SPORT ECHOES

S'ide's First Maritime Track Meet Great Success

Summerside's first Maritime Invitational Track and Field Meet was certainly a very good start, and its success should encourage the Summerside Rotary Club, the sponsors of the sports fixture to make it an annual affair.

Sandy Patterson came all the way from Boston, Mass. to take part in the meet. He won the discus throw, hurling that particular member of the quoit family a distance of 126 feet, 4 in.

Looks as if pole vaulters do a better job away from home. Alfred Groom, young Summerside vaulter, topped everyone in Antigonish and established a new Maritime record (native). (11 ft. 11 in.) Gerald McDonald, of Antigonish, who was beaten by Groom in his home town, came to Summerside and won the event. His jump (11 ft. 6 in.) was a little below the new record but considering the unfamiliar terrain was a pretty good effort.

Groom was the only Summerside entry to win points in the meet. He was first in the 120 yard hurdles, second in the pole vault, and third in the Hop Step and Jump. Mike Scott, 15 year old youngster from Summerside, who entered the mile run, gave a very good account of himself. Mike hit the stretch in third position but didn't have any kick left, and was passed just before the finish by Carl Purcell of Halifax. It was the kid's best effort to date, and remarkable considering the fact that

to call at Boston to visit relatives there.

Miss Nellie Connell of Marlboro, Mass., recently visited her father Alphonse Connell and Mrs. Connell of Kensington. While at home she had the pleasure of being present at the serenade given here by former friends of Wellington, (where she spent his young days), and Kensington neighbors. Miss Connell left by plane on July 13th for her home.

Mr. Alphonse Connell of Kensington, was a visitor to Charlottetown on Monday. Mr. Connell has the distinction of being born on Confederation Day, July 1 1867.

Mr. Connell is in remarkably good health and strength for one of his years. He is in possession of all faculties, with the exception of astigmatism or cataract, which he had removed at the P.E. Island Hospital last winter.

His memory is wonderful. He can quote profusely from the great poets, and the sweet singing Island bard Larry Gorman. In earlier days he lived near Gorman at Tyne Valley and knows one of Gorman's best, viz "Mother Poole", a gentle satire with happy ending, not recorded.

Mr. Connell has the happy faculty of being able to interest and entertain any gathering of people regardless of age.

Mr. Connell is a living contradiction to the dictum of biologists and other savants that hard physical labor shortens human life. He has worked at Manual labor since he was nine years of age, on jobs where the "fat" was a placard "fill your shovel or fill your coat."

He started farming at Wellington on one acre of clear land and had 90 acres cleared when it was expropriated during World War II. Old time farmers will envisage the sweat and grime experienced in "clearing" 89 acres.

At the serenade gathering on July 2nd in his honor, the usual daily regimen was augmented by a 15 lb. turkey, a ham and three gallons of ice cream with other comestibles. ("The despote of Egypt") were brought up-to-date. His many friends wish him "Ad Multos Annos".
