THE ENGINEER'S BI-WEEKLY

ASEC  
 ATLANTIC STUDENT ENGINEERS CONGRESS. This is our big meeting every year, and this year can claim a successful congress.  
 Our members; Harold French, Baden Connally, Doug White, Danny McMougal, Alex Smith, and Dave MacDonald; represented U.P.E.I. well and deserve credit for our showing.  
 The congress itself was sponsored by U.deM. and held at a Keddy's Inn in Moncton, with an interesting facet being the fact that the entire congress was held as bilingually; an unusual experience but no doubt something everyone will get used to as time goes on.  
 A report given by our own reps on the 'FUTURE of ENGINEERING on P.E.I.' was well received, and as it's a very important topic to any student at the congress we must give our reps credit for picking the topic and doing the research.  
 What else to say? Our thanks to U. de M.; and see you at the pub tonight.

THERE WILL BE A 50-50 DRAW AT THAT WILD AND CRAZY ENGINEER SPONSORED PUB TONIGHT

## DEAR HOLLY

Dear Holly,  
 My driver's test is coming up and I have a bad case of nerves. I've been practicing but have a problem distinguishing between pavement and grass and I understand you have the same problem. What should I do.  
 signed W.D. (women driver)

Dear W.D.  
 Your driving habits sound fine to me, however I suggest that you go to the P.E. room and suck back a few relaxing ales. It works for me.

Dear Holly,  
 In regards to your previous article I encountered problems comprehending your terminology. Please remember the utilization of polyslavic terms is in itself invincible evidence of an elevated intelligence quotient.  
 signed Cranston Snord

Dear Snord,  
 I ain't sure what I said but I got me a new dictionary and I was trying her out.
