

THE FENIANS AT MANCHESTER.

The Fenians have at length brought their war into England, and their first exploit was a successful attack upon a police van. They have released two of their confederates who were being conveyed to gaol, and have killed the police sergeant who had charge of them. Several other persons were wounded in the confusion, and the police constables having only their batons to defend themselves with, were overcome by their assailants. The Fenian success is attributable simply to the audacity of their proceeding; all the schemes they attempted to carry out, failed, and their audacity was not incompatible with common sense, but nothing as well as an attack upon a body of constables at midday in the immediate vicinity of Manchester, was considered possible even by those who entertain extreme possibilities of Fenian extravagance and audacity. It would seem that some secret and well-organized project to be exploded at Manchester was in course of completion, and that Kelly and Deasy were employed in connection with it, and that they were constantly suspecting them to be simple burglars on the look out, throw them into the station-house, and subsequently lock them before the police magistrates, whose identity was discovered. The extent and importance of the new conspiracy may be inferred from the desperate steps taken to obtain the liberation of the prisoners; and so careful and secret had been their organization that the authorities appear to have been in total ignorance of it, no ray from the conspiracy's fair having come forward to betray what was going on and denounce the conspirators. The Fenians have not lost heart by the reverses experienced in Ireland, but have become more closely united in the common cause, and their determination of security no more seems to know where the conspiracy will break out and what amount of force it has to depend upon. All we know is that Fenianism is not extinct, but is as active and determined as ever. GEORGE HOWATT, Cornwall, August 22, 1867.

HALL'S VEGETABLE SILLIAN HAIR RENEWER.

HAS proved itself to be the best preparation ever presented to the public, a fact which thousands have testified who have been benefited by its use. A few applications of this Compound will change brown, dry, and falling hair to a moist and glossy appearance, and make it of. SILKEN TEXTURE. The Proprietors offer the SILLIAN HAIR RENEWER to the public, entirely confident that by its restorative properties it will bring back the Hair to its NATURAL COLOR. It is not a dye, and consequently does not stain the skin or the hair, and the most delicate hair falling off or becoming grey, the use of the RENEWER will surely arrest its decay, no matter from what cause, and will restore it to its former vigor, as it furnishes the nutritive principle which the Hair is nourished and supported. As a HAIR DRESSING, the RENEWER is unequalled by any other Hair dressing in the world, giving it that beautiful texture which is so much admired by all. It does not contain any poisonous drugs, the basis of its remedial properties being a VEGETABLE COMPOUND. It completely eradicates scurf and dandruff, and cures all diseases of the scalp, and by its cooling properties allays the itching and burning of the scalp. It is not only the best remedial preparation for all diseases of the Hair and Scalp, but also the best dressing for the Hair. It is sold in bottles of 1s and 2s, and is put up in every country under its own name. Beware of the numerous imitations, which in appearance only are similar to it, which are forced upon the public upon our reputation. Call for HALL'S VEGETABLE SILLIAN HAIR RENEWER, and take no other, or you will be disappointed. R. P. HALL & CO., Proprietors, Nassau, N. H. For Sale at Henry Beer, Southport, Wm.
