Olson Promises To Set Pace In Bout With Moore

NEW YORK (AP)—Middleweight champion Bobo Olson promised Thursday to set the pace against light heavyweight champion Archie Moore when they meet June 22 at the Polo Grounds. "No one in his right mind would try to box with Moore," said Olson as he arrived by plane from San Francisco to start the New York phase of his training. "If you lay back and try to box him, he'll catch you sooner or later with a right hand." Olson also said he thought he could stop Moore if he got the opportunity. "If you can catch him he'll go," said Bobo. "He's been stopped before." Sid Flaherty, Olson's manager, said he definitely would not permit his fighter to meet Moore if the light heavy king couldn't make the 175-pound class limit. "I don't see how you could advertise a title fight and charge the people that kind of money and not give them a championship fight," he said. A ringside seat will cost \$30. Flaherty said his plans to take Olson and his stablemates on a tour of Europe Asia later in the summer were still only tentative. As for any thought of a bout with heavyweight champ Rocky Marciano, Flaherty said he wasn't looking at Marciano this year "but will talk about it next spring if we get past Moore."

Brooklyn Whips Milwaukee 13-2 While N.Y. Giants Subdue Cincinnati Redlegs 6-3

(By The Associated Press) Brooklyn continued to bombard the rest of the National League with its powerful attack Thursday, scoring 10 runs in the eighth inning while crushing Milwaukee 13-2.

Johnny Antonelli got New York Giants back on the winning path by subduing Cincinnati with six hits 6-3, his eighth straight over the Redlegs since he was traded by Milwaukee. Homers by Willie Mays and Don Mueller helped him on the way. Ted Kluszewski hit his 15th homer for the Redlegs.

Frank Thomas and Dale Long homered in a 17-hit Pittsburgh barrage for a 12-3 romp over St. Louis Cardinals while Max Surkont went the distance to beat Harvey Haddix. Herb Score regained the major league strikeout lead by whiffing 10 Baltimore Orioles for a season total of 92, as Cleveland pounded out a 9-3 margin. Score shut out the Orioles on two hits until the eighth, and had struck out 10 in the first four innings. He cooled off in the late frames but had no trouble winning his sixth.

KALINE LEADS Al Kaline took over the American League lead with a triple and two singles for a 382 average, three points more than his injured teammate, Harvey Kuenen, while Detroit edged Washington 4-3. Winner Steve Gromek had the mound in the eighth because of recurrence of a back injury that sidelined him for a week. Chicago defeated Boston Red Sox 4-2 with the help of a seventh-inning double play with the bases loaded. Virgil Trucks won his fifth with the assistance of Sandy Cosuegra. Ted Williams, hitless Wednesday, was blanked again in three official trips although he walked twice. Mel Parnell, making his first start of the year, was the loser. Parnell had pitched since March 31 when he injured his right knee in spring training. Duke Snider hit his 16th homer for the Dodgers, long before their big inning. Billy Loes allowed only six hits, including homers by pinchhitter Eddie Mathews and Johnny Logan. Fifteen Dodgers went to bat in the eighth for nine hits and three walks. Dave Jolly, Roberto Vargas and finally John Edelman, a bonus pitcher who just joined the club Thursday, labored manfully before the Brooks finally went out. Starter Bob Buhl was lifted for pinchhitter Mathews after pitching seven innings.

PHILADELPHIA (AP)—Andy Semick's first-inning grand slam homer started the surging Philadelphia Phillies on the road to an 8-4 win over Chicago Cubs Thursday night. Although he wasn't around for the finish, Curt Simmons chalked up his second win against two losses, battling in one run with a third-inning single. The Cubs got two of their runs on Ernie Bank's seventh inning homer, his 13th of the season. Simmons, who looked strong through the first six innings, weakened in the seventh and gave way to Bob Miller. Curt fenced three and gave up three of the Cub runs. The Phillies lumped five runs in the first inning and added the other three in the third. Gorbous and Earl Torgerson singled, bringing in the first run. Willie Jones was walked intentionally to load the bases and Semick hit his grand slammer into the left field stands. Starter Warren Hacker struck out Roy

Paige Lands Baseball Job

KANSAS CITY (AP)—Baseball's hardy perennial, Leroy (Satchel) Paige, is back on a payroll today. T. Y. Biard, owner of Kansas City Monarchs of the Negro American League said he had signed the venerable right-hander for "something in the neighborhood of \$40,000." Paige has been on the loose since he was released by Baltimore Orioles last year. He offered his services to Kansas City Athletics a few weeks ago but the A's weren't interested. Paige, whose age is unknown—even he gives different versions—but must be close to the half-century mark, was with the Monarchs from 1937 to 1948 when Cleveland Indians took him into organized baseball. He later pitched for St. Louis Browns and went to Baltimore with the franchise transfer.

Joe Hunter, R.C.A.F. It is expected the league will be composed of six teams: two from the R. C. A. F. Station, three from the town of Summerside, and one from Kinkora. A motion was passed to the effect that the league would be a house league, and would not be entered for Maritime competition.

Pictures Show How Racing Driver Killed

NEW YORK (AP)—Moving pictures of the accident during the 500-mile Indianapolis race on Memorial Day indicate that Bill Vukovich, who was killed, was hopelessly caught in a snarl of cars that started when Roger Ward's machine went into a spin. Les Becker, supervising editor of Dynamic Films, the official photographers of the race, after a review of the film Thursday said: "Car No. 27 driven by Roger Ward spins coming out of the second turn (the Southeast turn), brushes the wall, and comes to rest across the track beneath the foot bridge which straddles the backstretch. "Car No. 39, with Johnny Boyd driving, and Car No. 4 with Bill Vukovich driving, come out of the turn into the backstretch and head down to the left to avoid Ward's car. "Al Keller, with car No. 42, who preceded Boyd and Vukovich, spins from the left of the track across the track and hits No. 39, pushing him in front of No. 4. No. 4 hits No. 39, flips over the right guard rail and continues to flip, end over end, across the service road, which runs parallel to the backstretch of the track and ends up on its back and in flames."

Skeet Shoot Held Wednesday

The first shoot of the year was held on Wednesday evening and if the scores posted were any indication of the coming season the Charlottetown Gun Club is in for a big one. Scores were very high considering it was the first shoot and also on a new skeet field which always causes a bit of a handicap. Only a handful of shooters were on hand to try the new field but many more are expected when the big opening shoot is held sometime next week. A second skeet field plus a trap field should be opening sometime early in July which will help satisfy the many gunners expected to be shooting this year.

Giants Call Up First Baseman

NEW YORK (AP)—Gail Harris, slugging first baseman of Minneapolis Millers in the American Association, was called up Thursday by the parent New York Giants. Harris has hit 17 home runs for the Millers in 33 games. His batting average is .310. To make room for the lefthanded hitter, the Giants optioned Billy Gardner, reserve infielder, to the Millers. Whitey Lockman, regular first baseman for the world champions, got off to a slow start this spring and now is hitting only .258. He was replaced Wednesday by Bob Hofman.

Tigers After Player Deal

DETROIT (AP)—General manager Muddy Ruel of Detroit Tigers went to Kansas City Thursday with the avowed intention of "talking trade-or-buy" with New York Yankees and Kansas City Athletics. Just who Ruel might be interested in wasn't disclosed. Injuries, however, recently riddled the Detroit infield and rookie replacements failed to come through adequately.

There's many a nippy morning anytime of year when it's comfortable to have the heater on in the car. The heater, I imagine, the most comfort-giving accessory they've ever designed for cars. And the improvements over the years have made the front seat as comfortable as the front room. (Remember the old hot water heaters that looked like a radiator big enough to heat a house?) But sometimes a heater can be dangerous, through no fault of the heater itself. Always turn the heater off when travelling in heavy traffic. While traffic is standing still, carbon monoxide—which is invisible, odorless and mighty lethal—can enter the car through heater and air conditioning intakes from the exhaust of the cars ahead. When a car is idling, fumes can sometimes enter from our own car. A good rule is to keep one window of the car slightly open. Sometimes you can smell gasoline, which gives a warning, but carbon monoxide itself gives no warning. People, I've found, learn these rules of safe driving pretty fast. You almost never hear these days of a man starting his car in a closed garage. It used to be a common accident. Most of the cars on our lot have heaters already installed to give even more pleasure to one of the greatest pleasures of life, owning your own car. It's one of the extras that add to the joy, but not the expense, of buying your car at our place. Many of our cars have radios, too, which is something we'll talk about next week. Weatherwise this has been a nasty week but better weather lies ahead. Many people have availed themselves of our big used car sale to prepare themselves with a Goodwill Used Car for the summer months. If you haven't had a chance to look over our cars do so this weekend. We are determined to sell these cars and I'm sure we can get together on a price. Here are two exceptional cars that you can really depend on: 1953 Pontiac Deluxe 4 door Sedan. This car has been driven only 18,000 miles. Brand new seat-covers. Goodwill Guarantee. Only—\$1495.00. 1951 Mercury green 4-door sedan. Radio, heater, defroster. Here is your opportunity to pick up a beauty for only \$1195.00. SAFE DRIVING.
