NEW YORK

NEW YORK (AP)—The stock market Thursday took its first dip in eight sessions. Trading was fairly active.

Normal profit taking was the reason ascribed for the decline by most brokers.

If there was any surprise, it came in the morning when—bucking the accumulated odds composed of seven previous sessions without a loss—the market advanced. Temporarily it topped the Aug. 23 recovery high in the Dow Jones industrial averages, but only closing averages count in the usual stock market charts. The tide receded.

By the close the market showed an irregular decline, with some key stocks taking losses of 1 or 2 points. A sizable minority of stocks held gains of fractions to a point or so.

The Dow Jones industrial average closed at 609.14, showing a loss of 6.61.

REACHES NEW HIGH

At noon, the Dow industrials were up 1.34 to 617.09, surpassing the closing high of 616 reached Aug. 23 when the market reached the crest of its recovery from the lows of 1962 reached in June.

From the close of Oct. 26, when the Cuban crisis was in doubt, to Wednesday's close, the day after the U.S. election, the Dow industrials had put together a remarkable advance of 46.73.

Volume was 4,160,000 shares compared with 4,580,000 Wednesday.

The Associated Press average of 60 stocks declined 1.4 to 225.3.

Among Canadian issues, Walker Gooderham rose ¾ and Canadian Pacific ⅝. International Nickel fell 1⅜, while taking ⅝ losses were Granby Mining, Hudson Bay Mining and Mcintyre Porcupine.

Prices also declined on the American Exchange. Volume was 940,000 shares compared with 1,000,000 Wednesday. Scurry Rainbow Oil gained ¼ and Fargo Oil 1-16. Brazilian Traction and Jupiter Oils each dropped ¼.

Meteor Country Cruiser 4-door station wagon: Meteor Custom 2-door Hardtop: two of Ford of Canada's fine cars—built in Canada.

1963 Mercury METEOR-small price, big heart

Meteor for '63 is a spacious car. It's luxurious and glamorously styled. It rides on its own smooth road, levelled out by its Cushion-Link suspension. It has V-8 or Six power that satisfies. It has economy that gratifies. Meteor is a generous car. Yet it costs little more than a compact. And because it is engineered for long life, major chassis lubrications are 36,000 miles apart. Brakes are designed to adjust themselves. Meteor for '63 is a most generous car in sedans, hardtops and wagons. Enjoy its generosity. See your Mercury dealer and make sure yours is a Meteor for '63.

MERCURY IS QUALITY

All '63 Mercury Products are warranted for 24,000 miles or * years whichever comes first

Certain features mentioned or illustrated are optional at extra cost. Mileage figures quoted are based on normal driving.
