There will be a great outcry from the
Lancashire cotton spinners at the renewal
of the proposal to levy a tax on cotton im-
ports into India, but so long as the theory
is held that India is governed for her own
benefit and not for the advantage of Eng-
land, one does not see how, for the sake
of English interests, the administrators of
Indian affairs can be restrained from doing
what they say is absolutely necessary for
India's welfare. At the same time, it is a
severe blow to the Manchester school of
free trade, delivered in their tenderest
spot—their pockets.

ENDORSES DR. ROSE.
A Quebec Physician who Corroborates Dr.
Rose's Opinion.
PORTLAND, Dec. 3.—The letter of Dr. A.
G. McCormick, of Richmond, Que., testifying
to his complete and permanent cure from
Krig's Disease by Dodd's Kidney
Pills, has been read with much interest
here, supporting as it does the recent let-
ter of Dr. E. A. Rose, of this place, who
was cured of Diabetes by the use of these
Pills. Of course no further corroboration
of the curative qualities of Dodd's Kidney
Pills was required other than the testi-
mony of Dr. Rose, but it is a satisfaction to
know that other medical men are able to
join the Dr. in testifying to the worth of
the Pills from personal trial.

Mrs. Housley—Bridget, I am very sorry
that you broke that vase.
Bridget—Is it only sorry ye are? Faith
an' it's meself that is sore about it. It
dropped on me first.

No one need pity you if you die of
consumption, if you have tried Miller's
Emulsion of Cod Liver Oil, "the
kind that cures" coughs, colds,
bronchitis and all pulmonary diseases.
Every bottle warranted. No oily taste like
others. In big bottles, 50c. and \$1.00, at
druggists.

"She is a girl of 17 summers."
"Indeed! How old was she when she be-
gan to have summers?"

I am not sure I ever told you what a
safe and excellent, as well as palatable
cure for Coughs, Colds, Consumption and
all Wasting Diseases is made in Halifax,
Nova Scotia. If not, let me now say that
there is no other Remedy quite as good for
these ailments as PUTTNER'S EMULSION.
I need not enlarge—a word to the wise is
sufficient—remember it is PUTTNER'S EMULSION—
for sale in your town by all the
first-class Druggists, in large eight ounce
bottles for 50c.

Nervous debility, general debility, then
consumption, step by step, that's the way
they go. Take a course of Hawker's nerve
and stomachic tonic, the greatest nerve and
brain invigorator, blood builder, appetizer
and digestive aid ever discovered, ere you
too, reach the final step.

Tired Timmy—Ma'am, could you help
me out of work?
Mrs. Pansack—Humph! You look as if
you could keep yourself out of work with-
out help from anybody.

Neuralgia and toothache are speedily
relieved by a free application of Dr. Man-
ning's German remedy, the universal pain
cure.

Do not trifle with a cough, Hawker's
balsam will quickly cure it.

Mrs. Watts—Isn't it in Turkey that a
woman is not allowed to see her husband
until the day of her wedding?
Mrs. Potts—I don't remember, but any-
way it is not much worse than the
American way of seeing so little of him
after marriage.

Testing His Honesty.
Your druggist is honest if when you ask
him for a bottle of Scott's Emulsion he
gives you just what you ask for. He knows
this is the best form in which to take
Cod Liver Oil.

**Priestley's Dress
Fabrics**
In the long run it is the quality of
the material that will determine the
success of a lady's costume. Every
lady who has at all studied the matter
knows this. Priestley's Black Dress
Goods are the best that the market affords. That is con-
ceded on all hands. The ladies of Great Britain cordially acknowledge it. The
American ladies prefer Priestley's dress fabrics to French. Our Canadian ladies
are now asking for them. They wear better than other goods; but their great
charm consists in a peculiar richness and softness of appearance, and a flexibility
which enables them to preserve the costume with that suggestion of flow and rhythm
which is the dream of all tasteful women to realize.

See that the goods you buy are stamped "every five yards"
with "Priestley's name." No others are of their manufacture

"MAKE HENS LAY"
Such is the caption of an advertisement
that appears not only in the local, but
many leading agricultural papers, and
which suggests the propriety of a few
thoughts upon the subject. It may be laid
down as a rule that most people indulge
in raising poultry not for the pleasure it
gives, but for the profit that is realized
from the same. The success of the
young chicks or eggs, and since the chicks
must come from the eggs, the real profit
may be traced to egg production, so the
advice given in these words is of vital con-
sequence to the poultry raiser. The
advertisement referred to recommends
Sheridan's Condition Powder to make
make hens lay, and so do we, says Mr. A.
P. Hunter, poultry editor of Farm-Poultry:
A hen lay profitably must be in perfect
health, must be in condition, and here is
laid the true theory of the value of
Sheridan's Condition Powder—it promotes
the general good health of the fowl, greatly
quickening digestion, and stimulating all
the various organs of the body as well as
the ovaries, to perform their functions.
At this season of the year the use of Sheri-
dan's Condition Powder is very valuable
for laying hens and young pullets. By its
use now they will get to laying earlier than
the price for eggs is very high. L. S. John-
son & Co., Boston, Mass., the only makers
of Sheridan's Powder, will send for 50
cents two 25 cent packs, five packs for
\$1.00; or for \$1.20 one large two pound
can, express prepaid. Sample copy of the
best poultry magazine free.

CON LIVER OIL has long been known to
the Medical Profession as perhaps the best
single remedy for CONSUMPTION and
other Wasting Diseases—but most sick or
ailing people have an unquarable aver-
sion to it, in its crude state.

The Hypophosphites of Lime and Soda
and the Cod Liver Oil, in their
curative effects in the above complaints.
In PUTTNER'S EMULSION the Oil, while
retaining all its medicinal virtues, is com-
pletely disguised both from eye and palate,
so as to be agreeable to the most delicate
stomach, while its curative effect is en-
hanced one hundred per cent. by its
scientific association with the salts of
Phosphorus.
