***SOCIAL EVENING** — The Young Peoples Society of the St. Andrews Presbyterian Church, Montague, were hosts to the members of Zion Y.P.S. of Charlottetown on Tuesday evening. About forty young people enjoyed a wieners' roast at Brudenell Point. The meeting opened with a get-acquainted game led by Robert Murray. The president of the Montague Y.P.S. S. S. Thelma Stewart, welcomed the members of Zion to the social evening. A sing-song around the fire was then led by Robert Murray. Weiners and rolls were served by members of the Montague Y.P.S. A short devotional period was held with Thelma Stewart in charge. The devotional period opened by singing "I Am Thine, O Lord." Evelyn MacLure read the Scripture lesson and Marjorie Gillis led in prayer. Rev. Donald Campbell also spoke to the young people. The meeting closed by singing "Blest Be The Tie" and the benediction in unison.

Will Attend Legion Convention

Mr. Rod Martin, Victoria Cross, will represent the Montague Branch Canadian Legion at the Dominion convention of the Canadian Legion which meets at Toronto on August 1. Some fifteen hundred delegates from Canada and the United States are expected to attend this year's Legion convention, which will see the veterans of two world wars parade down Toronto's University Avenue to be reviewed by General H. D. G. Crerar, war-time commander of the First Canadian Army. This year's session of the veterans parliament will deal with the growing list of activities in which the Legion has taken a leading part on behalf of all Canadian ex-servicemen and their dependents. Among them is a unique housing project in suburban

***The 117th anniversary** services of St. David's Church, Georgetown, were held both morning and evening of Sunday, July 25. The guest preacher at both services was Rev. Fraser Monroe, D.D., Editor of the United Churchman.

At the morning service, prayers were led by the pastor, Rev. W. Paterson. A special note of worship was added to the musical portion of the service by the Brooklyn Trio, whose beautiful rendition of gospel songs and hymns never fail to delight and inspire the congregation. During the offertory special anniversary gifts were presented by the treasurers of various of the church's organizations.

Rev. Monroe used as the subject of his sermon "the power to become" as appears in the text from John 1:12. Dr. Monroe impressed upon his listeners that the source of power to become Christian men and women, fulfilling one's true destiny, lies in the environment which we build around ourselves. He said the ideal environment should embrace the Bible as the basic and most-read book among other good literature; Jesus as the perfect and never-failing friend of a progressive Christian existence; and the Church for a worshipping and interdependent fellowship with all Christians throughout the world. Such an environment would gradually enlarge the horizons and outlook of the individual to enable him to understand and work for the ideals of an all-embracing Christianity, he said.

At the evening service, Rev. Miller of Stellarton, N.S., offered prayer. Rev. Paterson referred briefly to the historical origin of St. David's, quoting from the Royal grant made in the first year of Queen Victoria's reign.

Dr. Monroe in his address commended the people of St. David's for their "forward-looking" in their provision and training for their young people who are the "corner-stones" of the Church's future progress. Special music for the evening was provided by the combined choirs of Sturgeon and Georgetown under the capable leadership of St. David's organist and choir director, Mr. Harry Yorston. Two solos were offered by Mr. Stanley Lancaster of Charlottetown.

The Sturgeon choir and their friends were entertained by the Georgetown choir in the church hall at the close of the service. Hymns were sung by all present; and a duet featuring Mrs. Miller and Mr. Lancaster was much appreciated by the listeners. A tasty lunch was served by the ladies of the W. A. social committee.

Mr. and Mrs. W. H. Bridges of St. John, N. B., are the guests of Mr. and Mrs. G. H. Nelson, Montague, for a few days. Also visiting Mr. and Mrs. G. H. Nelson are Mr. and Mrs. H. E. Nelson, and Mr. and Mrs. Jack Ingerman, and son of Boston, Mass.

Toronto, parts of which is already providing low-rental accommodations for veterans and is expected to become a model for Legion branches across Canada. Men More Careful Behind Car Wheel Than Women

TORONTO (CP) — The sneering epithet "woman driver" may be justified after all. At least that's the finding of a survey of Toronto drivers.

Checking on 1,200 Toronto motorists—1,000 men and 200 women—the Ontario College of Education found that men are more careful and law-abiding behind the wheel.

Watched for five infractions—falling to stop at red lights and stop signs, failing to give pedestrians the right of way, not signaling and passing on the wrong side—the men came out on top.

Said Professor H. M. Fowler, associate professor of educational research: "The pattern favored the men. But in some cases the difference between the sexes was small."

U. S. Increases Import Duties On Watches

BERN. (Reuters) — The Swiss Federal Council has announced that, following the increase in United States import duties on watches, it intends making full use of the escape clause in the Swiss-United States trade agreement, which allows for compensation should either party raise its import duties.

It is understood that the Federal Council will start negotiations with the United States government within two or three months.

The escape clause lays down that Switzerland can claim compensation either by increasing Swiss import tariffs on American goods or by demanding a reduction of United States import tariffs on Swiss goods other than watches.

According to reliable sources, the Swiss will demand that the U. S. reduce its import tariffs on certain lines of Swiss goods—namely machine tools, machinery and textiles.

Gives Verdict Of Accidental Death

MONTREAL (CP) — A coroner's jury Wednesday returned a verdict of accidental death in the case of 12 children from the Negro Community Centre who were drowned July 13 off Ile Bizard, about 15 miles north-west of Montreal. Only four youngsters were rescued when an outdoor motor boat capsized in choppy waters about 50 yards off shore.

Jack Selgman, owner of the boat, testified that he had taken two groups of youngsters safely around a raft off Pointe aux Carrières beach in his 15-foot craft.

He said that several children leaped over to draw their hands in the water on the third trip and forced some water into the boat. Just then his motor cut.

Selgman said he jumped overboard to lighten the craft and push it to shore. The children panicked and the boat capsized. He tossed many of the children on the bottom of the overturned boat but they kept slipping off.

He said all the youngsters were comfortably seated when he started out and the boat was not overloaded in his opinion.

Establishing such security and stability in Southeast Asia, we will be serving our own country, as well as the cause of peace."

The statement said the commissions should be able to function more effectively than the neutral nations supervisory commission in Korea. It said the Korean commission was made up of equal Communist and non-Communist representation which often blocked effective action.

"The Indo-China commissions will each consist of three members—Indian, Polish and Canadian—and in most cases will be able to take decisions by majority vote."

Beides providing representatives for each of the commissions, India, Poland and Canada will supply a number of military officers for the fixed and mobile inspection teams which will supervise execution of the cease-fire agreements in the field.

SUCCESSFUL TEA PARTY HELD AT CARDIGAN YESTERDAY AFTERNOON

A very successful tea party was held at Cardigan yesterday afternoon attended by a very large crowd. The highlight of the day was a very delicious supper served by the ladies of All Saints Church, but there were also many amusements and other entertainments. The highland piping and dancing drew the attention of the people who enjoyed the program. There were many booths, including novelty booths, refreshment booths and games, all designed to give a pleasant outing to the whole family.

The Scottish piping and dancing thrilled the hearts of every Scot and all others too. Mr. Bruce MacLaren, of Charlottetown, was pipe major for the day's program. Mr. Barry MacGillivray, Charlottetown gave several excellent selections on the pipes. For the highland dancing, Margaret Rhynes, Charlottetown,

danced the Highland Fling, Ruth Ross, Charlottetown, the sword dance, Evelyn Fraser, Charlottetown, sheathrues, Elizabeth Haywood and Virginia Shaw, Charlottetown, the double sword dance, and Judy MacDonald, Cardigan, the sword dance.

The step-dancing also proved to be a great favorite with the crowd and Gerald Clarkin came off with top honors in the senior class, with Allen Shepherd, second; and Bernard Wood, third. In the junior class Viola Shepherd won first prize, Louise Shepherd, second, and Moreen Weir, third. Mr. Allison Shepherd received a special prize.

During the evening a sale of cakes followed with Mr. James Jay, Morell, as auctioneer. The program concluded with a well-attended dance in Cardigan hall later in the evening.

It is the wish of all, that he will have a speedy recovery.

Montague Bridge Approaches Closed

The approaches to the Montague bridge were closed yesterday morning so that the crew of men might begin cement work on the approaches. During the past week the work of laying the stone rip-rap around the abutments was almost completed, and the ground was levelled and the hollow dug to lay the concrete tile which will drain off the water from the two approaches into the river. At present the men are engaged in constructing the catch basins, and on completion will run the concrete drain tile.
