

Royal Visit Plans Are Now Well In Hand

Arrangements have now been practically completed for the royal visit to Charlottetown on November 9. The regular buoys in the harbor have been replaced by light buoys to aid night navigation for the royal cruiser. The railway wharf is being tidied up, buildings painted, etc., and the surface of the roadway tidied. Along the route from Borden an excellent job has been done in repainting and renovating. At City Hall, preparations are well along; lights have been strung about the building for decorative effect by night and other arrangements are well in hand. At the Provincial Building a new base has been placed under the old Louisburg cannon, the Confederation Chamber and rooms through which the Royal couple will pass are being freshened up and a special platform has been constructed on the balcony in order to give citizens a better view of Their Highnesses. This will be draped with a decorative background. The final touches in arrangement of decorations about the city and public buildings are being left until about two days previous to the big event. Mr. W. G. Foster, manager of the Charlottetown Hotel, yesterday stated that all the food for the Government dinner in honour of Their Highnesses is now on hand. Dr. L. E. Prowse, private secretary to the Lieutenant Governor, states that arrangements have been practically completed for the private luncheon at Government House, and Mr. R. C. Parent, Superintendent of the Charlottetown Dominion Experimental Station also reported that everything will be in order well in advance of the visit to the Station.

Street Preparations

Yesterday afternoon at a special meeting of the street lining committee, presided over by Col. Elliott Full, there was a thorough discussion over placing of the school children and other groups in reserve positions and arrangements were made in this connection. Detailed instructions will go out in writing to all concerned over the week-end, and it is felt even if bad weather should intervene, arrangements to enable the children to see Their Highnesses will be as good if not better than in any other centre the Royal couple have visited. This afternoon the local advisory committee will hold another of its regular meetings to finalize a few remaining problems. All restaurants in Charlottetown will be open on Royal Visit day. First aid posts will be provided at central spots by the Red Cross. Sufficient service stations will be open to provide visiting motorists with necessary fuel. Churches are being requested to place their halls and facilities at the disposal of the public in case of inclement weather. A survey is being made of comfort stations, and when completed a list of these stations will be published for the convenience of visitors from outside the city. Traffic regulations as decided upon by the Police will also be given enough publicity to enable visitors to Charlottetown and visitors to know what is required of them by way of co-operation.

HISTORIC TRAM

LEEDS, England — (CP) — Members of a transport league here bought a 40-year-old street-car to add to their collection of historic vehicles. But they took a final 30-mile tour of the city before retiring the old tram.

IN MEMORIAM

In loving memory of Ernest Prunty who departed this life, November 2, 1943. Lovingly remembered by his Wife and Family.

BIRTHS, MARRIAGES, DEATHS

50c per insertion

The service at Clyde River is a special Harvest in Thank Offering Service. The Brooklyn Trip will be heard in a number of Gospel selections at this service. Rev. Donald Nicholson, Minister.

GOVERNMENT HOUSE FLOOD-LIGHTED — Government House will be brilliantly lighted both inside and outside for the forthcoming Royal visit of Princess Elizabeth and the Duke of Edinburgh. A battery of powerful floodlights has been set on the Government House grounds to bathe the official residence in a strong light which makes the building stand out in bold relief.

GUARD OF HONOR — A specially trained composite Guard of Honor from all Army units of the Garrison will be on duty for the visit of Princess Elizabeth and the Duke of Edinburgh when they come here next Friday. In command of the 100-man Guard will be Major Ivan Harper, M.M. Other officers will be Lieut. B. Peters, M.M., Lieut. H. W. F. Hughes and Lieut. W. Mackinnon. Among senior NCO's will be Sgt. J. G. MacNeil, R.S.M. E. A. Jessome, Sergeant Major Clifford Orford and Warren Farrar.

ARMY RECRUITING — Though the first rush of the early days of the recruiting campaign for the Army has ended there is still a steady stream of men going through the local Recruiting Office at the Armory. Officials report it has been very satisfactory with men arriving for enlistment every day to keep the staff busy preparing them for transfer to Eastern Command at Halifax for final attestation. The latest recruits to leave here went by Maritime Central Airways yesterday. They were E. P. Perry and J. A. MacInnis, both of West Royalty.

ORPHANAGE CHILDREN TREATED—Each child was treated to ice cream, cake, sandwiches and given a gift when a group of pre-school children from the St. Vincent's Orphanage were entertained yesterday afternoon by the F. W. Woolworth management and staff in the recreation room of the local store. Transportation was provided by four Charlottetown citizens for the children, who had a wonderful time playing with the assortment of toys provided by the management. A similar entertainment for the children of the Mt. Herbert Orphanage will be held sometime before Christmas is being arranged.

Y'S MEN'S CLUB — The regular weekly meeting of the Charlottetown Y's Men's Club was held last night in the banquet room of the Y. M. C. A. President Y's Man Ray Barrett conducted the business meeting, assisted by Y's Man Ralph Jenkins. Y's Man Jim Davidson introduced to the club Dr. Kirkconnell, president of Acadia University. Speaker for the evening was Dr. G. Fred McNeilly, formerly of New Brunswick and for many

Dr. Kirkconnell Addresses Baptist Federation Meeting

The attempts to form a national Baptist organization, dating back to 1840, were described by Dr. Watson Kirkconnell, President of Acadia University, in a paper presented at yesterday's meeting of the Council of the Baptist Federation of Canada, held in the Charlottetown First Baptist Church.

A devotional period conducted by the Rev. T. B. Dornand, General Secretary of the Baptist Convention of Ontario opened the day's sessions. The President of the Federation, Dr. G. Fred McNeilly presided at the business periods.

Plans were decided to prepare in each convention area "Eligibility Lists" of men available for the Chaplaincy. At present nine Baptist ministers are serving, or soon will be serving, as Chaplains to the armed services of Canada.

The Churches of the Federation are now completing three years of special emphasis on Evangelism, and during the next three year period, emphasis will be on "Stewardship."

In his paper, "Seven Years of Federation", Dr. Kirkconnell said that after the attempt of 1840, a Baptist Union of Canada was duly incorporated by a Federal Act in 1880, and a first meeting held in Toronto, with the Hon. William McMaster as the first President. But in 1888 this was re-organized as the Baptist Convention of Ontario and Quebec.

Island Shorthorns Win 2 Grand Championships

AMHERST, N. S., Nov. 1. Prince Edward Island shorthorn breeders made a rare showing here today when they entered three animals and won two grand championships in the shorthorn competitions at the Maritime Winter fair.

Fairgame Ransom, owned by Lyle Boswell of Marshfield, won the male grand championship this morning a few minutes after he had been adjudged senior champion. The big sire was shown by Mr. Boswell's son, Roy.

Then this afternoon, Teekaydee 4D, owned by Athol Roberts of Charlottetown, won the female grand championship. This two year old heifer was grand champion at Charlottetown last summer and will be shipped to the all-Canadian sale in Toronto after the show here.

The other Island entry, a young bull owned by Lyle Boswell placed second in the junior calf class. The main exhibitors in the shorthorn classes were H. F. Carter and Son, Aulac, N. B. and George A. Chase, Port William, N. S.

Interim Rate

Continued from page 1. wall set equipment. An additional charge of 20 cents per month would apply for a desk set and 35 cents per month for hand set equipment.

Summerside Rates

Greater increases would take place in Summerside where dial equipment is now in use. There the monthly residence rate for a one party line would go up from \$3.10 to \$4.00 while the monthly business rate would jump from \$4.10 to \$6.10.

Rates planned to take effect in this city when the dial equipment is installed—expected about June, 1953—would hike the monthly residence rate to \$4.25 and the business rate to \$6.60.

The proposed rates, company witnesses stated at yesterday's hearing, are based on a re-grouping of the various exchanges in the Province and worked to supply the fiscal need of the company.

By this purpose exchanges having from 1 to 100 subscribers are in Group 1. Group 2 has subscribers from 101 to 300. Group 3 from 301 to 1,000. Group 4 from 1,001 to 3,000. Group 5, 3,001 to 6,000. Group 6 from 6,001 to 10,000. At the present time there are no exchanges in Group 6 in Prince Edward Island, but witnesses stated it was possible this grouping would be reached by the capital by the time the dial equipment is in use.

Low-Rate Exchanges

A majority of the exchanges are in the low rate Group 1. They include Cardigan, Covehead, Cra-paud, Dundas, Eldon, Hillsboro, Kinkora, Milton, Morell, Mount Stewart, New Haven, Pownal, Rustico, South Lake, St. Peter's, Tignish, Tyne Valley, Vernon River and Wellington.

In the above group the monthly residence rate for a one party line will be \$2.85 with the business rate being \$3.35. The four-year head of the Department of Education in the province of Alberta and now chancellor of the University of Alberta and president of the Council of the Baptist Federation of Canada. The singing was conducted by Y's Man Harvey MacPherson with O. K. Presby at the piano. President Ray Barrett reminded the club of the barn dance on Nov. 14. After the singing of God Save The King the members spent the balance of the evening in the bowling alleys.

Personals

Sgt. Major Robert Gauthier was home on embarkation leave recently and visited his parents Mr. and Mrs. Ben Gauthier of Rusticoville, P. E. I.

Mr. and Mrs. Phillip Gauthier have left for Moncton where Mr. Gauthier has accepted a position. Mrs. Gauthier has been staying with her parents, Mr. and Mrs. Ben Gauthier of Rusticoville, P. E. I., for the past four months.

Mrs. M. MacSwain, Charlottetown and Miss I. Rodd, North Milton, spent a pleasant vacation in Moncton, guests of Mrs. MacSwain's son and daughter-in-law, Mr. and Mrs. C. L. Rodd and son, Malcolm Gregory.

Reds Building Powerful Radio Station in Berlin

By Thomas A. Reedy. BERLIN, Nov. 1 —(AP) —The Communists are building a powerful new radio station in East Berlin in a desperate effort to blot out western radio voices, deformed sources said today.

After months of secrecy, details of the project have filtered into West Berlin. Technicians report: German workmen, under Russian experts, are erecting the giant antenna to strike back at the Voice of America, Radio Free Europe and Rias (radio in American sector).

The station will have a power of 300 kilowatts, six times the average of American stations in the United States and three times stronger than Rias, which broadcasts from a point less than 10 miles away. It will be the most powerful station in Europe, except for radio Moscow.

Construction engineers have been given a target date of Dec. 21, Prime Minister Stalin's 72nd birthday, to get the station on the air.

American officials, who depend on West Berlin's Rias to tell their side of the political story in the Russian zone of Germany, are concerned. They think the new station will blot out Rias so effectively it might as well close. To bring Rias up to a competing stature would require an outlay of more than \$3,000,000.

Engineers said the new station would also boom into Munich and interfere with the amplifiers that project the Voice of America (government enterprise) and Radio Free Europe (private enterprise) into the Balkans and the Soviet Union.

The Russian zone has two other projects to strike at these radio networks. These steps are regarded here as proof the Western propaganda has reached its targets behind the Iron Curtain and produced results worrisome of the Communist hierarchy.

Ivan The Terrible In Role Of Hero

HOLLYWOOD, Nov. 1 —(AP) —Ivan the Terrible became Ivan the Terrible today. Ivan, one of the better known wrestlers in these parts and whose real name is Don Lee, was driving home when he noticed an accident.

Howard Lawler, 43, of nearby Glendale had rammed his car into a pole. For 30 minutes he had been trapped, his legs wedged under the steering wheel.

Police said Ivan, 26, sized up the situation, braced himself, and with one good grunt snapped off the steering wheel.

Lawler was taken to hospital. party was presented with "an almost hopeless situation" in trying to issue and sell common stock.

Called to the stand in his capacity of a broker with Royal Securities Corporation, Lieut. Col. J. R. Paton spoke briefly of possible difficulties in marketing an issue with the market in its present unstable state. He said many cities had met the same trouble recently.

Cross examined by Mr. R. W. Manning, Commission accountant, Mr. Richardson answered the question as to whether the proposed dial installation here depended on getting new rates. The witness said if the company could not finance it they were at a complete loss to know where to get the money. If the earnings of the company, he said, are in sufficient to attract capital the order by equipment with North Electric Company would have to be cancelled and the whole construction program carefully looked at.

Although there had been an increase in company revenue it was done to a greater number of phones in use. Mr. H. E. Archibald, commercial manager, stated that under the new groupings the hours of service would be continuous in all groups.

Distance Calls, etc. Among various matters brought into the discussion were subscribers being in arrears, the surcharge on long distance calls charged by hotels when calls were placed and the preparation of directories. On the latter point it was said the "old face" listings would be increased.

A note of humor was injected into the proceedings when Mr. K. M. Martin, solicitor for the City of Charlottetown, was questioning Mr. Archibald on rates charged in other Maritime centres. On hearing those in effect in Truro he smilingly asked if Mr. Archibald knew Truro well. There, he was told "I was born there." Asked Mr. Martin "And do you still have any friends left?"

Members of the Commission sitting during the three day hearing were Chairman Judge C. St. W. R. Brennan, Mr. D. L. Matheson, K.C., of this city represented the Island Telephone Company as counsel. Mr. K. M. Martin, K.C., appeared for this city; Mr. Randolph W. Manning, as commission accountant; Mr. Bruce Judson, Alexandria, attending in the interests of the connecting lines of the Province; Mr. A. Walthen Gaudet, Charlottetown Board of Trade; Mr. Melvin McQuisid, Souris Board of Trade; Mr. Carl Bethune, solicitor for the City of Halifax, here as an observer.

The proceedings were tape recorded for future transcribing by the Public Utilities Commission.

Estimated Costs

It was estimated that the gross earnings would jump from \$384,000 in 1951 to \$508,504 in 1953, the year when installation of the dials is anticipated. Mr. J. E. Richardson, secretary and general counsel, for the company, said at present rates the earnings would not be enough in 1952 to pay dividends and that under those earnings rates the com-

Naval Officers Association Annual Meeting

The annual meeting of the Naval Officers Association, P. E. I. Branch was held last night in the wardroom, H. M. C. S. "Queen Charlotte".

The officers elected for the ensuing year are: President, Commodore G. M. Hibbard; Vice-president, Lt. Cdr. C. P. MacKenzie; Secretary-Treasurer, Lt. Cdr. R. J. McCarville.

Plans were laid for an extensive program to be carried out during the coming months. Lt. Cdr. J. Trainor, Commanding Officer of H.M.C.S. "Queen Charlotte" kindly offered the facilities of the Wardroom for the furtherance of the program.

Y. M. C. A. News

Phila The Alpha Chapter of the Phiats held their regular meeting on Thursday. Although vacations forced some members to miss bowling there was a fine turnout on the alleys. So good, in fact, that the club is considering re-organizing three alleys instead of two—one alley for each member present.

The business meeting was very successful. We made plans to send a ham for a Christmas party to be held at the Y. M. C. A. in Nottingham, England. The skate which we had planned to hold at the beginning of November has been postponed until the middle of November as Mr. Brown does not think the ice is thick enough for the crowd he expects us to get—and we hope to get! So—we will give the public thick ice if the public will give us a crowd. November 10th has been set for the Rummage Sale.

The monthly supper and business meeting of the Beta Phiat Society was held in Room A of the Y. M. C. A. Mable Cummings, President, was in the chair. The month's business was discussed and the date was set for a Christmas Tea which is to be held early in December.

Following the business meeting an initiation of new members was held. This provided many laughs for the old members until the tables were turned. Could we help it if it wasn't bubble gum? Better luck next time Millie!

So-Ed Well, it's practically here! Yes, your So-Ed starts on Monday night at eight o'clock. This is your chance to come and enjoy yourself at "The Royal Hoedown", which marks the opening. The printed programs will be available when you get here. You will be able to look it over and choose your interest groups, and sign up. If you are not familiar with So-Ed, come along on Monday night and see what it is all about. You do not have to have a Y. M. C. A. membership to attend So-Ed.

Phalanx Twenty-five Phalanx Club members attended last Friday evening's supper meeting. It was encouraging to see such a fine turnout. Following supper, Harry Thomson led the sing-song which was followed by a few words from Mr. Ralph Manning, Mentor of the Club and guest for the evening. Mr. Manning also assisted with the induction of the new Executive. During the business meeting plans were made for a Phalanx Dance at the Rollaway Club in the near future. Harry word about this at a later date.

We've been wondering where the Phalanx reporter got to. Don't forget you have a job to do. Who is it?? I don't know!!

New Y's Men's Club Wednesday night was election night at the recently formed Y's Men's Club. The following officers were elected: President, George MacDougall, Vice-President, Jim MacLean, Secretary, Fred Norton, Treasurer, Ralph Manning. Executive members: Ralph Carr, Brian Cudmore, Arthur Carruthers, Stewart MacKay, and Percy Simmonds. The club is applying immediately for its Charter and it is expected that Charter Night will be held late in November. Over thirty-five members were present at this election meeting. The club will meet every Wednesday evening for supper at 6:15 p. m.

Two Small Children Burned To Death

TORONTO, Nov. 1 —(CP) —Two small children, one partly blind, died today in smoke and flame as they tried to grope their way out of their downtown home.

Diane, 5, and her brother David, 2 1-2, were found together in an upstairs bedroom when the fire subsided.

Mrs. Hector Raymond, their mother, said Diane was trying to save David but both were trapped. A neighbor caught two smaller children dropped from a second-storey rooftop by Mrs. Raymond.

Princess Will Inspect Royal Tour Map Drawn By Model School Pupils

A large map of Canada, drawn and coloured by pupils of the Model School under the direction of Miss Mildred Harrington, showing the route of the Royal Tour, will be viewed by Their Royal Highnesses, Princess Elizabeth and the Duke of Edinburgh, when they visit the marquee at the Experimental Farm.

Chosen as a project for the teaching of social studies and citizenship by Grades IV to VIII, the map measures nine feet by four feet. All Provinces, large rivers, lakes and the cities visited during the course of the tour are shown, with the route westward drawn in red and the return route eastward in blue.

Also shown on the map are the royal plane landing at Dorval, Montreal, a large oval picture of the Royal Couple, framed in gilt, placed in the top centre, and flags in each corner. The pupils, whose ages range from 9 to 13, are to be congratulated for an excellent piece of work, and, as far as is known, this exhibit is the only school project to be seen by Their Royal Highnesses during their tour.

Crossing Fatality Near Port Elgin

PORT ELGIN, Nov. 1 — A level crossing accident here this morning claimed the life of Florian Murray, Little Shemogue, Murray, 24, was driving a truck en route to Taylor's lumber mill when his truck collided with the locomotive of an extra freight bound for Cape Tormentine, and was jammed against a railway bridge.

The truck was dragged some two hundred feet by the locomotive to the nearby railway bridge where it was crushed between the engine and the uprights of the bridge. Acetylene torches were required to cut an entry into the twisted and crumpled wreckage of the truck where the body of Murray was found.

R. C. M. P. at Port Elgin are investigating the accident. A son of Mr. and Mrs. Harvey A. Murray, of Little Shemogue, he is survived by his wife and small son, as well as two brothers, and three sisters.

HOSPITAL APPOINTMENTS

HALIFAX, Nov. 1 — (CP) — Three former assistant physicians at the Victoria General Hospital here have been appointed associate physicians of the hospital's department of medicine, it was announced today.

They are Dr. D. J. Tinning, a native of Norway and former resident of Saint John, N. B.; Dr. R. M. MacDonald, Sydney, N.S., and Dr. L. C. Steeves, Moncton, N. B. All now are engaged in private practice here.

Dr. Tinning is a graduate of Dalhousie University. Dr. MacDonald and Dr. Steeves are navy veterans.
