Poor health has probably caused more business failures than bad management. The slight illness that you neglect now may make a failure of your whole life. \* \* \* \* \* Abbey's Effervescent Salt brings success through health. Taken daily, it will keep your system in perfect health, fit to withstand all attacks of disease.

### AN APPEAL TO THE WHITE RIBBONERS OF CANADA.

DEAR SISTERS,— As Dominion Superintendent of World's Missionary Work it is my privilege, as well as my duty, to bring the subject before you. At the recent Convention in Halifax, N. S., the following recommendation of Plan of Work Committee was adopted: "That February 17th, Miss Willard's Memorial Day, be set apart as World's and Dominion Day. That appropriate exercises be suggested and a Thank-offering be taken, to be equally divided between the World's and Dominion Unions."

My Appeal, enclosed, to the World's White Ribboners contains much that bears upon my department, and a suggested Programme. I also enclose a Prayer that expresses, better than any words of mine can possibly do, the sorrowful condition of millions of our sisters in India. Letters from Mrs. Large, our Missionary in Japan, in the Union Signal and Woman's Journal, tell of the enforced slavery of thousands of girls who are sold by their parents to pay some trivial debt, or to rid themselves of the expense of their support. In all heathen or semi-civilized countries the position of women and children is deplorable.

You will be glad to know that over fifty countries are affiliated, sympathetically, with the World's Union, and the number of those that affiliate financially is steadily increasing. The four largest Auxiliaries are the United States, Great Britain, Canada and Australia. Canada's fee last year was one hundred and eight dollars and ninety-six cents, and her donation one hundred and sixty-one dollars and sixty-five cents.

Without donations the work cannot be extended, as the fee is only one cent per member. Three Missionaries are in the field at present, Miss Clara Parrish in Burma, Mrs. Large in Japan and Mrs. Addie in Northern Fields of Mexico. Mrs. Mary R. Phillips, our faithful worker in India, was obliged to resign on account of serious illness in her family. Half the amount of her salary, \$300.00, is paid yearly to the National W. C. T. U., of India for organization work. The fact that funds are being collected for a Woman's inebriate Asylum there is a revelation to many.

May I urge the importance of each Province having a department of World's Missionary work. Our sympathies should equal our opportunities, and they are world-wide. I am glad that a beginning has been made. Quebec and New Brunswick have Superintendents, and perhaps Nova Scotia. In Provinces that have not a Superintendent will you not appoint one in your Local Union? and once a year, at least, consider the claims of those who sit in darkness, being bound in affliction. Take a collection or give a donation from your funds, and send it to the Treasurer of your Provincial Union, who will forward it to Mrs. Sara Ojell, 90 Somerset Street Ottawa, Ont., and she will pay it into the World's Treasury.

I shall be glad to furnish information, and answer all questions if I can, but do not send me any money. Wishing you every blessing, I am your friend, MARY E. SANDERSON, Superintendent Dominion World's Missionary Work. Danville, January 16th, 1900.

### BRITISH FEDERATION.

Kruger is the Man Who Has Brought it About, Says Dr. Conan Doyle.

LONDON, Jan. 25.—Mr. Alfred Austin, the poet laureate, and Dr. Conan Doyle, the novelist, were the guests of the Authors' Club, last night. In response to a toast to his health, Dr. Doyle said that he was about to go to the front, not with a rifle, but with a stethoscope, which many would regard as a more dangerous weapon. "This war," he continued, "marks a turning-point in the life of Great Britain. Some eight months ago I took the chair at a peace meeting, but I wish now to adjure that error. I have seen more positive virtue in this country during the past few

### ITCHING PILES...

Positively and permanently cured by Dr. A. W. Chase's Ointment.

Dr. A. W. Chase's Ointment is an absolute cure for piles, and has never been known to fail to cure the worst forms of this disease which has baffled medical skill for ages. This statement may sound rather strong to persons who do not know the superior merits of Dr. A. W. Chase's Ointment, but it is perfectly true, and heartily endorsed by the grateful testimony of thousands of men and women who have been cured by it after years of suffering, and after trying many preparations and consulting the best doctors. Mr. H. Bull, Belleville, Ont., says: "I take pleasure in stating that after thirty years of suffering with Itching Piles, Dr. Chase's Ointment has completely cured me. I tried every remedy that was advertised, with little or no benefit, but as I have told different persons affected as I was, Dr. Chase's Ointment made a perfect cure." Dr. Chase's Ointment has a record of cures unparalleled in the history of medicine. It is guaranteed to cure any case of piles. For sale by all dealers, or Edmondson, Bates & Co., Toronto.

months, than I saw during the previous forty years of my life. Why should we punish Kruger? That man has solved a problem which every statesman had found unsolvable. I would build a monument to President Kruger of the size of St. Paul's Cathedral, putting him under it, and I would write across it, 'To the memory of the man who federated the British Empire.'

### CONCERT AT PLEASANT VALLEY

The second anniversary concert of the auxiliary of the W. M. S. of Pleasant Valley was held in the church at that place on Wednesday evening, 24th inst. Notwithstanding the unfavorable condition of the road, the church was comfortably filled with an entire and appreciative audience. The meeting was presided over by the pastor, Rev. John Dystant, and Miss Emma Weeks filed the office of organist. The following programme was well carried out:

- Opening remarks by chairman. Singing by choir, "From China's Dark Dominions." Prayer by Rev. Mr. Dystant. Scripture reading and remarks by President. Singing by choir, "He shall reign." Recitation by Jennie Sharpe. Recitation by Katie Bertram. Duet by Miss Edith and Ernest S. Weeks. Reading by Mrs. Brooks. Recitation by George McLure. Singing by choir, "We'll girdle the globe." Address by Rev. Mr. Dystant. Solo by Robert Hill. Reading by Miss McLure. Recitation by Myrtle Weeks. Trio by Edna, Myrtle and Minnie Weeks. Recitation by Grace Ross. Collection, and singing by choir, "Send the Light." Recitation by Victoria Murray. Recitation by Phoebe Buchanan. Solo by Miss Bertha Stevenson. Recitation by Katie Gass. Duet by Miss Jane and Mr. Robert Hill. Address by Mr. George Mallett. Dialogue by Gracie, Goss, Minnie and Edna Weeks. Singing by choir, "Forward March." Recitation by Minnie Weeks. Recitation by Maria Poand. Solo by Miss Edith Weeks. Closing Hymn, "Jesus Saves."

### NOTES AND COMMENTS.

—The Patriot says that, "An individual came all the way from Fort Augustus to the Tory conference, upheld by the hope of receiving the nomination for that district. But either himself or his antecedents did not suit the wire-pullers, and the would-be legislator returned to his home a sadder, wiser and very indignant voter." It is stated that the only aspirant from Fort Augustus is the sitting member, Mr. Speaker Cumiskey, who has shown some disposition to return to the Conservative fold!

### ESTEEMED EXCHANGES

Moncton Times: The Attorney General of Prince Edward Island, though defeated at the polls on accepting office and consequently without a seat in the Legislature and a member of the Government that is without a majority in the House, is travelling ostensibly on public business at the public expense. Fancy a Liberal Government in England under such conditions; but of course Liberalism in England is very different from Liberalism in Canada.

St. John Sun: Prince Edward Island was recently left with one of the county court judgeships vacant until the affair became a scandal. When the office was filled by the appointment of the attorney general, the office of attorney remained vacant a long time until Sir Louis Davies should return to make the election arrangements. The attorney general then appointed was defeated at the polls, and since then the province has been served by an attorney general who has no seat in the house. The party in charge of public affairs in the little province is badly crippled.

### Alberty Plains Notes.

Mr. Patrick Ceady is building a large dwelling house, which will be the finest in this vicinity.

Our enterprising farmer, Mr. Martin Hynes, has imported a fine Yorkshire hog.

Mr. Alexander Lewis has purchased the trotting stallion of Mr. George F. McMillan. Mr. Lewis intends to enter him in the races next summer.

Mr. Charles McMillan is doing a rushing business in the dry goods line.

The debating club met here last Wednesday evening. The question was, "Was Britain justified in going to war with the Boers." The cause of Britain was upheld by Peter McIsaac and Jackson Lewis. The cause of the Boers was upheld by Peter Edmunds and L. C. Hayden. Britain gained the day by 36 of a majority.

Our school is progressing rapidly under the management of Mr. Charles Lannan. Charlie is one of the best teachers on the Island, which is evident by the order and progress of the school. Mr. Conrad Younker is spending a

few days among us. He is the guest of Mr. John Richards.

Mr. Augustine Dunn has 160 fowls fattening for the Liverpool market.

Mr. William McMillan has returned from spending a few days with friends in Charlottetown.

### BULLER.

#### Poultry Notes.

Business in poultry, is poultry for profit, and it is the most profitable branch of any farmer's business if good stock is kept and rightly cared for.

Everyone who takes special pains in keeping poultry stock pure and in a nice condition knows it costs all we can get from them in making sales of selected stock.

In feeding grain to fowls it is a good plan to give them unthreshed grain. The exercise the hens get in scratching the straw over is good for them, and saves the expense of threshing.

The flavor of eggs is affected by the food given the fowl, consequently for agreeable tasting eggs the food should be sweet, clean and of the best. Fish always impart a fishy flavor, and so must all decayed meats and offal.

### KNIGHT OF THE GRIP.

MR. W. H. BOWSER, OF ST. JOHN, N. B., USES DODD'S KIDNEY PILLS. Cured Him of Pain in the Back—Found Them to do as Recommended—Bell-Gros Dodd's Kidney Pills to be a Splendid Tonic.

ST. JOHN, N. B., Jan. 26.—One of the best known commercial travellers in the Maritime Provinces is Mr. W. H. Bowser of this city. Mr. Bowser represents a confectionery house and has been on the road for nearly twenty years. His portly figure and bluff hearty manner are known in almost every town in New Brunswick, Nova Scotia, and Prince Edward Island.

Mr. Bowser is one of the many knights of the grip who have used Dodd's Kidney Pills with entirely satisfactory results. He states that Dodd's Kidney Pills according to his experience do what they are recommended to do. His trouble was backache and Dodd's Kidney Pills cured him of it.

Commercial travellers seem particularly liable to disorders of the kidneys. Nor is this remarkable when the circumstances of their occupation are taken into consideration. Constant change of diet, variation in drinking water, damp bed clothing and the hundred and one little hardships and exposures common to the life of a professional traveller cannot help but have a serious effect on the kidneys. They are the most delicate organs in the body, the most susceptible to cold. Change of drinking water is especially severe on those organs, while alcoholic drinks do more to bring about Diabetes and other forms of kidney disease than any other cause.

Dodd's Kidney Pills are in great demand among commercial travellers. Being such a sovereign remedy for backache and all other kidney diseases, including Bright's Disease, Diabetes, Heart Disease, Rheumatism, Bladder and Urinary Complaints, Dropsy and Blood Disorders, it is only natural that travellers who generally know a thing of merit when they see it, should use Dodd's Kidney Pills. Mr. Bowser says:

"I used Dodd's Kidney Pills I beg to state that I have used them for pain in the back and have found them to be all you recommend, viz., a positive cure for all kidney trouble. I believe they are a splendid tonic—good enough for me anyway."

Russia and England own between them one-third of the whole land surface of the inhabited world.

Women are not the only ones who are sensitive about their ages. A man doesn't like to be told that he is getting old. Health keeps a man young. It doesn't matter if he has lived eighty years. If they have been healthy years he will be hale and hearty and won't look within twenty years as old as he is. Good digestion and rich, red blood make people look youthful. Dr. Pierce's Golden Medical Discovery makes rich, red blood. It makes health in the right way. It works according to the right theory, and in 30 years of practice, it has proved that the theory is absolutely correct. It begins at the beginning—begins by putting the stomach, liver and bowels into perfect order, but it begins its good work on the blood before it finishes with the digestive system. It searches out disease germs wherever they may be and forces them out of the body. All druggists keep the "Discovery."

The press of Montreal will not accept an advertisement calculated to cause emigration to the United States.

"Adversity flattereth no man," but the pains of dyspepsia turns his attention to Hood's Sarsaparilla, and in its use he finds a cure.
