## THE DAILY EXAMINER

FEBRUARY 7, 1900

### THE CIVIC MEETING.

The line of policy recently outlined by THE EXAMINER was that followed by the larger proportion of those who addressed the large meeting held in the Market Hall on Monday evening. A continuous progressive movement and no great addition to the burdens of the taxpayers—this was, apparently, the desire of the meeting. The Mayor argued that money can be saved by laying permanent sidewalks of stone instead of plankways constantly needing renewal and repair; and if his estimate of cost are right his contention is right also. We pay annually \$2,000 for plankways, the interest on \$40,000—the Mayor's estimate of the cost of stone sidewalks—at 3½ per cent is \$1,400. Let us by all means have stone sidewalks, if we can have them at this price, and so lessen the taxpayers' burdens and improve the city. But the sewerage service pipes must first, for the most part, be laid. Indeed it will not be prudent to proceed with either macadamizing or sidewalks until this necessary work is done, or all but done. Much better go on with such improvements as a permanent bridge on the road to Brighton and the completion of the Park Roadway.

The meeting voted all but unanimously for the abolition of the ward system. Mr. Geo. E. Hughes made a suggestion which ought to be adopted, as possible, viz., the utilization of the House cellar for a fish market, and the sewerage, the idea of which ought to be carried out.

### NOTES AND COMMENTS.

The Montreal Star remarks that: If the American Republic is supposed to stand for anything, it is for free and equal citizenship and individual liberty. Britain is fighting in South Africa for precisely these things. The Boers are fighting for the right to deny them to a majority of their fellow citizens, including many men of American birth. And nothing could be more absurd than for American politicians to pretend that it is really the battle of a republic against an arrogant monarchy—the struggle of a liberty-loving people for independence. It is, on the contrary, the desperate fight of an armed oligarchy for the retention of its tyrannical privileges; and, behind that, for the hegemony of South Africa. If Britain wins, American miners on the Rand will have citizen rights. If the Boers win, they will continue to be taxed while without possessing a scrap of representation.

### ESTEEMED EXCHANGES.

Montreal Star: A few weeks ago we had the inspiring spectacle of a Grit member of Parliament resigning his seat, as a protest against the policy of the Government. The honorable member went to his country, and was returned by acclamation. Triumphant endorsement of the honorable gentleman's protest against the Government! Yesterday we had the inspiring spectacle of the honorable gentleman taking his regained seat in Parliament in continuation of his solemn protest against the Government, and, lo! one of his two sponsors who introduced him to Mr. Speaker was the Honourable Joseph Israel Tarte, a member of the Government so solemnly protested against.

### AWFULLY SOLD LITTLE GIRL.

SIR,—I am a little girl that was at the Kindergarten concert and heard the gentlemen talk about apples. I went to get an apple when the gentleman kindly asked us at the end. I took two and didn't take even a bite of them till I got home. Then I wanted to give a piece to my sister Sarah and my brother Tommy, but we couldn't cut the apples and we couldn't bite them; they were harder than stones. I was awfully sold. Tommy wouldn't believe they were apples at all but painted wood; but I think they must be since the gentleman said so. Papa and Mamma never saw such apples before but thought they'd stand long. Can you tell me what they are?

ROSEY.

[They must have been Ben Davis apples which have a pure spite against little girls and boys because they won't steal them.—ED. EXAMINER.]

### THE GENERAL ELECTIONS.

SIR,—I read in the Journal that there is to be a general election right after the assembling of Parliament. Well, there will be two parties to this game. Laurier could have called them on before Parliament opened but the Opposition have to be reckoned with before it is closed. They'll be at Ottawa long enough to get to the bottom of all this rascality, I trow.

### VICTORIA NOTES.

Owing to the scarcity of snow business in this usually lively village is now almost at a standstill. The only man who appears to be making any money is our efficient and obliging blacksmith, Mr. George Holmes, and he is kept hustling every day. The sound of his anvil can be distinctly heard from early morn till late at night. George is an adept at horse-shoeing, and people come from miles around to get their work done by him. He makes a specialty of shoeing mail horses. He is also very skillful as a veterinary surgeon, and does a lot in this line. Recently he performed quite a difficult operation on Mr. N. R. Wright's horse, which was very successful and would do credit to a college graduate.

Mr. Charles Rogers has completed his contract of building Government ice-boats for the Capes service. Needless to say the work has been done in a first class manner throughout. Charlie's name is all any person wants as a certificate of good workmanship. He would rather do the work at a loss to himself than slight the job.

At a meeting held a few nights ago in Mr James Dav's store by a number of the residents of the village it was unanimously decided to re-organize the mutual benefit society known as the "Victoria Woodup Company," and the following officers were duly elected:

- President—James A Howatt.
- First Vice President—C C McIntosh.
- Second Vice President—M J Stewart.
- Secretary—James Day.
- Treasurer—Thos. Strait.
- Lecturer—A J Clark.
- Medical Adviser—W S Howatt.
- Committee of Entertainment—Albert Sherren and Whitfield McIntosh.

Meetings will be held weekly at which live topics selected by the committee will be discussed. Subject for next night of meeting will be "Which is the better mail route, Victoria to Albany or Victoria to Bradalbane." Debate will be opened in favor of the former by James A. Howatt while the Bradalbane route will be ably championed by C C McIntosh. Success to the Woodup Society say one and all.

The Misses Inman, of "Birchwood," Hampton, have been visiting their friends in this vicinity the past few weeks. Miss Annie has been the guest of Miss Palmer, at the "Recess," while Miss Ethel has been making her home with Mrs. Weller Lea, of "Castlegagh." Both are very popular young ladies and a number of social events have taken place in honor of their visit.

### KIDNEY... DISEASE

The wonderful success of Dr. Chase's Kidney-Liver Pills adds to the fame of the great doctor whose name is familiar in almost every home as the author of the world famous Recipe Book.

Scores and thousands of grateful men and women have been rescued from the miseries and dangers of kidney disease by this greatest of all kidney cures.

Mr. D. C. Simmons, Mabeo, Ont., writes: "My kidneys and back were so bad I was unable to work or sleep. My urine had sediment like brick dust, I was compelled to get up four or five times during the night. I saw Dr. Chase's Kidney-Liver Pills advertised and concluded to give them a trial. I have only used one box and am completely cured. I was a great sufferer for 13 years, but my kidneys do not bother me now. I enjoy good rest and sleep and consider Dr. Chase's Kidney-Liver Pills a boon to suffering humanity."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c. a box, at all dealers, or Edmansons, Bates & Co., Toronto.

gave a very successful "at home" to a number of their intimate friends a few evenings ago, among the invited guests being Miss Ida Palmer, Miss Addie Howatt, Miss Forbes, Miss Vera Lea, Miss Dyer, (Alberton), Miss Annie Inman and Miss Hart, (Coleman), Mr. Artemas Trousdale, J. Brooks, Roy Lea, Artemas Lea, W. S. Lea, Brenton McIntosh, Percy Forbes, Everett McIntosh and others. The evening was pleasantly spent in progressive whist and other games. Mr. J. Brooks was the winner of the much coveted prize.

We are much pleased to see our general friend, Captain George Palmer, able to resume his daily walks after his recent illness. The captain is an old landmark in Victoria, and his comfortable bachelor quarters are a favorite these long evenings for the village youths who delight to sit around his blazing fire and listen while he entertains them with tales of sea and forest of the bygone days. Captain Palmer is also a lecturer of more than local reputation, and on several occasions has favored the public with the result of his study on astronomy and other subjects.

### BOUGHTON ISLAND NOTES.

Nathan Allen, Joseph H. Allen and Malcolm Allen succeeded in clubbing or killing a number of seals last Friday, the 26th inst., which came into the Cove on drifted ice, probably from the North. They are a fine lot, and each of them will probably yield from five to six gallons of oil, besides beautiful fur. This is the first time in the history of this little Isle that seals have been killed or clubbed on floating ice. It speaks well of the daring and intrepidity of these men in their perilous adventure on floating ice.

Ed. Allen and James Allen went last Sunday around the shore and they spied a huge seal basking on the board ice. Ed. Allen secured a heavy club and attacked him. If he did the seal attacked him, and then there was a desperate struggle for some time. After a long fight Allen succeeded in braining the seal. He is a good load for a horse. Our mails are very irregular now. We get them from Georgetown. Perhaps we will not get them for three or four weeks, and thus be without any news from the outside world unless the weather is favorable.

Farquharson & Co. promised us a visit last October to open a new road. They did not arrive as yet. We would like to hear from them.

The Government steamer Minto has a good time. Open water all around as far as the naked eye can see.

The powers that be should send the Stanley from Georgetown here to hunt for seals and clean off her rust.

### Clayton Bulwer Treaty.

LONDON, Feb. 5.—United States Ambassador Choate conferred with Lord Salisbury at the foreign office last Wednesday, Thursday and Friday. It is believed that the Clayton Bulwer treaty was talked of and it is also believed that if Great Britain will consent to yield her position toward the Nicaragua canal, there is an opportune moment for negotiations. What that something may be, is conjecture purely, as neither the British foreign office nor the United States embassy has any communication to make regarding the interchange of ideas on subjects pending and not yet completed.

### IS YOUR THROAT SORE?

There is Nothing so Good for Sore Throat, Swollen Cords or Stiff Neck, as Griffiths' Menthol Liniment. Here is the Proof.

Mrs. Edwards, 385 Princess-street, Kingston, writes: I have found Griffiths' Menthol Liniment a perfect cure for sore throat. Last fall I had La Grippe and my throat became very sore and much swollen. In less than an hour after using Griffiths' Menthol Liniment all soreness had disappeared. My neighbor, Mrs. Gilmore, used it in my house one afternoon for stiff neck, and in less than 15 minutes the stiffness and soreness had entirely disappeared. For any swelling or soreness use Griffiths' Menthol Liniment. Sold everywhere, 25 and 75 cents.
