MONTREAL

MONTREAL (CP) — Industrial prices on the Montreal and Canadian stock exchanges were mixed Thursday, but there was a weak undertone, as five of the six stock averages showed declines. Trading continued active.

Trading was generally featureless, but changes in the banks and papers exceeded a point. The banks were higher, while papers were lower.

The foods and textiles were the only firm spots. Steinbergs "A" gained ¼ at 28¼, a new high. Dominion Textile was up ⅛ at 12, a new high, and Shirriff advanced 1 at 16.

Dominion Tar was up ⅛ at 17¼, a new high, while other constructions declined.

The refining and western oils were fractionally lower and the beverages, steels, utilities and pipelines were mixed.

The speculative coppers recovered somewhat from an attack of profit-taking, but were still a few cents lower on the day.

The closing averages show the banks off .26 at 61.57, utilities unchanged at 156.9, industrials off 1.8 at 318.8, combined off 1.1 at 264.9, papers off 5.1 at 464.6 and golds off .56 at 89.36.

TORONTO

TORONTO (CP) — The stock market slipped off in moderately active trading Thursday with western oils the big losers, off 1¾ on index.

Base metals dipped 1 1-3 points while golds added almost 1-3.

Transactions left the ticker seven minutes behind in the first hour but later caught up as trading slowed considerably. The final volume was 6,260,000 shares, well below Wednesday's 9,147,000, the fastest day since July 7 of last year.

Speculative mines were hit by profit-taking and the most active issues lost as much as 15 cents. A recovery started in the last hour, with four of the five most active ending with small wins. Coldstream was the leader, up 7 cents at 90 cents. Can-Erin was the most active, trading 448,667 shares, up 5 cents at $1.68.

Senior base metals were off almost in a line. Noranda and Opemiska had the big losses, off ½ each.

Golds rallied as Giant Yellowknife gained 65 cents at $7.15, Preston East Dome 15 cents at $6.55 and Campbell Red Lake ⅛ at 10¾. Canadian gold kilo bars were quoted at $34.08 to $34.20.

Western oils slipped down as they continued to react to a United States announcement of compulsory restrictions on oil imports. Hudson's Bay dipped 1 at 17 and Calgary and Edmonton lost ⅞ at 30⅜ for the big losses.

Index changes: golds up .32 to 90.12; base metals off 1.38 to 190.82; western oils off 1.70 to 132.61.

Hunters Corner

(Continued from Page 9)

fight it. Shortly after the Bridgetown mill operator and several others, one from St. Theresa, had their fines and court costs returned to them. Several threw it up to me later and stated they didn't even appeal the money was handed over by messenger.

All the ground gained in two years was lost in a matter of days when victory was in one's grasp. One of the mill operators on the Morell who had a sawdust burner installed didn't even bother to light the fire and let it fall in the river. No use wasting patrols on sawdust. My next move to save trout was made some years later when refuse from a starch factory at Baltic killed cart loads of trout at North Lake. I charged the factory owner under the Game Act. He appeared in Souris and was represented by counsel who requested a week's adjournment which was granted.

I heard that a few days later a delegation of starch barons waited on the same Premier and Attorney General who handled the sawdust cases. The following day Inspector J. Fripps called me into his office and showed me a memorandum received from the Attorney General's Department. On it was written NOLLE PROSEQUI -a legal term meaning "unwilling to prosecute" with a curt reminder that sport must not be allowed to interfere with industry. It was an admission that there was nothing amiss in Stipendiary Magistrate MacDonald's handling of the sawdust cases.

DIES HARD

I guess I die hard. In June 1956 I charged local construction company with allowing residue from gravel washing to enter the headwaters of the Montague River. The case came up for hearing on June 18th and after 11 adjournments judgement was given on September 28th when a fine of $100 and costs (2.50) was imposed. I was through on December 31st 1956 and the fine and costs to my knowledge had not been paid then. It has been alleged that it never was paid. A month or so there was a "sawdust" conviction against a Hunter River mill operator. Mr. Bell left no doubt as to how he would have handled that case. Boiled down to its las analysis I guess it depends on "whose ox was gored". No wonder the sawdust situation has fallen into mess it's in . . . and trout are held as being a great attraction for tourists.

Remember boys, the next meeting of the Queens County Branch Fish and Game Association will be held in the Legion Hall on March 24th at 7.30 p.m. Bumper attendance is requested as important matters will be discussed.
