IN MEMORIAM

WEATHERBIE — In loving memory of Jasper Weatherbie who was killed on November 22nd, 1950.
This month comes with deep regret,
It brings back a day we shall never forget,
You fell asleep without a goodbye,
But our memory of you will never die.
Always remembered by wife and family.

ANDREWS — In loving memory of my dear husband Sterling Andrews, who passed away November 22, 1965.
One long and lonely year has passed,
Since my great sorrow has fell
The shock that we received that night
Will always with us dwell.
You wished no one a last forewell,
Nor did you say good-bye,
You were gone before you knew it,
And only God knows why.
As angles keep there watch up there,
Please God just let him know,
That I down here do not forget,
I love and miss him so.
Time cannot break my faith and trust
In which God said, "because
I live ye shall live also."
But time can give you back to me
When my life's work is o'er,
Then I'll be yours and you'll be mine
To have for evermore.
Lovingly remembered and sadly missed by wife. Hilda.

JABBOUR — In loving memory of Linda Catherine Jabbour who passed away November 22, 1963.

EDWARD — In loving memory of a beloved son Leslie Edward, who departed this life on November 22nd, 1952.

And a voice which brought us cheer;
And a smile we'll forever remember
When in silence we dry every tear.
Lovingly remembered by Mother, Dad, brothers and sisters and grandmother MacDonald.

PHILLIPS — In loving memory of Mrs. Forrest W. Phillips who passed away November 22nd, 1964.

They last till the longest day
They never wear out, they never get lost
And can never be taken away.

Beyond all sorrow and pain
When in God's Given time
May we all be together again.

BRISTOL

Mr. and Mrs. Charlie Lapierre have left Bristol for Montreal where they are to spend the winter months. Mrs. Lapierre was a former resident of Montreal and it was there that the Lapierres were married and resided some years before coming to Bristol a number of years ago to follow the fishing industry.

The fishing season has come to a close in Bristol, and most of the boats have been hauled home for the winter check-over. Some of the families will remain at the shore all winter long since the Red Head section has become more of a residential section for year round living.

Scores of busses unloading hundreds of children, while even more are coming up the road is not an uncommon sight around the regional high school. It has been learned that the fleet of busses will be increased to 10 or more next spring when the new elementary school is built.

In looking over some of the classrooms, a teacher happened to comment "when I was a student, I went to school on a wooden sleigh, with straw over the bottom in winter and walked nearly two miles in summer" Today heated busses toot their horn at your door and hot meals are served, if you want them; not much like eating frozen bread in the old one-room school. Charlie Campbell has been the principle of the village high school for years.

Some of the trout fishermen were trying their luck in the old mill pond some time ago, and hooked into some old animal bones believed to be the remains of a fine driving mare, lost in the pond 47 years ago this fall.

The beast belonged to the late Harry W. Davison, a farmer at Bristol at the time and for known to many residents of this area for many years after. The animal ran away on a wet Saturday night, tumbled into the big pond and was lost.

Mrs. Edward Burns has returned home from the hospital following a stay of several weeks. She is confined to bed at the home of her son and daughter-in-law.

Aldius MacKenzie, Morell, has taken up his new duties as Kings County Sheriff. He is well

Any budding Rembrandts at home? Have them colour in your family.

They'll likely colour bright and happy—that's the way you'd want it, isn't it? Even if anything happened to you.

It's simple to make *sure* that this is so.

Suggest they draw a beard on dad—not a beatnick beard, a "grandfather's beard". Are *you* prepared for this eventuality?

The financial solution to these problems can be realized by saving through a planned programme of cash value insurance with The Excelsior Life. There are other ways . . . "making a killing" on the stock market . . . having a rich uncle leave you a fortune . . . but they're not likely, are they?

The sure way is to build your own Excelsior Life programme that protects your loved ones *now* and guarantees you an adequate monthly income when you retire.

Think it over—then get in touch with your Excelsior Life representative. He's got all the skills to help you get the most from your *permanent personal* life and health insurance. Make the move today. He's a good man to know.
