT CAPS in the Men's Wear department call for something different, as they are different! Made of fine quality denim in assorted colors, they have attached plastic sunglasses right on the peak. They're cool and comfortable and you see them being worn by men and women who work out of doors, play golf, lounge on the beach or motor. The sizes are 6 1/2 to 7 1/2, priced only 1.95. Sport Caps of Plaid Denim are the best sun protection yet — get yours today from the Men's Wear Department at Holman's.

TRUE daintiness with a delicately pleasing fragrance — that's exactly what COTY SHAKTI gives to many women who have discovered this delightful perfumed Deodorant Powder. It is available in the Cosmetic Department at Holman's in the convenient Travel size, unbreakable spray container, priced 75 cents and the large Dresser size, unbreakable spray container, priced 1.50. Day long protection is yours with Coty Shakti from the Cosmetic Department at Holman's.

HALF PRICE STORE NEWS SPECIAL! Completely waterproof BARLICO CLOTH is wonderful for campers' ground sheets — they'll last indefinitely and keep dry. Available in black color, Barlico Cloth is 36 inches wide, regularly priced 85 cents a yard — IT'S HALF PRICE ONLY JUST 43 cents a yard. There are many, many uses to which this tough, closely-woven coated fabric may be put and here is your big chance to lay in a supply at a REAL BARGAIN PRICE — 43 Cents a yard for Barlico Cloth in Holman's Dry Goods Department.
