S. OF T.—David Small, Esq., G. W. P., of the Sons of Temperance, accompanied by several of the city members paid an official visit to Excelsior Division, Cornwall, last evening. In his address he thanked the Brethren for the very kind reception extended to him and then proceeded to speak of the work, object and aims of the Order, and urged upon all present to start out into more aggressive temperance work, which was the peculiar privilege of Sons of Temperance. During the evening refreshments were served by the ladies. The G. W. Patriarch will visit Mayflower Division on Saturday evening. Other visits will be announced later.

THE OLIVETTE.—It is pleasing to hear that the Canada Atlantic and Plant Steamship Company has decided to place upon the route between Boston and Charlottetown this beautiful yachtlike steamer the Olivette. The Olivette has hitherto "run" between Halifax and Boston and is at present performing service between Port Tampa, Fla., and Havana. The schedule for the early spring provides for the sailing of the Olivette from Boston at noon on Tuesday of each week, and from Charlottetown at noon on Fridays. The steamer will call at Hawkesbury and Halifax both ways. This schedule is to be maintained until June 28, when the tri-weekly service by the Halifax and Olivette between Boston and Halifax will be resumed, and the steamer Florida, will again be placed on route between Charlottetown and Boston. After the close of the tri-weekly business between Halifax and Boston, the Olivette will again resume her trips to the Island running on the same schedule as in the spring, and the Florida will be withdrawn and sent south.

ENTERTAINMENT AT ST. JAMES' HALL.

THE concert in St. James' Hall last evening drew a full house and the large audience was in no way disappointed with the evening's entertainment. H. C. McDonald, Esq., presided. The instrumental trio by Messrs Fletcher, Hyndman and Johnston, was well given, as were also the piano solo by Miss Bertie Brown, and the duet by Miss Hobbs and Mr. Earle. Mr. Johnson's "Piccolo" solo delighted the audience. The vocal duet, "Swallows," was well sung by Mrs. Roome and Mr. Dixon. We should have liked to have heard Mr. Dixon sing a solo as he possesses a fine tenor voice. Mrs. Roome also sang a Scotch song in her usual good style. Miss Bertie Nicholson's solo "After Sundown," was a pleasing feature. This young lady possesses a nice clear voice that promises well for the future. Mrs. J. M. McLeod sang that beautiful vocal waltz, "The Kiss," in splendid style, and Mr. Bruce's song, "Steering Home," was also well rendered. Mr. Fletcher's performances are so well known that it is needless to make comments. It is always a pleasure to hear him and last night was no exception. The readings by Misses James and Stentiford and Mr. Good were in good taste and well received.

The comic songs by Messrs. Whitlock and Bremner kept the audience in good humour. The chorus by the choir was well sung and brought to a close a very pleasant evening. Mr. Earle's accompaniments were no small part of the programme, and he is to be congratulated on the success of these entertainments given under his direction for St. James' Church.

ZION CHURCH CONCERT.

A VERY pleasant and profitable evening was spent with Jean Ingelow in the lecture room of Zion Church last evening. The Y.P.S.C.E. are to be congratulated upon having so much literary talent, as well as upon the energy displayed in carrying out so successfully an entertainment of such merit as that of last evening. The Rev. D. Sutherland occupied the chair, and to say that he carried out his part well is but voicing the sentiment of all present. The first number on the programme was an instrumental duet by Misses McLean and Poole, which was rendered in a very pleasing manner. Mr. McLaren read a most interesting essay on the life of Jean Ingelow, and a recitation by Miss Laura McIntyre and Miss Edna Sinclair were favorites. Miss Annie Morris, Miss Ross and Miss Winnifred McCallum also recited in their usual splendid style. There were several solos capitally rendered by Mrs. J. M. McLeod, Miss May Farquharson and Miss Dorothy Huggan. Miss May Bruce and Miss Pearl Hunter recited nicely, and Miss Tina McIsaac read a very excellent piece. But the gem of the evening was the chorus by the seven little girls, with Miss May McLeod as pianist. Great credit is due their instructor, Miss Annie Fraser, for a more pleasing chorus it has not been our privilege to listen to for man a day. To say the least about this entertainment, it was well carried out; and we hope the Y. P. S. C. E. will long continue to entertain our people in such a good way. The meeting closed by singing the National Anthem.

SUPREME COURT.

THE Supreme Court at Georgetown opened yesterday at 11 o'clock, Judge Fitzgerald presiding. The Grand Jury is composed as follows: Geo F Owen, Cardigan, foreman; John Robertson, Inkerman; Francis McKinnon, Melrose; Angus McLeod, Brown's Creek; Peter Byrne, Brown's Road; James A McKinnon, Souris West; Hugh McAulay, Souris Line Road; Alex. McDonald, Peake's Station; Alfred W. Carleton, Souris; John A Chowan, Murray Harbor; Geo J Wright, Lower Montague; Anthony McLauchlin, Peake's Station; Augustus J McInnis, Murray River; Nathaniel McLaren, Brudenell; Alexander Robertson, Red Point; Charles McDonald, Little Pond; John D Bell, Montague Bridge; Wm Gordon, Brudenell, Peter Stewart, Souris; John D Scrimgeour, Cardigan.

There are no criminal cases on the docket. Mr. A. E. Ings was admitted a barrister of the court.

The Grand Jury, before being discharged, presented Judge Fitzgerald with a congratulatory address on his elevation to the bench. They also presented a report of the Jail and County House, and recommended that there be only one jail for the whole Island.

The Court will probably close to-day.

PERSONAL.

Mr. Edward Hogan, son of ex-Councillor Hogan, who has been attending Ottawa University, arrived home last evening.

The latest report from Winnipeg is that Mr. Hugh John MacDonald will again be the Conservative candidate at the forthcoming election.

Advices from Moncton state that Rev. W. W. Brewer, is suffering from a servere cold and was unable to conduct service on Sunday. Rev. John Read, whose illness has already been noted, was also unable to officiate on Suday last.

The Ottawa Free Press says: Mr Joseph Octave Arsenault, who has recently appointed to the Senatorship made vacant by the death of Senator Howlan, is a minister without portfolio in the local cabinet of Prince Edward Island." This is "home news from abroad" with a vengeance. Lieut. Governor Howlan is certainly a very lively corpse. We saw him this forenoon and he looked the picture of good health. To say that the newly appointed Senator is "a member of the Local Cabinet of Prince Edward Island" is, perhaps, the unkindest cut of all!

It is with pleasure that THE EXAMINER notes the success at San Antonio, Texas, of Mr. Henry Affleck, an Islander, who has been for a number of years in the employ of the Singer Manufacturing Company. Writing to a friend at Searleton Mr. Affleck says he has been successful in recently winning a valuable prize. The Company offered a handsome gold-headed cane for the best average made by any collector in the New Orleans territory. This is a very large area, comprising all the Southern States from Florida to Mexico. Mr. Affleck has secured former prizes for collecting, besides having won various others for other branches of the work.

RHEUMATISM CURED IN A DAY.—South American Rheumatic Cure, for rheumatism and neuralgia, radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. LETTERS TO THE EDITOR.

REPLY TO "M."

SIR,—I can waste very few words on your self-opinionated correspondent "M." His imagination has struck oil in the discovery of a "continuous circuit." Let him take the "perforated pipe" and the "perfectly sound pipe" and connect them at their extreme ends, so as to "complete the circuit;" and then test his boasted "common sense" in evolving altered conditions sufficient to help him out of his dilemma. He pronounces "Hydrostatics" when associated with "common sense" as "good." He failed, however, to declare the "common sense" connection between "Hydrostatics" and his pet discovery of a "continuous circuit." I admire his discretion in withholding the endorsement of his name. He has "common sense" enough not to attach it to his nonsense. When he is willing to assume responsibility for his utterances by appending his signature to his letters, I will have no objections to giving him whatever attention his contentions demand.

AN ISLANDER'S TERRIBLE DEATH.

John McLeod, a young man who was employed on the tramway between the Butte and Boston concentrator and shaft No. 2 of the Silver Bow mine, met a frightful death about 11 o'clock last evening. The ore from the mine is carried by means of cars on an incline tramway to the concentrator, about 500 feet away. McLeod was engaged in filling these cars, and had sent one up the steep incline when the pin connectind the cable with the rope gave way. McLeod was in the act of filling another car at the time, and evidently did not hear the descending car, for he made no effort to get away. The runaway car struck him in the lower portion of the body, breaking his legs in several places and almost severing the body in half.

Jessie High the engineer at the hoisting works, was the first to reach the body after the accident, but life was then extinct. The body, which presented a frightfully mutilated condition, was removed to the Butte Undertaking rooms, where an inquest was held at 2 o'clock this afternoon.

McLeod was about 26 years of age, and had resided in Butte for about two years. He came here from the State of Maine, but his home is in Prince Edward Island, Canada, where his parents are now living. He was unmarried, and boarded at the American house.

The deceased held an insurance policy for a few hundred dollars. A telegram was sent to Wiltshire, P. E. Island, this afternoon, notifying them of the sad accident. The body will in all probability be buried here.

At the conclusion of the examination of witnesses at the inquest this afternoon, the jury visited the scene of the accident to make an inspection of the surroundings. From the evidence it appears that it was one of the links and not the pin that broke. The link, it is said, had become crystallized by the frost.—Daily Inter-Mountain, Butte, Montana, Feb. 1895.

[The young man referred above was a son of Mr. Duncan McLeod, of Lot 22, and was about 25 years of age. He left his Island home about three years ago. His body will be brought home for interment Mr. McLeod was a very estimable young man, and was deservedly popular with all who knew him. His parents and relatives have the sympathy of all in their bereavement.
