

"PAINE'S."

The Name and Reputation Imply Much.

Paine's Celery Compound Establishes Safety, Health and Strength.

Never Allow Any Dealer to Persuade You to Take Something Else.

"Paine's!" Glorious talismanic name that speaks a wealth of hope and health to the thousands of disease-burdened men and women!

"Paine's!" Marvellous healer that cures when all other medicines fail!

"Paine's!" Thou bright load-star of the despondent that brings a world of joy and new life after the doctors have declared the case to be incurable!

Now is the time to use Paine's Celery Compound if you would be well, happy and hearty.

The heart, kidneys, liver, stomach—all these great organs with the majority of people are out of order in the spring time, and call for aid and repairing so that their work may be properly done.

If you have any of these organs out of repair your whole nervous system is out of gear and your life is in peril.

Paine's Celery Compound gives perfect action to the heart and other important organs; it makes pure blood, gives perfect digestion, sweet sleep, and puts you in a condition of vigor and strength that enables you to battle against the heat of summer and all the epidemics that may arise.

Remember that "Paine's" is the kind that cures. Refuse the something "just as good" that some dealers would offer you. Ask for Paine's Celery Compound and see that you are supplied with it.

EPPS'S COCOA

ENGLISH BREAKFAST COCOA

Possesses the following Distinctive Merits:

DELICACY OF FLAVOR. SUPERIORITY in QUALITY. GRATEFUL and COMFORTING to the NERVOUS or DYSPEPTIC.

NUTRITIVE QUALITIES UNRIVALED.

In Quarter-Pound Tins and Packets only.

Prepared by JAMES EPPS & CO., Ltd., Homoeopathic Chemists, London, England.

We know that Cod-liver Oil is a fat-forming food because takers of it gain rapidly in weight under its use and the whole body receives vital force. When prepared as in Scott's Emulsion, it is quickly and easily changed into the tissues of the body. As your doctor would say, "it is easily assimilated." Perhaps you are suffering from fat starvation. You take fat enough with your food, but it either isn't the right kind, or it isn't digested. You need fat prepared for you, as in Scott's Emulsion.

SUFFERINGS AT THE FRONT.

Terrible Scenes That Followed the Battle of Cold Harbor.

General Horace Porter, in "Campaigning With Grant," in The Century, telling of the battle of Cold Harbor, says:

The general in chief realized that he was in a swampy and sickly portion of the country. The malaria was highly productive of disease, and the Chickahominy fever was created by all the troops who had a recollection of its ravages when they campaigned in that section of the country two years before. The operations had been so active that precautions against sickness had necessarily been much neglected, and the general was anxious, while giving the men some rest, to improve the sanitary conditions. By dint of extraordinary exertions the camps were well policed and large quantities of fresh vegetables were brought forward and distributed. Cattle were received in much better condition than those which had made long marches and had furnished beef which was far from being wholesome. Greater attention was demanded in the cooking of the food and the procuring of better water. Dead animals and offal were buried, and more stringent sanitary regulations were enforced throughout the entire command.

What was most distressing at this time was the condition of affairs at the extreme front. No one who did not witness the sights on these portions of the line where the opposing troops were in exceptionally close contact can form an idea of the sufferings experienced. Staff officers used to work their way on foot daily to the advanced points, so as to be able to report with accuracy these harrowing scenes. Some of the sights were not unlike those of the "bloody angle" at Spottsylvania. Between the lines where the heavy assaults had been made there was in some places a distance of 30 or 40 yards completely covered by the dead and wounded of both sides. The bodies of dead were festering in the sun, while the wounded were dying a torturing death from starvation, thirst and loss of blood. In some places the stench became sickening. Every attempt to make a change in the picket line brought on heavy firing, as both sides had become nervous from long watchfulness, and the slightest movement on either front led to the belief that it was the beginning of an assault. In the night there was often heavy artillery firing, sometimes accompanied by musketry, with a view to deterring the other side from attacking, or occasioned by false rumors of an attempt to assault. The men on the advanced lines had to lie close to the ground in narrow trenches, with little water for drinking purposes except that obtained from surface drainage. They were subjected to the broiling heat by day and the chilling winds and fogs at night and had to eat the rations that could be got to them under the greatest imaginable discomfort.

A QUORUM OF CONGRESS.

Much Business Transacted Without One Privilege of Representatives.

In "This Country of Ours," in The Century, ex-President Harrison gives this interesting view of the workings of congress: "A majority of each house, under the constitution, constitutes a quorum for the transaction of business. If a quorum is not present and that fact is disclosed by a yea and nay vote, business must stop until a quorum is secured. But the members present are empowered by the constitution to adjourn from day today and 'to compel the attendance of absent members, in such manner and under such penalties as each house may provide.' A great deal of business is done in both the senate and the house when a quorum is not present, the absence of a quorum not being officially disclosed by a roll call. The sergeant-at-arms is not an infrequent attendant at social receptions and dinners, but always an unwelcome one when he comes to demand the attendance of transient senators or members upon their respective houses. One-fifth of the members present may demand a vote by yeas and nays, and the vote must be recorded in the journal which each house is required to keep of its proceedings. This journal does not include the debates, which are, however, published in full daily in The Congressional Record.

"The senators and members are privileged from arrest, except for treason, felony or breach of the peace, while in attendance upon their respective houses and while going to and returning to the meetings of congress. A member may be punished by the house to which he belongs for disorderly behavior, and by a two-thirds vote of the house may be expelled."

How Hetty Green "Squared It."

A year ago I called on Hetty Green to ask about the benefactions of the richest woman in the world. "Do you give to organized charities?" I questioned.

"No, young man," the sharp old woman replied. "I give to private charities only. Some day, when I am rich enough, I shall square it all with the Lord by building a church up country where I was born." This church is now so nearly accomplished that no doubt the Lord acknowledges the "squareness" of the accounting.—Kansas City Star.

PERFECT and permanent are the cures by Hood's Sarsaparilla, because it makes pure, rich, healthy life and health-giving BLOOD.

LET'S LIVE LONGER!

Why Die a Lingering Death of Direful Diabetes.

DODD'S KIDNEY PILLS CURE IT

Other Medicines never touch it.—But Dodd's Pills Infallibly Cure.—Expelling Poison and Pain.—Preserving Sugar and Strength.—Don't Die; Get Well.

Who would not live longer if he could? More men shorten their lives by over-indulgence in food and drink than ever die from starvation. Health can be maintained by eating and drinking just what is good for us—no more, no less.

But most of us don't do that. In health the body expels what it doesn't require, and retains what it needs. In disease either the body doesn't expel the poison or it does not retain what is needed to nourish it. In the disease called DIABETES the kidneys expel sugar. Its presence can be detected in the urine. The body needs sugar. In DIABETES the sufferer dies a lingering death.

Until recently DIABETES was supposed to be incurable. The science of today says that DIABETES may be cured. The kidneys may be restored to healthy action. Sugar may be retained in the system. Instead of filtering out the blood that is in the food the kidneys may be made to filter out the poison.

With Poison goes Pain. With Sugar stays Strength.

Diabetes disappears like magic before Dodd's Kidney Pills. Other medicines never touch it. That's the difference. If you have Diabetes get cured quickly. Don't bother with medicines that do not cure. Many will stand up to be counted among those who have been cured of Diabetes by taking Dodd's Kidney Pills.

Mr. Fred Stokes, Barrie, Ont., says:—"I have been promptly restored to health by a few boxes of Dodd's Kidney Pills. Diabetes had reduced my weight forty-five pounds, which I have regained."

Mr. D. Roblin, Bardonia, Allandale, Ont., says:—"Could for years get no relief for Diabetes which it seemed would end my days. Six boxes of Dodd's Kidney Pills have cured me."

Mr. Charles G. Lebrist, Port Hope, Ont., says:—"For ten years a victim of Diabetes. Suffered fearfully, especially in passing water. My cure has resulted from taking a few boxes of Dodd's Kidney Pills."

Mr. James K. Nesbit, county constable Stayner, Ont., says:—"Becoming aware of the fact that I was a victim of Diabetes, I resorted to Dodd's Kidney Pills. I commenced to get well with the first box and am perfectly cured."

A Wrong Supposition.

"The people moved out of that house this morning, and that is the landlord just going in."

"He appears to have a great many prospective tenants."

"Prospective tenants, indeed! They are only neighbors going to see in what condition the people left the house."—London Fun.

A Long Felt Want.

"Things are looking up."

"How so?"

Bank

President Isaac Lewis of Sabina, Ohio, is highly respected all through that section. He has lived in Clinton Co. 75 years, and has been president of the Sabina Bank 20 years. He gladly testifies to the merit of Hood's Sarsaparilla, and what he says is worthy attention. All brain workers find Hood's Sarsaparilla peculiarly adapted to their needs. It makes pure, rich, red blood, and from this comes nerve, mental, bodily and digestive strength.

"I am glad to say that Hood's Sarsaparilla is a very good medicine, especially as a blood purifier. It has done me good many times. For several years I suffered greatly with pains of

Our booklet, "Paint Points," will help you in deciding what is the proper paint to use for your cupboards, baseboards, shelves, floors, buggies, wagons, boats, farm implements, barns, fences, chairs, houses—in fact, anything that can be painted.

There are great differences in paints. Some give a bright, glossy finish, others an oil finish that can be washed. The secret of painting is to know the right paint for your purpose, then use it. The old zinc bath tub is an eye sore. You can make it look like porcelain, and wear like porcelain if you use
