

Nickleback's prognostications for the future

by Joel Gillespie and Nickleback

(Based on Someday by Nickleback)

I would like an explanation for the reason that we have arrived at this juncture. We must have been temporarily visually impaired or mentally delaying the obvious for not being able to grasp the unpleasant situation in which we find ourselves. Had we not been so optimistically buoyant, we might have been able to diffuse and further rectify the situation.

Ideally, you would relax the punching muscles in your hands and empty the contents of your overnight bags. I have noticed that these events have occurred with an increased frequency and intensity, yet I fully believe that these events are preventable. There is no single that is disagreeable, given the fact that you acknowledge that this truth is self-evident:

At a future, undisclosed date, and in a manner I am not currently able to describe, I will solve all the potential difficulties betwixt the two

of us. I have been advised that you are currently contemplating when these events will come to pass; however, you're the only one who knows that.

Since you are currently located in a proximity close to my being, I believe it would be a wonderful idea to have a thoughtful, honest discourse, during which we will express long-repressed and delayed thoughts and emotions. By doing so, we could -- potentially -- change the future, evolving this relationship from a formulaic pulp or a routine slasher motion picture into a more suitable denouement.

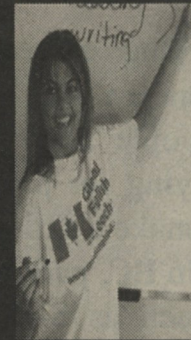

Again, I should add that as long as you know that in the vaguely distant future our once-vibrant (but now turbulent) relationship will be repaired, there is nothing wrong. In the weeks, months, years, and potentially decades ahead, and through some sort of manipulation of information, our interpersonal interactions will be mutually acceptable again. But not at this time. I can only assume that you would like to know a more specific date and time that these events will come to pass; however, I defer this information to you, as you are the one that holds the cards in this situation.

By what place of eternal damnation did the two of us arrive at this unfortunate emotional environment? There were obvious demarcations and warnings, yet we chose to ignore them. Had our senses been attuned to external events, we may have been able to provide a solution to this quagmire. However, due to our collective inattentiveness, our plotline has degenerated into a pulp-like, predictable ending. If we are not careful, it could morph into an unfortunate film treatment of a bloodbath produced in the southern regions of California.

Nothing's wrong, just as long as you know that someday, somehow, I'm gonna make it alright -- but not now. I know you're wondering when, but you're the only one who knows that.
