MR. C. D. BANKIN, Chemist, North Side Queen Square, has the honor to announce to the inhabitants of Prince Edward Island and neighborhood that he has made arrangements with

**MR. B. LAURANCE,**  
The Eminent English Oculists' Optician,  
to personally superintend the adaptation of his  
**SPECTACLES AND EYEGLASSES.**

In consequence of so many applications he will be  
At C. D. Rankin's Drug Store, North Side Queen Square, from Friday, the 5th, to Friday, the 12th January.

To all those requiring aid to vision. The hold that Laurance's Lenses have taken upon the spectacle-wearing public of Great Britain and the testimonials from the greatest of the English Oculists, among the faculty in England and in this Province, must be conclusive that nothing better in aids to vision can be obtained, and when in addition such Lenses are selected and adapted to the eye by Mr. Laurance personally, Mr. Rankin is convinced the same of comfort will be obtained by every person requiring the use of Spectacles or Eye-glasses.

Mr. Laurance's mode of procedure is to test the capabilities of both eyes, and not only to determine the exact power required for each eye, but also to select the particular Lenses best adapted to arrest decay and to give sight without discomfort. Mr. Laurance is not a stranger to Prince Edward Island in his capacity as an Optician. For years he visited this Province, as testimonials from our leading medical men and citizens, as far back as 1854, can testify. Mr. Laurance is one of the leading Opticians of England, and his visit here is for one purpose, and that is the introduction of his celebrated Lenses through REGULARLY ACCREDITED AGENTS THROUGHOUT THE DOMINION.

Persons who have tried in vain to be suited with Lenses are particularly requested to call at C. D. Bankin's, and as MR. LAURANCE'S VISIT CANNOT BE PROLONGED, BEYOND A FEW DAYS, it behoves those requiring his assistance to call as early as possible. REFERENCES AND TESTIMONIALS, as to the Quality of the Lenses, etc., are coupled with the names of the following eminent Medical men and residents of Nova Scotia:

Chief Justice Sir William Young.  
Rev. Dr. Hill, Rector of St. Paul's, Halifax.  
The Hon. W. J. Almon, M. D.  
The Hon. A. W. Smith, Judge Supreme Court.  
J. Scott Hutton, Principal Deaf and Dumb Asylum.  
Dr. Arthur Moren, Physician to Deaf and Dumb Asylum.  
Wm. Dunbar, Ex-Mayor of Halifax.  
Edwd. Jennings, M. D., President of the Medical Council of Nova Scotia,  
Vice-President of the Medical Association of Canada.  
Wm. Tobin, F. R. C. S.  
W. B. Slater, M. D.  
H. C. Herbert, M. D., F. R. C. S., Surgeon-Major, A. M. D.

**From Chief Justice Sir Wm. Young.**  
HALIFAX, 2nd Dec, 1882.  
I have pleasure in testifying that the two pairs of Spectacles I have purchased from Mr. B. Laurance give a clearer and purer light, especially under GAS than any I have previously obtained HERE or ELSEWHERE.  
WM. YOUNG.

**From Rev. Dr. Hill, Rector of St. Paul's.**  
HALIFAX, N. S., Nov. 18, 1882.  
MY DEAR SIR.—The glasses which you have supplied me for reading, both by natural and artificial light, have proved themselves to be all that could be desired. I strongly recommend any persons wishing to save strain upon their eyes, and enjoy comfort while reading, to apply to you to fit them with Lenses adapted to their condition of sight.  
I am, dear sir, yours truly,  
GEORGE W. HILL, Rector of St. Paul's.  
MR. B. LAURANCE, Optician, 147 Hollis St.

**From Hon. W. J. Almon, M. D.**  
HALIFAX, N. S., Nov. 4th, 1882.  
MY DEAR SIR,—By the aid of the Glasses you last fitted me with I was enabled last night by lamp light to read with comfort, a thing I had not done for some months previous.  
I am, dear Sir,  
Yours truly,  
WILLIAM J. ALMON.  
To Mr. B. LAURANCE, Optician.

**From Judge Smith.**  
HALIFAX, Nov. 2, 1882.  
I beg to state that I have purchased of Mr. Laurance one or two pairs of Spectacles, and have found them everything I can desire to improve the vision for writing and reading purposes.  
H. W. SMITH,  
Judge Supreme Court, N. S.

**From the Principal of the Deaf and Dumb Institution.**  
HALIFAX, Nov. 1, 1882.  
Mr. B. Laurance fitted a number of the pupils of this Institution requiring Lenses to assist their sight, and I have pleasure in testifying to the benefits the wearers of the glasses have derived from their use. But for the aid thus obtained several of them would have continued to labor under great difficulty in reading script or print, and would thus have been seriously retarded in their studies which they are now enabled to pursue with comfort and satisfaction both to themselves and to their teachers.  
J. SCOTT HUTTON, Principal.

**From John Woodill, Esq.**  
B. LAURANCE, Esq.:  
DEAR SIR,—In the year 1864 I purchased a pair of night-reading spectacles (and have used them ever since) from a Mr. Laurance. I called on you yesterday and found that you were the same person, and had my name on your books, and as you then told me that you could supply me with a pair that I could see small print for 20 years longer. Well, being in active business, and only in my 74th year, I concluded to take them. But judge my astonishment, at night when I took up the evening paper. I could see to read it in any part of the room by the light of one gas burner as well as when I was 20 years of age, and I trust I will have an opportunity of thanking you personally before you leave our city.  
Yours respectfully,  
JOHN WOODILL.  
176 Barrington Street,  
Halifax, Oct. 50th, 1882.

**From Dr. Jennings.**  
MR. B. LAURANCE, of London, has shown me a great variety of spectacles, all of which bear close examination. The lenses are well polished and the mounting beautiful and substantial. I can see more distinctly through his glasses than any others I have tried. I will recommend them to my patients.  
EDWD. JENNINGS, M. D.  
Visiting Surgeon to the Provincial and City Hospital, and President of the Medical Council of Nova Scotia, etc., etc.

**From Dr. Tobin.**  
9 SOUTH STREET, Halifax, N. S., 13th Oct. '82.  
I hereby certify that I have examined several specimens of Lenses and Spectacles made by Mr. B. Laurance, of London, and have found them well cut and mounted and thoroughly servicable articles.  
WM. TOBIN, F. R. C. S.

**From Dr. Slater.**  
HALIFAX, Oct. 13, 1882.  
DEAR SIR,—I have examined your stock of Lenses and can only say that they are the most perfect set of glasses I have seen in Halifax. I believe you to be well posted in your business and thoroughly well able to correct the various defects of vision in those who may consult you. I am, etc.,  
W. B. SLAYTER, M. D.  
B. LAURANCE, Esq.

**From H. Hesslein, Esq.**  
HALIFAX HOTEL, October 12, 1882.  
Eighteen years ago, Mr. B. Laurance, of London suited me with spectacles. I have them now and they are as good as when I purchased them and my eyes do not require a stronger power.  
HENRY HESSLEIN.  
New Perth, Jan. 5, 1883.

## CORRESPONDENCE.

We do not hold ourselves responsible for the opinions or statements of our correspondents.  
Winter Mail Service.

To the Editor of the Examiner.

SIR,—I have been agitating for some years the advantage a water boat would be to the crossing, placed at Cape Tormentine with a crew to come out at a time when we have a few miles of open water. The Post Office Inspector and the Government appear to have taken the matter into consideration; but they seem to think the small sum of a dollar will induce the parties crossing to do almost anything. When I tell you of the generous offer they have made for the service in question, I am sure, sir, you will be taken aback and not be inclined to believe it. The offer make is eighty dollars, not per trip, but for the winter, with a crew of seven men and the boat to be built on the life-boat principle.

Now, sir, I think I can show you there is a real necessity for this boat, and nothing imaginary about it. In the first place, when we know there is water at Cape Tormentine and blowing fresh, we either do not go or go at the risk of having to put back, and if night is coming on and high wind with heavy sea running we have only two alternatives; one to take the water, the other to lie out for the night. This may be of little consequence as regards the boats' crews. But the safety of the mails and passengers ought to be a consideration. Adventures of this kind have happened the Island members several times when going to Ottawa. At one time the boat the Hons. Dan. Davies and James Yeo were in shipped a sea, and if she had a second one before she was bailed out, they would have had a hard struggle for their lives. This day all the members crossed. Governor Haviland was the only one who witnessed the Davies and Yeo adventure, as he was sitting facing the stern of the boat that he was in. Last winter the members who crossed had a similar adventure. The crossing was very heavy, were out all day, night about an hour when we made the water, which was between three and four miles wide; landed on the board ice some time after dark by the skin of our teeth; all hands as wet as drowned rats at this time, I should have said, excepting one boat which got stove and was not able to take the water, in consequence she was out all night. She had no passengers, but her mails were destroyed. For the practicability of such a boat I should also refer you to such men as Captain McLeod of the "Gulnare," Captain Richards and Captain Evans. The Hon. L. H. Davies, though he has only made one trip, says a great deal may be done to facilitate the crossing and lessen the danger and exposure.

Hon. William Heard and Dr. Jenkins are men who have crossed several times, and have been to the pains of informing themselves on the subject of winter crossing. Mr. Muttart, (on one occasion last winter) had the sea so high that an ordinary bailer was of no use. One of his men kicked the cover off a passenger's trunk and used it bailing, otherwise they would have been lost. But, I suppose, Mr. Editor, a number of mail bags and passengers must perish on the Straits before the Post Office Inspector and Government at Ottawa will give themselves any bother about the matter. If it was for anything to benefit the Georgetown and Pictou routes, the Inspector, perhaps, would not feel so contracted in the matter. But the Capes are doomed to put up with indifference all round the board.

The lion of the tribe of McDonald has taken from the Island all the hopes we had of a voice in the Government. Now that we are under the merciful hand and kind consideration of Sir Charles Tupper, we must put up with our lot for the present and trust in the future.

It is believed to be a question if Nova Scotia pays as much to the revenue of the Dominion, in proportion to its size, as P. E. Island does. Then why leave it without a voice and give Nova Scotia two? It is also said P. E. Island pays over \$200,000 to the revenue more than it receives, exclusive of the Fishery Award. Poor P. E. Island has fallen into bad hands.

ARTHUR IRVING.  
P. S.—We refer to Mr. Hackett's removal by Sir Charles Tupper, no doubt for the purpose of making room for a Nova Scotia friend.  
A. I.

To the Editor of the Examiner.  
DEAR SIR,—I take occasion in this letter to speak of the bad name New Perth is unjustly receiving, on account of certain desperadoes who come from other places, and disturb the place of meetings. The peace-loving residents of this locality were goaded to madness on the evening of January 2nd, by these characters, who came in force to disturb our Singing School. After frightening the fair sex with language calculated to suit the lower regions of the unseen world, they proceeded to destroy the furniture of the school. Some of the singing scholars, who endeavor to maintain order and overpower the ruffians, received some slight injuries. This is all the more disgraceful, when it is learned that the head man, in the disturbance, held at one time, an office in the metropolis of this little Province. Is there not a law against the ravages of such characters? Are civil people to be abused and insulted? Are meetings to be disturbed; is furniture to be destroyed, and still no action taken against them? There are Penitentiaries in this broad Dominion of ours, which can hold such outlaws; and if speedy efforts are not taken to have them incarcerated in places of confinement, the gallows will certainly rid the people of their presence.

By giving this a place in your very valuable paper, you will much oblige  
Yours truly,  
OBSERVER.  
Oct. 23, '82.—2aw

## PARSONS' PURGATIVE PILLS

MAKE NEW RICH BLOOD,  
And will completely change the blood in the entire system in three months. Any person who will take 1 Pill each night from 1 to 12 weeks; may be restored to sound health, if such a thing be possible. For curing Female Complaints these Pills have no equal. Physicians use them in their practice. Sold everywhere, or sent by mail for eight letter-stamps. Send for circular. I. S. JOHNSON & CO., BOSTON, MASS.

## DIPHTHERIA

GROUP, ASTHMA, BRONCHITIS.  
JOHNSON'S ANODYNE LINIMENT will instantaneously relieve these terrible diseases, and will positively cure time cases out of ten. Information that will save many lives sent free by mail. Don't delay a moment. Prevention is better than cure.  
JOHNSON'S ANODYNE LINIMENT (For Internal and External Use). CURES Neuralgia, Influenza, Sore Throat, Bleeding at the Lungs, Chronic Hoarseness, Hacking Cough, Whooping Cough, Chronic Rheumatism, Chronic Diarrhoea, Chronic Dysentery, Cholera Morbus, Kidney Troubles, Diseases of the Spine and Lame Back. Sold everywhere. Send for pamphlet to I. S. JOHNSON & CO., BOSTON, MASS.

## MAKE HENS LAY

An English Veterinary Surgeon and Chemist, now traveling in this country, says that most of the Hens and Cattle Powders sold here are worthless trash. He says that Sheridan's Condition Powders are absolutely pure and immensely valuable. Nothing on earth will make hens lay like Sheridan's Condition Powders. Dose, 1 teaspoonful to 1 pint food. Sold every where, or sent by mail for 8 letter-stamps. I. S. JOHNSON & CO., BOSTON, MASS.
