**Farm Prices & Market Report**

The following are excerpts from the farm market report of the Provincial Department of Agriculture, prepared by Mr. W. R. Shaw Deputy Minister.

**Potatoes**  
The average price for potatoes throughout the Province is \$2.60 per bushel, which covers pretty much seed and tablestock. The price on the Borden line is a little better than this level by about 20c per bus. Movement has stepped up quite a bit, with some slight improvement in reifer cars. The market is not particularly active however, but is nevertheless absorbing deliveries which are meeting previous and current sales. Fairly large quantities of American potatoes are still coming into Canada, although at the moment, the movement has slackened off a bit. American potatoes will continue to come in, even though there is an acute situation developing in supply in parts of the United States. As previously stated, if the ceiling is rigidly enforced, potatoes will continue to move to Canadian markets which operate higher than the American ceiling and have the effect of keeping Canadian prices at controlled levels.

Spanish potatoes are coming into the American market. These are mostly yellow flesh potatoes. Approximately 60,000 sacks were expected to arrive on March 31, and other shipments are likely to observe the drastic changes in the ebb and flow of potatoes from year to year. It is not anticipated that these importations will materially effect the domestic situation. There are still some complaints regarding reifer cars, and with warm weather, box cars are being utilized. These could still be dangerous. Hauling conditions on

the roads are now almost impossible, and it is surprising the quantities of potatoes that are still available in many parts of the Province. Turnips, the supply of which is shrinking, are quoted at 90c to \$1.00 per bushel.

**Prices in Meats at Maritime Centers**

Hogs at Moncton: Grade A 25.60; Grade B1 23.20; No. 1 sows 14.00; No. 2 sows 13.00; hot dressed weight delivered.

Sheep at Charlottetown: Delivered. Live grade quotations. Good 12.00 to 13.00; Medium 10.00 to 12.00; Common 5.00 to 8.00; Rail grade prices 28.00 for A's up to 70 lbs.

**Dairying**  
The price of butter on the Halifax market has not changed during the past week. The wholesale price is quoted at 68c per pound f.o.b. Halifax, with local jobbing at 70c.  
There is a slight drop in the Montreal price, with No. 1 solids quoted at 85 1-2c delivered. Toronto 65 1-4c.  
In New Brunswick, creamery butter prices weakened slightly the past few days. The changes were fractional and due largely to seasonal adjustments with the approach of the production period. Creamery operators and wholesale distributors decided it necessary to reduce quotations on creamery prints 1c per pound to be in agreement with the weaker tone on other markets. At the same time they dislike the idea of lowering butterfat prices owing to the effect it will have on the producers. However, prices in New Brunswick are now quoted; creameries to

wholesalers 1 and 2 lb. prints 68c. Wholesalers to retail stores 70c. At the present time production of butter does not meet consumer requirements in this Province. A price below that of other provinces is not so necessary as when there is a surplus to export. Regardless of the drop in New Brunswick, our price is quoted the same as last week with 68 1-2c wholesale delivered Charlottetown local jobbing 70c.  
We noticed in the press during the past week that Britain has closed the door on Canadian cheese. This is quite a severe blow to our cheese producers. They will now have to maintain a domestic floor price, and at the same time cater more effectively to the Canadian consumer, by improving the sales appeal of their product. This can be done very effectively by making a good percentage of square rindless cheese, cutting and packaging them in a modern and attractive manner.

**Eggs & Poultry**  
With prevailing milder weather and gradually improving travelling conditions, it is expected that receipts will show a greater increase both from the standpoint of heavier production and facilitated deliveries from country points. At present no surplus exists on dealers' floors and all stocks are moving readily to other Maritime points. Quality is fairly good although recently some evidence of holding on farms has been noted, this due no doubt to poor road conditions.  
Producers are receiving for ungraded eggs, delivered at O'Leary: Al 31, Am 29, As 23, B 23, C 18, Summerside: Al 32, Am 29, As 25, B 25, C 18. Kensington: Al 32, Am 29, As 24, B 24, C 18. Souris: Al 31, Am 29, As 22, B 22, C 18. Charlottetown: Al 32-3, Am 29-31, As 23, B 22-3, C 18-20.  
Dealers quoting station operat-

ors for the graded pack delivered: Al 38-9, AM 35-6, AS 28, B 28, C 25.  
Dealers quoting retailers for this pack loose: AL 41-2, AM 39-40, AS 32, B 32, C 27 (3c above in cartons).  
Eggs retailing to consumers: AL 48-9, AM 45, B 39.  
Poultry receipts are practically nil with no change in prices. Usually heavy snowfalls during the past month have slowed chick deliveries considerably. Hatchery operators report that surpluses on hand are slowly clearing up with improved travelling and weather conditions and prospects for balance of season sales are excellent. Breeds most in demand are cross-breds—NHKB, BRXNH, and LSKNH. Chick prices are being maintained and no reports of mortality are being received. Total chicks hatched to date this year are 30 per cent higher than for the same period in 1951, and 140 per cent above 1950.  
Feed prices have eased some since last week's report.

**Canada Leads in Oil Production**  
EDMONTON, April 3 — (CP) — The Alberta oil boom, which hit its peak in its fifth year, and Saskatchewan's fast-growing oil industry made Canada the British Commonwealth's leading oil producer in 1951 for the first time.  
Canada replaced British Borneo as the top producer. The Petroleum Information Bureau in London, England, today reported Canada's output last year totalled 6,500,000 tons compared with Borneo's 5,000,000 tons.  
A SOUTH KOREAN PORT, April 3 — (Reuters) — The First Battalion of the Royal Australian Regiment landed today to bolster Australia's Korean forces.

**Congress To Clear Scapegoat's Name**

WASHINGTON, Apr. 3—(CP)—Congress has taken steps to clear the name of a naval officer the navy says was court-martialed as a "scapegoat" as a result of the famous victory of the British frigate Shannon over the U. S. ship Chesapeake.  
The battle occurred June 1, 1813, during the war of 1812 when the Shannon cruised off Boston and challenged the Chesapeake to come out and fight. After the bitter, close-range engagement the Chesapeake was taken off to Halifax as a naval prize.  
The incident involved Capt. James Lawrence of the Chesapeake, remembered in U. S. history for his famous command: "Don't give up the ship"; and William S. Cox, a young midshipman who was acting third lieutenant under him.  
Every officer on the Chesapeake, except Lawrence and Cox, had

been wounded or killed. Then Lawrence was hit.  
The House of Representatives armed services committee was told by the navy this week that the wounded Lawrence "requested" Cox to take him below decks for medical treatment just as the British were ready to board the American craft.  
Lawrence died from his wounds. Cox was court-martialed the same year for deserting his post, while commander of the ship, as the only unwounded officer.  
But naval historians say now that Cox actually was a "scapegoat" to remove any possibility that "stigma" would cling to the name of Lawrence, a naval hero.  
After hearing the story, the committee approved a joint resolution which would nullify the results of the court-martial and empower the President to grant a posthumous commission of third lieutenant to Cox.  
The commission would be effective at the date of Cox's death—Oct. 17, 1874.  
The measure was introduced by Representative E. E. Cox (Dem. Ga.) who said he is no relation to the former midshipman.

TOKYO, April 3 — (AP) — Allied occupation forces today granted paroles to 40 more Japanese war criminals. A total of 1,180 war criminals has been released. Another 1,048 still are held.

**Neighbors** By George Clark

"Of course I'm enjoying our little anniversary party, dear, but I'm going to miss my after-dinner nap."

**A MILLION PEOPLE DIED**

A million people marching three abreast would form a column 250 miles long.

A million people in single file would reach from New York to Chicago or from Winnipeg to Calgary.

A million people make up the population of a large city such as Montreal.

A million people would have a tremendous influence on the lives of all others in the country.

A million people were cared for by at least 10 million other people who suffered because—

A million people in United States and Canada have died through Automobile accidents, in most cases needlessly because someone drove too fast or was driving after drinking or disobeyed highway signs or tried to beat a train to a crossing or was careless on a curve or hill.

A million lives could be saved if every precaution were taken and every rule of driving obeyed.

"Drive Carefully" should be the slogan of every car and truck driver in an endeavour to improve the unfortunate situation that prevails.

Be sure to carry one of our new Comprehensive Policy contracts that will protect you financially.

We will be glad of an opportunity to be of service in connection with Automobile and all lines of Insurance.
