Area Development Act Aired For Group Of Businessmen

SUMMERSIDE — Joseph A. Bergasse of the federal Area Development Agency explained the Area Development Act at an open meeting here last night, to a group of local businessmen.

Mr. Bergasse listed the incentives offered to new manufacturing or processing industries such as: a choice of a straight cash grant or a 3-year exemption from income tax; accelerated depreciation of equipment and machinery; accelerated depreciation of new buildings or significant additions to present buildings.

In the case of depreciation, 85 per cent of the depreciated equipment and machinery must be new — no commitment for it having been made by July 1, 1965 — and in the case of building depreciation, the building must be new or acquired in an unused condition.

The cash grants offered in designated areas of which P.E.I. is one, are one third of the total of \$250,000 approved capital costs; one quarter of capital costs up to \$750,000; and one fifth of capital costs up to a maximum of \$5,000,000.

Similar grants are available to manufacturing and processing firms which are expanding, but first a 10 per cent deduction is taken on the cost of the company's original facilities. In any case, the approved grant will not exceed the equity invested by backers of manufacturing facilities.

The purpose of the program, Mr. Bergasse emphasized, is to increase employment.

He also noted that the incentive of more rapid depreciation of new buildings or significant additions to present buildings is available not only to manufacturing and processing concerns, but to any building which may be depreciated in the normal way — that is, any revenue-producing building.

Also speaking briefly at the meeting was E.T. Banting, chief of the fruit and vegetable products division of the department of industry.

Van Brocklin Rejoins Club

MINNEAPOLIS (AP)—Stormy Norm Van Brocklin changed his mind Tuesday and returned as head coach of Minnesota Vikings, saying humbly he had made a mistake and was grateful for the opportunity to rectify it.

"There is no explanation," Van Brocklin said of his impetuous decision Monday to quit the National Football League club.

"I just became depressed, but I later realized I didn't want to quit," he said.

"They let me come back for which I'm very grateful. They should have kicked me in the seat of the pants."

The announcement that Van Brocklin was returning came earlier, through Vikings officials.

General manager Jim Finks and president Max Winter both looked relieved and relaxed as they met the press shortly to announce Van Brocklin's change of heart.

"I am very happy to report that Norm has reconsidered and currently is with the football team," Finks said.

Both Finks and Winter stressed that it was purely Van Brocklin's decision to change his mind.

Both Van Brocklin, in announcing his decision to quit his job as head coach of the Vikings, and Baltimore Colts which just about knocked the Vikings out of the western conference race, and the Viking management insisted money and contract were no issue at all.

U.S. CONSUL GENERAL ENTERTAINS

Guests at a private luncheon yesterday at the Charlottetown Hotel, pause for their photograph in the lobby with their host, U.S. Consul General Robert S. Black of Halifax. Left to right: Dr. George Dewar, P.E.I. minister of education; Mayor Walter Cox, Mr. Black and Eric Kipping, general manager of the Charlottetown Board of Trade and vice-president of APEC. Prince Edward Island and Nova Scotia constitutes Mr. Black's consular territory, and he visits here at least twice a year. He was formerly stationed in Jakarta, Indonesia.

Sentenced To Dorchester In Break, Enter, Theft Case

SUMMERSIDE — A Summerside man, Joseph Wilbert Hippenstall, 39, was sentenced to a total of four years in Dorchester Penitentiary yesterday afternoon when he entered pleas of guilty to two separate charges in the opening day of the November sitting of the Supreme Court here.

The accused entered pleas of guilty to charges of break and enter with intent to commit an indictable offence and theft of an auto valued at more than \$50 before presiding Judge George J. Tweedy.

Mr. Justice Tweedy sentenced the accused to two years in penitentiary on each charge with the recommendation that the sentences run concurrently.

"As I see it, it was all part of the same venture," Judge Tweedy said.

The charges arose from a break into the store of Ralph Callbeck and Co. in Central Beque on May 22 of this year and theft of the car took place on the same date.

Hippenstall had entered pleas of not guilty at the preliminary hearing and elected trial before Judge and Jury. He was represented by J. Melville Campbell.

After hearing the accused's lengthy record dating back to 1948, the judge termed it "rather a sad case". He added that the accused "seems to have a quirk — a similarity in pattern" in the offences registered on his record.

The Hippenstall indictments were two of three in which true bills were returned by a grand jury.

The third indictment is against Carl Joseph Franklin Arsenault, Summerside, charged with break, enter and theft.

PLEAS NOT GUILTY

After a true bill had been brought in against Arsenault he was arraigned before Mr. Justice Tweedy at which time he entered a plea of not guilty and his case was set down for trial on this morning, beginning at 11 o'clock.

Arsenault is also represented by J. Melville Campbell.

The charge against this accused was laid following a break into a residence at 203 Notre Dame Street here early last May.

Personal property taxation, poll taxes and the Wildlands Tax Act will be abolished.

The provincial social services and education (sales) tax, now three per cent with numerous exemptions, will be raised.

were 101 cases involving liquor, and he stated that the "great minds of this country are showing a great concern over the use and abuse of alcohol".

He told the jurors if they had any suggestions which would alleviate this situation, that they make a recommendation in their report.

MONROE'S WAR SURPLUS

MONTAGUE P. E. I.

DON STEWART, Sunbury, president of the P.E.I. Craftsman's Council, and Mrs. Stewart, who is in charge of arrangements for the upcoming display and sale of handicrafts at the Confederation Centre, are examining some of the work that will be on display at the Craftsman's Fair. Premier W.R. Shaw will officially open the fair Friday morning at 10.00 a.m. and it will be concluded Saturday evening.

Handicraft Fair Opens Friday in Centre Foyer

Some of the best in Island handicrafts will be on show and sale at the foyer of the Confederation Centre Friday and Saturday.

The annual Handicraft Fair was launched last year and so encouraging was the response that it was decided it should become an annual event.

Handicrafts are an important adjunct to the tourist trade and their value as an attraction is growing.

Don and Margaret Stewart are two craftsmen who have given their time freely in aiding the Prince Edward Island Craftsman's Council get started. Mr. Stewart is president of the association while Mrs. Stewart is in charge of arrangements for the Craftsman's Fair.

A great variety of articles will be available at this fair including: pottery, wood carving, silk screen printing, silver and copper jewelry, knitting and quilting, leathercraft and weaving.

Premier W.R. Shaw will officially open the fair at 10 a.m. Friday.

The fair will be open continuously Friday from 10 a.m. until 9 p.m. and Saturday from 9.00 a.m. until 6 p.m.

The crafts on display will be the works of craftsmen from all parts of the Island, from Alberton to East Baltic.

Although just organized last winter the Craftsman's Council has over 75 members and many of these members have taken advantage of government handicraft instruction courses.

Active membership in this newly founded organization is open to all producing craftsmen in the province, and an associate membership for those who are not producing craftsmen, but are connected in some way with the handicraft industry.

Little Change Seen in Vote

Official Declaration Day results of the voting for the Prince Edward Island candidates in the Nov. 8 federal election show slight differences for all candidates from the unofficial total vote compiled on election day.

Main reason for the differences is that the armed services votes are included in the Declaration Day results.

The official total vote for each candidate, with the unofficial election day count in brackets, is, by counties:

Prince—MacDonald, PC, 9,080 (8,900); MacNaught, Lib., 8,313 (8,037); Dawson, NDP, 394 (356). There were 97 rejected ballots.

Queens—MacLean, PC, 12,556 (12,560); MacQuarrie, PC, 12,303 (12,250); McGuigan, Lib., 9,635 (9,458); Jones, Lib., 9,140 (9,027); MacLean, NDP, 670 (648); MacFarlane, NDP, 307 (291).

Kings—McQuaid, PC, 4,501 (4,525); Mullally, Lib., 4,451 (4,345); Mullin, NDP, 106 (99). There were 60 rejected ballots.

COMPENSATION

(Continued from page 1)

Theme of the conference here was the "Inshore fisheries." It involved managers of co-operating fishermen's associations, United Maritime Fishermen officials; St. Francis Xavier University extension fieldworkers, and personnel of the Canada and provincial departments of fisheries.

Paul Larque, concerned mainly with the fish processing industry, will visit Prince Edward Island, and other plants in the area, starting this week, it was revealed. His task is to investigate available facilities and report to the industry department on the best way to help overcome the problems he finds in the fishing industry.

SHELL IMPORTED

The suggestion that oyster or clam shell used in poultry feeding may possibly be crushed and made available in the Atlantic area was interesting; so was the revelation that this product is now being imported.

Mr. Mathieu spoke at the closing noon luncheon. He was introduced by Sam Campbell, general manager of UMF. Urban LeBlanc, Charlottetown president.

The forenoon's program included a discussion of the type of services that are available from ADB (Area Development Board), ADA (Area Development Act) and from ARDA.

Spokesmen were Fernand Doucet, Halifax for ADB; David Brack, regional co-ordinator for ADA in Cape Breton and New Brunswick; and Rudi Dalenbach, Charlottetown whose interesting review of problems and how they are dealt with under ARDA stole the show in this part of the program.

The sessions were held in the Charlottetown Hotel.

WESTERN FUNERALS

ARSENAL FUNERAL — The funeral of John Arsenault of Palmer Road was held Tuesday morning from his home to the Church of the Immaculate Conception. Solemn Requiem High Mass was celebrated by Rev. Accident Sends Six To Hospital

A collision at the corner of Brighton Road and North River Road at 10 o'clock last night sent six people to hospital in Charlottetown with injuries which police thought were not serious.

The vehicles were driven by David McCordie of West Royalty who was not injured in the mishap and Earl Younker of North River.

The occupants of the McCordie car were Lorna McCarville, Camille Shea and Bernadine MacDonald all of Charlottetown.

The occupants of the Younker car were Mrs. Earl Younker and Eleanor Younker of Charlottetown.

City police said extensive damage was sustained by both vehicles in the accident which occurred during light rain on snow-covered streets.

Three-Inch Snowfall Recorded

An average of three inches of snow fell on the city last night with winds from an east-southeast direction at 15 to 18 miles per hour.

The radio-range at the Charlottetown airport recorded snow showers beginning at two o'clock yesterday afternoon, turning to regular snow at three o'clock and to rain at 10 o'clock last night.

Motorists were required to drive very slowly and with caution as the highways were made hazardous by the fast falling snow. One accident was reported in the city.

A storm dumped up to seven inches of snow in northern New Brunswick areas. No serious highway accidents were reported.

Five-and-a-half inches of snow and heavy winds hit Campbellton but winds were reported light to moderate in most other areas of the province. Five inches of snow fell in Dalhousie and Fredericton while Moncton got four and Chatham three.

SWEEPING

tors and sheriffs as full-time public employees of the province will be established.

A modern system of penal institutions will be developed to replace the present jails.

The province will assume full responsibility for the provision of public health services currently carried out by municipalities, and assume the capital hospital construction costs now carried by municipal governments.

A "fair and equitable" assessment appeal system, removing the present cost barriers in assessment appeals and placing the onus of proof upon the assessor, will be introduced.

No tax concessions will be allowed. Firms and individuals at present holding tax concessions will be treated fairly and equitably. Negotiations will be entered into with all affected parties.

The province will assume responsibility for assessment and tax collection.

Provincial property and that owned by Crown corporations and commissions will be subject to local taxation.

The creation of larger, more efficient units of local government will be undertaken with the drawing of new boundaries for cities and towns.
