**QUIX WASHES CLOTHES COMPLETELY CLEAN**

**Yet Quix costs less**

Quix is quicker because it dissolves quicker.  
Quix never clots, jells or runs together in water like ordinary soap powders.

Quix contains a special ingredient that actually makes colours brighter, whites whiter.  
Quix sells for less than other soap powders yet each package contains more actual net weight.

Of many letters received, here is one from—Miss Shirley French, Glace Bay, N. S.

Dear Sir:  
I really and truly think that "Quix" is the most wonderful soap powder I have ever used, and my friends and neighbours will hear about it from me soon. "Quix" is not only quicker but it's wonderful for my hands. My mother and family agree with me too. It's wonderful for dishes, clothes—even woodwork. We're housecleaning, but "Quix" does it quicker. My three sisters asked me what kind of soap powder I was using in the Washer and they were really proud to say "Quix of course". Now they all use "Quix" too.
