U. S. Player Threatens To Take Singles Title At Dominion Tourney

By W. R. WHEATLEY
QUEBEC, Aug. 15 — (CP) — A new threat from the south served notice today that he may have a shot to do with final settlement of the Canadian men's singles tennis championship.

6-2, 6-3, victory over Walt Stohlberg of Vancouver, last year a member of Canada's Davis Cup team.

To those who know Mouldous it was not exactly an upset. The 20-year-old Tulane University student twice held the No. 2 junior ranking in the United States.

Without any fuss or fanfare, Dick Mouldous of New Orleans blasted his way to a straight-set

berg's rifle serves and powerful volleying, but the young southerner proved the steeper and in the final analysis it was this and his accuracy that told.

The match turned to be the tid-bit of the day. Elsewhere in men's singles the parade of favorites continued. Canada's 1950 Davis Cup team players moved along to the third round and so did the quartette of visiting Frenchmen.

In the women's second-round singles, Pat Macken of Montreal, Canada's No. 1 woman player, moved along on a second successive default. Four other Canadian girls remained for semi-final play—Elaine Fildes and Ruth Porter of Montreal, Pat Lowe of Ottawa and Louise Brown of Toronto.

England's Barbara Knapp also entered the women's semi-finals.

Several players in the men's division played two singles matches, either to catch up after preliminary rounds or to get through matches postponed when darkness fell last night.

Stohlberg first took on Carry Tyrrell of Toronto and won 6-2, 10-4. It took Tyrrell a long time to gauge the westerner's blazing service. He gave Stohlberg more of an argument in the second set but

Walt appeared confident of not losing control of the match entirely.

Lorne Main of Vancouver appeared to have less trouble defeating a fellow-townsmen, Paul Willey, in his second match of the day than he did in the first.

Playing this morning against Jean Richer of Montreal, Main was erratic in the early game and trailed until he finally caught up and took the first set 7-6. He won the second 6-4.

Playing his shots with two hands except when he moved up to the net, Lorne soon found that Richer was an apt retriever and a good back-handed shot. Main then mixed in drop shots but took chances often in coming to the net.

It was Main who forced the play and once he settled down, his accuracy in placing began to take a toll from Richer.

Henri Rochon, Canada's No. 1 player, tolled leisurely through two matches — racing through two love sets against J. Y. Laurin of Quebec and coming back later to defeat another Quebecer, Jacques Giguere, 6-1, 6-4.

Brendan Macken of Montreal had an easy 6-1, 6-1 second-round match win over Marc Blondeau of Quebec and George Robinson of Montreal, another Davis Cupper, stopped Edgar Lanthier, Montreal, 6-2, 6-1.

Predicts Gas Turbines For Automobiles Soon

LOS ANGELES, Aug. 15 — (AP) — Gas-turbine engines, burning cheap fuel and weighing one-tenth as much as conventional types, soon will replace the piston engine in automobiles, says W. M. Brown, automobile project engineer. In an address yesterday, Brown said turbines being tested in trucks have only 10 per cent as many moving parts as ordinary motors, are smokeless and operate without vibration.

Report Advance In Price of Shoes

HALIFAX, Aug. 15—(CP)—Shoe prices are going up and they will be even higher next spring, two Canadian shoe manufacturing officials said in Halifax today. "The price in shoes has gone up five per cent within the last three weeks," said David Rosenstein, president of the Montreal Shoe Manufacturers' Association. "We also expect a similar increase in the next few weeks."

"Shoes are advancing in price and they will definitely be much higher in the spring," said Eric M. Sabiston, Toronto, president of the Shoe Manufacturers' Association of Canada.

"Canada does not produce enough skins and hides to look after the Canadian shoe manufacturing industry," Mr. Sabiston said.

"As a result, we have to import skins from all parts of the world. And subsequently, any change in world conditions is reflected in the price of skins and hides."

The officials said leather and hide restrictions are getting "very tight, and will be even tighter in the future."
