Disastrous Fire.

St John's, Nfld, June 15—The village of Bay of Islands, a settlement on the western coast of Newfoundland, forming part of what is called the French Shore, has been destroyed by forest fires. Sixty-nine houses were burned to the ground, and 57 families rendered homeless. The French and British warships on the coast are affording assistance to the destitute people until other steps can be taken to relieve them.

Dreyfus Farewell.

LONDON, July 15—The correspondent of the London Daily Telegraph at Cayenne, French Guinea, says: "Last Friday, when Dreyfus was embarking, he cast a long and tearful look upon the prison, and said: 'Excuse my natural emotion. I have long been accustomed to that little piece of land, and I have very much loved its good and affable population.'"

Cupid breaks his bow at the sight of a face full of pimples. Hollow cheeks, sunken eyes, and a sallow complexion will defy his best intentions. Beauty is more than skin deep. The skin is merely the surface on which is written in plain characters the condition of the body. Dr. Pierce's Golden Medical Discovery is good for the complexion because it makes the whole body healthy—because it clears and purifies the blood, makes the digestion strong and clears out impurities of all kinds. By increasing the ability to assimilate nutritious food, and may by the infusion of its own ingredients it enriches the blood and so makes solid, healthy flesh. It cures diseases of the lungs, liver, stomach, bowels, skin and scalp, simply because all these spring from the same cause—a disordered digestion and consequent impure blood.

An Operation Evaded.

MR. R. A. SIZE OF INGERSOLL, ONT., TELLS HOW IT WAS DONE.

Symptoms of Appendicitis—The Way They Were Relieved—The Sufferer Now Well and Working Every Day

In February, 1899, Mr. R. A. Size was taken very ill, and was confined to his home for several weeks. We heard that he was to go to the hospital to have an operation performed, but the operation never took place, and as he has started to work again and in apparently good health, we investigated the case and found that he has been using Dr. William's Pink Pills for Pale People. Mr. Size is a highly respected citizen of Ingersoll, having resided here for over thirty years, and has been a faithful employee at Messrs. Partlo & Son's flouring mills for over nine years. When asked by a Chronicle reporter whether he would give an interview for publication, telling the nature of his disease and his cure, he readily consented. Mr. Size gave the details of his illness and cure as follows:—

"In February I caught a heavy cold which seemed to settle in my left side. The doctor thought it was neuralgia of the nerves. It remained there for some time and then moved to my right side, in the region of the appendix. We applied everything, and had fly-blisters on 48 hours. They never even caused a blister and did the pain no good. The doctors came to the conclusion that the appendix was diseased and would have to be removed. The pain was very great at times, and there was such a stiffness in my ankles, also in my hand and pain all over my body. The date was set for an operation, and I was reconciled to it. About a week before I was to go to the hospital my wife was reading the Chronicle. She read an account of a man who had been cured by the use of Dr. William's Pink Pills. The symptoms of the disease were so much like mine that she became interested and wanted me to give the pills a trial. I had little faith in the pills but my wife seemed to be anxious that I should take them. I consented. The day for operation had now arrived, and I told the doctor that I did not think I would go to the hospital for a while as I was feeling better, I continued the pills, and was greatly surprised and pleased with the result. I continued to improve, and have long since given up all ideas of an operation. When I started to use the pills, I was unable to walk, and suffered something awful with the pain in my side. It was just five weeks from the time that I started the use of the pills, until I was able to walk again and I had been doctoring three months before that, and I have been working ever since. Altogether I have taken sixteen boxes of pills, and they have done me more good than all the doctors' medicine I ever took in my life. I have now every confidence in Dr. William's Pink Pills and think that they are the best medicine in the world to-day. Certainly had it not been for them, I would have had to go through the ordeal of an operation and perhaps would not have been living now. I hope that by making this public it will be of benefit to others, as it was through one of these articles that I first learned of the unequalled qualities of the pills. The public is cautioned against numerous pink colored imitations of these famous pills. The genuine are sold only in boxes, the wrapper around which bears the words "Dr. William's Pink Pills for Pale People." If your dealer does not have them they will be sent postpaid at 50 cents a box, or six for \$2.50, by addressing the Dr. William's Medicine Co., Brockville, Ont.
