175 radio stations on a nationwide network in the United States will carry a "Cliff Johnson Family" program direct from Prince Edward Island for a whole week next summer if present plans materialize. Preliminary arrangements have been completed to bring the internationally famous radio family to the Island during their planned tour of Eastern Canada next June and July. George V. However, this summer the Johnson family, which is heard on the air 45 minutes daily in an informal chit-chat program, will visit Prince Edward Island, New Brunswick, Nova Scotia, Quebec and Ontario hitting the largest centres such as Montreal, Ottawa, Niagara Falls, Quebec, Saint John, Digby and Charlottetown. During the five-day stay of Mr. and Mrs. Johnson, their four young daughters and infant son, the family will originate a 45 minute daily show from their hotel here. They will tell all about Prince Edward Island and their activities during their stay here. The Cliff Johnson Family is heard in 30 states over 175 stations as far west as Cheyenne, Wyoming, south to Florida and east to Maine, New York State and including most of the eastern seaboard.

St. Joseph's Convent Annual At-Home

The annual At-Home of Saint Joseph's Sodality and Alumnae was held at the convent on Nov. 8. Although the weather was not favorable, it did not dampen the enthusiasm, and before the appointed time the hall was well filled with guests. Mrs. James McCallum and Mrs. Gordon Tombs received the visitors at the convent entrance, and Reverend Mother Superior and the president, Miss Ann Walsh, welcomed them into the hall. Reverend Mother opened the proceedings with prayer. The President expressed her great pleasure in seeing so many present. In giving a report of the work done by the Sodality and Alumnae recently she said that they had contributed funds towards assisting to equip two classrooms opened this year. She then called upon Reverend Mother who welcomed everyone, and expressed the hope that all would have an enjoyable afternoon. She also paid tribute to their spirit of co-operation and their willingness to work together for the good of the convent and to answer other calls made upon them. The tea table presided over by Mrs. Arthur P. Arsenault and Mrs. Eugene Wynne was tastefully arranged and covered with a lace cloth, and decorated with yellow tapers and a floral centerpiece of mauve and yellow mums. The members of the executive served the guests. Enjoyable piano selections were rendered during the tea hour by Miss Kathleen Hughes and Miss Florence Quinn. Before this pleasant function was brought to a close, the president expressed further thanks to all present and trusted that there would be a large meeting in December. Mother Superior added another word of grateful thanks to the members and guests whose presence had contributed largely towards making the afternoon the enjoyable one it proved. A vote of thanks to Mother Superior was moved by Miss Mary Corcoran. Benediction of the Most Blessed Sacrament was given by Reverend Justin MacDonald in the convent chapel.

Catholic Welfare Social Bureau

The great work annually done by the Catholic Social Welfare Bureau is recalled on the occasion of its yearly canvass for funds to continue for another year. Concerned solely with social problems and the alleviation of suffering, physical and mental, the Bureau encompasses a work which would be extremely difficult for any other agency to handle. Among its many acts of mercy are those dealing with child welfare, family welfare, unmarried mothers, nursing service and relief from want. It is truly unfortunate that this great work cannot be performed without the necessity of asking for financial aid from the public. While the appeal is primarily directed to the Catholic people there is no restriction of race or creed placed on the work done by the Bureau because social ills, wherever found, need sympathetic remedies. On the Bureau staff are two Sisters, one of whom is a trained social worker fully experienced in the handling of the many varied and intricate problems encountered almost daily. Also on the staff is a registered nurse on a full-time basis. They work both from Bureau Headquarters and in the homes following their almost endless task of providing boarding homes for children waiting adoption. Later the Bureau arranges the formal adoption. Then there is the work of trying to find a solution to many family problems, giving medical aid where needed and frequently direct relief to the needy. That such a wide program can be carried on is partially due to the fact that expenses are kept to a rigid minimum. The staff is supplied practically free by the Charlottetown Hospital, and the Bureau office is occupied on a rent-free basis. Despite all the economic practices there is a real need for assistance in the splendid contribution to community life is to be continued. It is expected that the public will once more respond generously to an appeal in the name of humanity.

Potato Truck Crashes Through Bridge Railing

What might have resulted in a fatal accident occurred at Clyde River bridge yesterday morning at 8 o'clock, when a big ten-wheel truck, loaded with potatoes, went out of control and crashed through the railing of the bridge. The truck was owned by Crossman and Bradshaw, potato dealers from Albany. It is reported that the driver of the truck was meeting another vehicle with a trailer attached. Just before the two machines met, the trailer became detached from the oncoming machine. The resulting collision caused the engine bonnet of the potato truck to fly up, thus obscuring the view of the driver. No personal injuries were received but the large truck which was later towed to Horne Motors Ltd. is stated to be very badly damaged.
