Grain

WINNIPEG, Nov. 3— (CP)— Brisk trading developed on the Winnipeg Grain Exchange today as aggressive demand saw commercial buying by shippers and export concerns, particularly in oats and barley.

Offerings were liberal but were absorbed well.

There were wide gains in flax on strong processor demand. Hedging was fairly light.

Class two and I.W.A. wheat was down a half cent.

No export business was reported in wheat but coarse grains were being consigned to United States ports in quantity.
