AUTOMATIC WATER WATER HEATER

Canada's largest manufacturer of gas water heaters announces a new model centre-flue automatic gas water heater which provides continuous hot water 24 hours a day. Automatic thermostatic control is provided by the Rob-erishaw-Grayson Unitro Junior, which features 100% au-tomatic gas shut-off of all gas in the event of pilot outage. The heavy galvanized steel tank hydrostatically tested at a pressure of 300 lbs. per square inch, makes it possible to provide a three year warranty on the complete heater.

\$83.50

ENTERPRISE NO. 5130 AUTOMATIC GAS RANGE

Traditional pace-setter for ranges of beauty and luxury, Enterprise now presents a wonderful all-new thirty inch range model No. 5130.

Cooking is effortless. High speed top burners bring foods to selected temperatures quickly. Control is complete, as heats are accurately regulated on top and in the oven. In the Fully Automatic Model, the electric handy clock automatically turns the oven on and off. "Family-size" oven is equipped with "Perm-view" oven window and recessed oven light. New low BTU "Mini-Pilot" provides automatic oven ignition and 100% shut off control.

The divided top brings added convenience--no dangerous crowding or clutter. Large broiler is under oven and of the in-a-drawer type.

ENTERPRISE NO. 5165 COMBINATION OIL AND GAS RANGE

All the conveniences of modern gas cooking are combined with the many advantages of oil heating in this beautifully styled combination. The oil section quickly warms up even the coldest kitchen.

All top burners are of the latest Alltrol centre simmer type and save up to 30% of gas. "Family-size" oven takes even the largest roaster and is made in one seamless piece with rounded corners and is thermostatically controlled.

Drawer under the oven contains high speed in-a-drawer broiler.

Oil section is equipped with highly polished cooking cover, and extra large air space for maximum heat circulation.

This model also has the deluxe backguard with electric clock and minute minder. The oven is equipped with automatic oven ignition and 100% shut-off control.
