A Good Investment.

A MOST rare opportunity is here offered the Public, particularly Capital Speculators, either the Island or neighboring Provinces. The REALTOR, now residing in the United States, hereby offers for sale, either the whole or part of his BELONGINGS in Prince Edward Island, consisting in part, of some VILLAGE LOTS in the Village of St. Charles, and also in the Island of Beedeau, and which is laid out in WATER LOTS, and extends 200 feet along the Shore of the Harbor of Beedeau, and which is laid out in WATER LOTS, and the front secured with a Breast-work of considerable length, and which is the best location in the Village for a Wharf. On parts of these Lots stand the DWELLING HOUSES of JOHN STONE and WAREHOUSE, and one Carriage Garage. Immediately adjoining the Village is a FARM of 100 Acres, and a balance well covered with a splendid growth of wood. There are also a large quantity of FARM HOUSES, and a large Spring of Superior Water on the premises. This Farm being situated on the north side of Beedeau Bay, affords a commanding view to said Village, including its location; and, as it commands a full view of the Straits, with numerous Islands, situated in a very desirable site for a residence; a large portion of which, however, will be required to supply the growth of the Village, and for building Lots in the rear. This property is sought to be sold in the Island, in point of view and for healthy localities. Much might be said of the many business advantages, of Summerside, and of its proximity to Shediac, the terminus of the Rail Road; but it is presumed an Agent will be able to furnish well selected details with all such information before closing such a purchase.

AGENTS are offered on Townships Nos. 15, 8 and 3, in Prince County some 550 Acres of LAND, and on Lot 25, two FARMS, subjects to long Leases, paying annually 25 cents per Acre. All such property will possibly be sold, therefore, bargains may be expected.

For Terms, and further particulars, apply to F. W. HARRIS, Esq., of the City of BEK & SON, a Notary Public, with whom plans of said Village Property may be seen, also in the Registrar's Office.

ROBERT A. KIDSTON, Acting Secretary.

MR. G. T. HASZARD, Honorary Secretary, CHARLOTTETOWN, PRINCE EDWARD ISLAND.

THE COMMITTEE OF THE ART UNION OF GLASGOW have to state to the Members of the Society and to the friends and lovers of Art, that to divide the complete list of the names of the members for the year to the members, they have this year determined to issue in place of one Large Print which was sent to the Members, to print Two Prints of smaller size, but which can be printed in such a time, as will enable each Subscriber to receive them during the year, and the work will be greater value than the amount of subscription. These Plates are specimens of the very highest class, and will be sent to the Members, if they so desire, and may indeed be designated Gems of Art; they have also by adding two plates for the present year, been able to make such arrangements as enable them in all future years, to continue the giving the Engravings in payment of subscription, and at the same time to issue the Members to enjoy the highest class.

The delay in issuing the plates for last year, (most of Arts) was owing to the long time being required to print the large quantity, that was wanted, and at the same time keep up the quality of the work, and the Members who are happy to say, will be found to be most determined in every respect; the Committee were excited that no inferior specimens of the work, and that this they have been completely successful. For above a year, this plate has been printing night and day, and will continue to do so till every Member has received his copy.

Having observed that the delay that has taken place in delivering the prints of "GEMING OF ARTS" the Committee hope, that the Members will be so good as to excuse the delay, and having received such Expressings this year, that they will continue their support to the Society, and that this year there will again be a large increase to the list of subscribers.

Having said so much regarding the Engravings that have been sent to the Members, and that they will be distributed among the Members at the annual

meeting—every care will be taken to secure Paintings of high merit, and arrangements are making to have a large number of a first rate work of Art in the shape of a Geography; they are encouraged to spare no labour in obtaining this, by the great popularity of the Fac-simile of Mr. GILBERT'S Painting of "SEASCAPE" (FRANKS GOING TO MARKET) which was issued in 1847, and they have no doubt, but they will be able to bring forward a work of Art the department which will not fail to be a popular acquisition to the various Honorary Members of Art. Arrangements are also making to have fine Paintings by Messrs. PAUL & CO. As these arrangements are connected with the various Honorary Secretaries and Agents will be fully advised.

ROBERT A. KIDSTON, Acting Secretary.

Subscriptions will be received, and specimens can be seen at HASZARD & OWEN'S Bookstore.
