**W. C. T. U. NOTES**

**CANADIANIZATION AND CITIZENSHIP**

Just today we chanced to meet Down upon the busy street. What I wondered whence he came. What was once his nation's name. So I asked him, "Tell me, true. Are you Pole or Russian Jew. English, Irish, German, Prussian, French, Italian, Scotch or Russian, Belgian, Spanish, Swiss, Moravian, Dutch or Greek or Scandinavian."

Thus he gave me his reply. As he raised his head on high, "What I was is naught to me In this land of liberty; In my soul, as man to man, I am just Canadian."

Canadians are losing sight of racial backgrounds or mixtures of these new Canadians become absorbed in industry and adjusted to Canadian methods of living and enter in wholeheartedly obeying her laws.

Few Unions report studying Civic duty we not, as members, study laws relating to women and children, laws governing the operation of the beverage rooms, and other laws that seek to protect our young people from wrongdoing?

Mrs. P. Mulholland, Lynden

**NOTA BENE**

(Ottawa, June 12-16, 1939)

The Place Of Meeting

Ottawa ought to mean the most suitable place possible for any Canadian Convention, its beauty enhances its interest as a capital city and this year that beauty was again enhanced by the National War Memorial recently dedicated by our King and Queen and by the handsome decorations still in evidence, though the visit of their Majesties was over.

Southminster Church is a new edifice, and we were told by its minister that, though it seemed to us beautiful and complete, was on a unit of a three-unit group of buildings projected for the future.

**The Peace Garden**

The story of this Garden told by its founder was of intense interest. Mrs. A. R. Lanefield introduced Mrs. Scott and she spoke with conviction and enthusiasm of this project—a garden of approximately 1,500 acres, half in Canada, and southern border of Manitoba, on the northern border of N. Dakota. It is a fenced frontier, and that it "works," and as our King said, in his farewell speech of the whole world to the world. Already the pictures of it have been asked for in the Argentine, South Africa, Liverpool and at the Glasgow Exhibition. It was opened in 1929, but its development is naturally a slow matter, because money comes slowly. Children gave the first, and Junior Red Cross, Women's Institutes, I. O. O. F. Veterans have followed and are following. The choice of location fell on Manitoba, because that Government offered the land. The site was chosen in the border of Vermont, Hampshire and Quebec, but Manitoba has the honor. It would be well worth while for any Union to ask Mr. Moore if he could give them a public meeting, tell his story and show his pictures.

**The Peace Petition**

The World's W. C. T. U. sent forward a petition asking that a peace conference of the World's statesmen be called, to discuss causes of disagreement, of that which is claimed to be justice, etc. After forward to this matter in Canada. Mrs. P. J. Rowe will be sending every Union copies with instructions for circulation. She will be asking for this "bill" towards a further attempt to make our world right.

**S. T. I. MESSAGE**

(From Alberta Page)

Are we down-hearted? No, no, no. Are we giving up? NO—NO—NO! As long as tobacco trusts and brewers' associations are delving into the roots of our young people's morals and that's what they're doing, we'll try to stop them with scientifically proven facts so presented as to destroy the influence of all the heinous efforts—of alcohol and other narcotic agencies.

We'll win and keep the respect and faith of these boys and girls and then we can teach them effectively such as in their own homes, as given by Col. Sanctuair in his pamphlet on "The Oigarette," or Dr. Kress—note his authoritative position for making such statements. In his "Oigarette As a Physician Says It." A splendid book for school libraries is Sir Victor Horsley's "Alcohol and The Human Body."

A few sentences statements based on DEFINITE KNOWLEDGE are worth volumes of theories. Let us keep the faith and courage of the ages and, with effort costing at every pore, achieve instructive attitudes—acquire knowledge and pass it on whereover the need arises.

**NOTE THIS:** Alberta boys and girls have won 4 to 1/2 the NATIONAL PRIZES in the S. T. I. Contests for the past four or five years. We can increase this with the new arrangement for Posters from village and rural schools (see p. 3 of S. T. I. Sheet).

Let's redouble our efforts. For the cigarette manufacturers and the beer trade are out to undermine us. Ready for action! Clear the decks—and away. Nancy O. Parke.

**NO DROUGHT IN THE NORTH COUNTRY**

We do not know either the size or the population of Teck Township, but we would say it must be

**AGREEABLE PEOPLE**

Come, be agreeable, for you will have little competition, and are pretty sure to succeed. An agreeable person lights up the room like a lamp. He is like the shoe of a big tree on a hot day. He is like a drink of something hot, tinkles in the pitcher when you're really thirsty. He is like love when you're lonely, like a bed when you're tired, like a breeze when you're stifling, like money when you're empty, and money when you're broke, be agreeable! Study to make people like you. Make love to the world! Life's a mix-up, anyway, that none of us understand. There are all sorts of inexplicable thorns and tragedies, buffets and chagrins. And most people are a bit sorry for themselves. Hence, ugly.

But you—you be agreeable! Try it, and see what happens.
