Beautiful Plant Enemies

By F. H. MacArthur

Besides the destructive clothes-moth, there are other moths and butterfly pirates that destroy our garden fruit and ornamental trees in spite of all the poisons we are able to muster against them.

The pea-moth is the villain of our peas. Once their eggs are hatched and the young begin their work, you might just as well stand aside and let them finish their job; for who wants peas to eat that are crawling with maggots?

Personals Friends of Mrs. Wilfred McKenna, Sydney street, will be sorry to hear she has undergone an operation in the Charlottetown Hospital.
