Trade Dept. Gets Set For World Trade Fair Circuit

By ARCH MACKENZIE
 Canadian Press Staff Writer
 OTTAWA (CP) — Canadian food, furs, forest products and other items will hit the international trade fair circuit again in 1959, for display from Japan to Australia and the Caribbean.

The trade department plans to participate in more than 20 general and specialized fairs as usual.

"Many firms are finding that this entry offers them an excellent opportunity to a previously unexplored market or gives useful publicity to products already being sold there," says George Hazen, secretary of the department's trade fairs advisory committee.

The government no longer sponsors a Canadian trade fair but subsidizes Canadian displays abroad.

SUPPORTED TORONTO FAIR
 It spent about \$200,000 a year in supporting the now defunct Canadian International Trade Fair at Toronto. In 1958 it spent \$259,000 exhibiting abroad and the sum for the last fiscal year was \$305,000.

The department sizes up the

SPECIAL DAILY MEAL 85c

Canadians Have More To Spend Than Year Ago

TORONTO (CP) — Canadians now have 8.2 per cent more money to spend than they did a year ago, the Toronto Board of Trade was told Monday.

A speech prepared for delivery by Transport Minister Hees was given on his behalf by David Walker, member of Parliament for Toronto Rosedale. Mr. Hees was detained in Ottawa at a meeting with provincial premiers about the proposed freight rate increases.

Mr. Walker said that in addition to an 8.2-per-cent increase in personal disposal income, building contracts for the first 10 months of 1958 reached a record of more than \$3,000,000,000 greater than the total for all of 1957.

"In outlining these strong growth trends presently existent in the Canadian economy I do not mean to imply that we have, as a nation, fully solved the problem of unemployment."

It was up to the government to work for a stable economy but at the same time the co-operation of business and labor was needed. Business had to place greater emphasis on salesmanship.

"Acting together, each in his own particular sphere, we will move forward to the highest standard of living enjoyed by any other country in the world."

Court Insists On Apology

OTTAWA (CP)—The Supreme Court of Canada Monday refused to allow Toronto lawyer Lewis Duncan to appear before it on his own behalf — or in any other capacity — on grounds he still has to apologize to the court as ordered last December.

He may, however, be represented by counsel in his application to appeal against a lower court judgment involving himself and the Ontario Teachers' Federation, the court ruled.

Mr. Duncan last December was fined \$2,000 for contempt of the Supreme Court and was ordered to apologize unreservedly in open court before appearing before it again. He has not apologized but he paid the fine.

Mr. Duncan as counsel for one of the principals in a will dispute, had asked that Mr. Justice Charles Locke be excluded from the panel of five judges hearing the case. Mr. Justice Locke withdrew after Mr. Duncan said justice would not be served if he sat on the case.

Stolen Bonds Case Opens

HARTFORD, Conn. (AP) — A federal grand jury Tuesday indicted Boston executive Bernard J. Ezhaya, 45, on charges of receiving several stolen bonds taken in multi-million-dollar burglaries from Canadian banks.

U.S. attorney Harry W. Hultgren Jr. immediately asked Federal Judge J. Joseph Smith to raise the bond under which Ezhaya had been released to \$150,000 from \$50,000.

Hultgren said that the amount of stolen bonds the man allegedly received is "at least \$103,000 more than originally believed."

Ezhaya, president of Industrial Relations Associates Inc. of Boston, was arrested at his New London home Sunday by agents of the Federal Bureau of Investigation.

He was charged with violating a statute forbidding the interstate transportation of stolen property.

Special FBI agent Edward J. McCabe said Ezhaya successfully used the stolen bonds as collateral for loans at New London banks.

The government said the bonds were part of a \$1,789,400 burglary from the Caisse Nationale d'Economie of Montreal early this year and a \$2,250,000-or-more burglary of the Brockville Trust and Savings Company of Brockville, Ont. last May.

West Presents Russia With Nuclear Plan

GENEVA (AP)—The West presented Russia Tuesday with a detailed plan for an international control organization to police a ban on nuclear weapons tests. All major nations, including Red China, would participate.

It was the first time the United States and Britain gave the Soviet Union a full outline of their views on the political and administrative aspects of the proposed worldwide control body.

The organization would be empowered to police without interference from any government. Western informants said Soviet delegate Semyon Tsarapkin discussed a number of the points raised but gave no firm answers.

The calls for the inspection group to have unrestricted control of about 180 observation posts scattered around the world. Personnel would have freedom of movement for on-the-spot investigations.

OUTLINES NEW DIET THEORY

TORONTO (CP)—Eat fat and you lose fat.

This is the theory of Dr. Richard Mackarness, a British physician whose book, Eat Fat and Grow Slim, has sold 21,000 copies in England since May and started a new diet fad.

He said Tuesday that thousands of too-fat Canadians may be doing themselves harm by sticking to low-fat diets instead of following his calories don't matter theory.

Dr. Mackarness, in Canada to gather material for a new book on the properties of fat, says the secret is to stay away from carbohydrates, starch and sugar.

"Fat is not only great stuff for bringing down weight to normal and keeping it there," said the 42-year-old doctor, "it is a fine promoter of physical and mental health and as good a builder of character as the boy scout movement."

Dr. Mackarness cited tests proving his system but he was his own best guinea pig. The 5-foot Londoner went from 186 pounds to his present 156 testing his theory.

Truckers Will Accept Controls

TORONTO (CP) — Leaders of the Canadian trucking industry appear ready to accept greater federal control over interprovincial and international traffic.

The new policy stand became apparent Tuesday at the opening of the annual convention of the Automotive Transport Association of Ontario.

Executive secretary John Magee of the Canadian Trucking Association said draft legislation has been drawn up to clear away the present "extra - provincial control mess."

Under the draft act administration of control would be left with provincial regulatory boards but direction would come from Ottawa, he said.

"Standardization, uniformity, the end of multiple hearings. The possibility of rate filing right across Canada — at least for extra-provincial operations — are all implicit in the new draft act."

Malayans Charge Insult In Volume

KUALA LUMPUR, Malaya. (Reuters) — Public leaders here Monday called on the publishers of the Encyclopaedia Britannica to "end their insults to the Malay people."

They took offence at the references to Malays in the 1947-57 edition of the encyclopedia as "indolent, pleasure-loving improvident, fond of bright clothing, of comfort, ease, and (disliking) toil exceedingly."

3 Volunteer For Drink, Drive Test

TORONTO (CP)—Three young men from the suburban Etobicoke Junior Chamber of Commerce volunteered as guinea pigs in a scientific drink-and-drive test Saturday.

The results: After a few drinks the men didn't drive as well as when sober. But they thought they did.

The tests were carried out by representatives of a Toronto newspaper, the attorney-general's department and the Toronto police traffic division.

The men, identified only as Tom, Dick and Harry, were aged 25, 22 and 22. Each drove a late model car four times through a complicated driving course at the Canadian National Exhibition grounds.

The limits of maneuvering were set out with rubber stanchions. Performances were observed and scored for the "dry runs" and compared with performances on "wet runs."

The tests pitted each driver's sober performance against his driving after a few drinks.

Northern N.S. Gets First Snow

NEW GLASGOW, (CP) — Northern Nova Scotia got its first snowfall of the season Tuesday. The snow was light — about an inch — but thawing and freezing coated streets with ice that gave motorists lots of trouble.

The Halifax weather office said Southern New Brunswick and Prince Edward Island got the heaviest snowfall, up to three inches. Cape Breton Island had amounts ranging from an inch at Sydney to two inches at Cape North.

War Amps Send Springhill Aid

TORONTO (CP) — The War Amputations Association of Canada announced Tuesday it has sent \$1,000 to the Springhill disaster fund to aid families of the 75 miners lost in the underground upheaval Oct. 23.

CLAIM PLANE DOWNED
 HAVANA (AP) — Rebels claimed Monday they shot down a Cuban Army plane as the government sped reinforcements into key provinces to counter a fresh upsurge of violence.

Sept. Output Of Gold Declines

OTTAWA (CP)—September output of gold eased fractionally to 375,272 fine ounces but increases in all the previous months kept the nine-month total ending Sept. 30 up 13.1 per cent—at 3,392,137 fine ounces—on the comparable 1957 total.

All gold-producing regions except the Prairies, British Columbia and the Yukon recorded increases in the nine-month period, said the bureau of statistics.

Uprisings In China Reported

TAIPEI (AP) — Nationalist officials Tuesday reported two bloody uprisings in fact on Red China's mainland opposite Formosa. More than 500 civilians were reported killed in retaliation.

They said civilians attacked Red troops in each case in the mistaken belief Chiang Kai-shek's soldiers had landed. Both uprisings were reported to have been brutally suppressed.

Government sources said they showed the people of coastal Fukien and Kwangtung provinces hated the Communists and would support a Nationalist invasion.

More Strikes Threaten For U.S. Airlines

MIAMI (AP)—More crippling strikes threatened the troubled United States airline industry Tuesday in the midst of the U.S. Thanksgiving holiday travel buildup.

The International Association of Machinists considered shutting down National and Northeast Air Lines in disputes over wages and working conditions, but the fear that American Air Lines pilots would walk off the job was dispelled.

The air travel crisis began developing Friday when a strike closed down Transworld Airlines. Eastern Air Lines halted all flights Monday after a walkout of mechanics and flight engineers.

CONFIDENTIALLY YOURS
 —by Byrnie Hope Sanders

MONTREAL, Nov. 27th — Cats are connoisseurs of good food! You know how snooty they can be about food they don't like — and how enthusiastic they become about DR. BALLARD'S CHAMPION WHOLE FISH CAT FOOD! All cats and kittens love fish, and Dr. Ballard's new cat food contains the high-quality proteins found only in whole fish . . . and has Vitamin B1 added. It's a new balanced nutrition formula that will make a purring beauty of your cat . . . sleek coat, bright eyes, bounding good health and high spirits. Yes, this new Dr. Ballard's Cat Food is better than ever!

MORE AND MORE DOCTORS NOW RECOMMEND that babies be started off on the new Farmer's Wife PREPARED FORMULA, with the baby sugar already added. It's so easy for the young mother to prepare it accurately. Whether it's PREPARED FORMULA or one of the other three long-famous FARMER'S WIFE Infant Formula Milks — Whole, Partly-Skimmed or Skimmed — you'll find your baby will thrive on it. Farmer's Wife milks are enriched with Vitamin D — essential for the normal development of bones and teeth. Prescribed by doctors and approved by mothers, these four Farmer's Wife infant milks are truly Canada's Finest! That means finest for your baby!

ONE OF LIFE'S PLEASURES . . . is the zesty, tangy flavour of true cheddar cheese. We can be grateful for the delight of MAPLE LEAF PROCESS CHEESE — for through an exclusive new process, "Flav-arrest", the full mellow flavour of the cheddar is "locked-in". These fine cheeses are beautifully packaged, each one tightly sealed to keep it fresh for your table. Maple Leaf Processed Cheese comes in these styles — in slices, inter-leaved and vacuum-packed — in the 1/2 lb. carton — and in re-usable tumblers and refrigerator jars. All are truly good! Try them all!

MAKE YOUR PRESENT HOME YOUR DREAM HOME! . . . With outside construction work slackening off for the winter, it's now easier to find skilled workmen to do your long-planned indoor home improvements. Turn your house into the dream home it can be by arranging for a low-cost BANK OF MONTREAL Home Improvement Loan. You'll save money by paying cash for materials and labour. You can repay your loan in equal monthly instalments, plus interest at only 6% per annum, on the amount outstanding. Just secure an estimate on the cost of your modernizing plan, then see your nearest B of M manager about a Home Improvement Loan.

FOR CHRISTMAS ENJOYMENT. Gather around the festive table to enjoy Holiday Egg Nog, made with BORDEN'S EAGLE BRAND Sweetened Condensed Milk . . .

Holiday Egg Nog
 Beat 4 egg yolks until thick and light. Gradually beat in one 15-oz. can Eagle Brand Sweetened Condensed Milk, 1 tsp. vanilla, and 4 cups whole milk. Whip egg whites until stiff but not dry. Blend meringue into Egg Nog mixture. Sprinkle with nutmeg and garnish with whipped cream if desired. For variation, add 2 tbsp. rich roast instant coffee for every quart of Egg Nog. Beat this mixture with rotary beater until well blended. (Friends of mine "love" it gently for adults.)

MY "SECRET WEAPON" for beating the "what-to-have-for-dessert" problem is ROYAL INSTANT PUDDINGS. For a dessert that's deliciously different, try this:

Crazy Mixed-up Puddin'
 2 cups cold milk — 1 pkg. Royal Instant Vanilla Pudding — 1/4 cup seedless raisins — 1/4 cup chopped maraschino cherries — 1/4 cup chopped nut meats.

Pour milk into bowl; add Royal Instant Vanilla Pudding as directed on package. Stir in raisins and nuts. Spoon into serving dishes. If desired, top with whipped cream. Makes five scrumptious servings.

It's fun to try other variations — marshmallows, diced fruits, shredded coconut . . . you be the inventor!

You'll be glad to know that Royal Instant Pudding is the one you can make with skim milk. To save cash and calories, simply follow the directions on the package.

BITING WINDS AHEAD; cold mornings, when loving mothers make sure their families are cared for cheerily with a hot cereal for breakfast! Bless you all — for it means so much to each one to enjoy, say, RED RIVER CEREAL, before the day's labors. Red River, with its delicious blending of cracked wheat, rye and flax, brings energy values to the diet of youngsters, and active workers, and guards regularity for older people, and sedentary workers. I write with real enthusiasm for Red River — and you'll understand why when you and your family have enjoyed it. Do get some this week!

A WONDERFUL FRIENDSHIP between you and your pup begins with the first meal you feed him. Be sure it's DR. BALLARD'S CHAMPION DOG FOOD and you can be sure he'll be a happy, healthy, devoted companion for years to come. Dr. Ballard's is the veterinary diet that contains all the nutrients a dog needs. Your pet will eat equally well on any one of these three flavours — Liver, Chicken and Regular. You'll be delighted with your pup's sleek coat and high spirits. This week order some Dr. Ballard's for your pet!
