WHITLOCK - ROACH NUP-TIALS—A quiet but pretty wedding of interest to many friends in Kensington and vicinity was celebrated in Summerside at 4.30 p.m. on Wednesday, June 7th, when Ruth, daughter of Mrs. Frederick Roach and the late Frederick Roach of Darnley were united in marriage to Daniel George, son of the late Mr. and Mrs. George Whitlock of Kensington. Rev. Mr. DeWolfe officiated. The bride was dressed in a gown of blue with accessories to match. The couple were unattended. Following the wedding the happy couple motored to Darnley where a reception was held at the home of the bride's mother, Mrs. Frederick Roach. They will reside in Kensington.

PATRIOTIC SERVICE — The morning service in the Presbyterian Church, Summerside, on Sunday was of a patriotic nature in keeping with the coming visit of Their Majesties to the Island. Rev. Wm. VerWolf chose for his text, "God Save the King," speaking of the origin of the National Anthem, which dates back to the 17th century, and showing that the words of the National Anthem are found in the Book of Samuel with relation to King David. The choir sang patriotic hymns and a quartet consisting of Messrs. Earl Schurman, W. E. Forbes, Albert Hensley and George Bowness sang with fine voice, "Gall We Meet Beyond the River," and "Wanderer's Child." Hymns sung by the choir were: "Oh God Our Help In Ages Past"; "From Ocean Unto Ocean," and the National Anthem.

WEDDING BELLS — A very pretty wedding was solemnized in St. Paul's Church on Monday evening at 6.15 when Miss Anita Arsenault, daughter of Mr. and Mrs. Harry Arsenault of Summerside was united in marriage to Mr. Joseph Cheverie, formerly of Esqui, Rev. Father Kelly performed the ceremony and celebrated the Nuptial Mass. The bride was very charming in a blue ensemble with matching accessories. Her bridesmaid, Miss Freda Glor, was also dressed in blue. The groom was supported by Mr. Ned Durant Jr. Mrs. Roy Silliphant presided at the organ and the choir sang during the service. After a wedding breakfast at the home of the groom, Mr. and Mrs. Cheverie left on a honeymoon trip to Boston. On their return they will make their home in Summerside where a host of friends wish them every happiness.

At Newcastle, proceeds to St. John via Montreal.

After inspecting the new waterfront development at Saint John, briefly visiting Lieutenant-Governor Murray MacLaren, attending a reception at the barracks and driving through the uptown section of the Loyalist City, the King and Queen proceeded to Moncton. A brief reception on the station platform there, and they leave for Cape Tormentine, 60 miles distant on the shores of Northumberland Strait.

tanned and rested than on his visit to Ottawa, wore a double-breasted grey, striped suit, grey shirt and dark blue, striped tie.

For 45 minutes Their Majesties were guests at Sherbrooke. They stepped from the train to be greeted by Marcus Armitage, the city's English-speaking mayor, whose daughter presented the Queen with a bouquet of roses. More than a score of persons were presented to the royal visitors on the station platform, including the widow and 17-year-old daughter of Col. W. G. Barker, V.C., one of Canada's war heroes who was killed in an air crash at Oshawa several years ago. The daughter, Antoinette and the widow, Mrs. Gerald Greene of Toronto, who were the Colonel's Victoria Cross, were presented by Canon Frederick Scott of Quebec.

Makes Brief Address

Canon Scott, Canadian wartime padre, momentarily addressed Their Majesties and turning to the King, said:

"If you will permit me, Sir, may I say that you and the Queen are doing more for the world than any two people have ever done before."

The King made no reply, but pressed warmly the extended hand of the elderly cleric.

The King also spoke to Miss Vivian Tremaine, head of a Red Cross contingent during the war, who came here from her home in Quebec to meet Their Majesties. It was Miss Tremaine who nursed the late King George V when he was thrown by a horse in France, and the royal visitors appeared especially interested when she was presented.

"It is a long time since the day you nursed my father," said the King. "Just when was that?"

"In France in 1916, Your Majesty."

War veterans again drew kind words from the visitors who were welcomed among those assembled in a group. Among them was Sgt.

Terrific cheers arose as the royal couple stepped aboard the train, and a field battery sent out a crashing royal salute from across the Margot River. So resounding was the salute that several factory window panes were shattered.

Cheers followed the train as it pulled slowly out of sight and they continued to rise and fall as Their Majesties were carried through other places along the route.

Brilliant decorations greeted the train as it passed through or halted momentarily at such places as Theford Mines, Valley Junction, St. Marie and Joffe. At either end of East Angus, grand cedar arches carried streamers of welcome and farewell.

CAPITOL

SUMMERSIDE

Alexander's Ragtime Band At The Capitol Theatre, Summerside

Alexander's Ragtime Band, the picture of the musical, drew large crowds to the Capitol Theatre last night.

Everyone of its 28 songs, used wholly or in part, topped the hit parade of its era.

The picture is a wonderful spectacle full of great melodies and moments.

Brilliant Cast

In the bewildering brilliance of "Alexander" one remembers that Tyrone Power starts with a small band in a honky-tonk. Don Ameche sings "Low Snookers" flares, cools, blows up and is rekindled over the years for Tyrone and Alice. History moves before the King and Queen as they are taken to Berlin as a gentle guide through the plot.

Such a story framework—the career of a young musician and the girl who sang the nation's love songs—two hotheads quarrelling and parting, forgiving and finding love again through the music that was their life—is novel and scintillating.

Darryl F. Zanuck sent in with Tyrone a brilliant cast—Ethel Merman, Jack Haley, Jean Hersholt, Helen Westley, John Caradine, Paul Hurst, Wally Vernon, Ruth Terry and a dozen others of like calibre.

Add to this story, score and cast Director Henry King, fresh from his triumph in "In Old Chicago."

Major Thomas Toner, wounded three times while fighting with the Royal Irish Rifles. He was brought to the scene on a stretcher to fulfill a desire expressed weeks ago—and Toner may not live many weeks more.

"I hope you soon will be back on your feet, my man," said the King as the veteran saluted feebly. The Queen stood by the King as he spoke to Toner. And after they had gone, Toner said she had given him a smile that made his "very heart stand still."

The King and Queen appeared reluctant to leave the veterans, keeping the train late as they did earlier in the day at St. Johns for the same reason.

Low Interest Rate Acquired By Summerside On \$50,000 15-year Debenture Issue

The highlight at the regular monthly meeting of the Summerside Town Council last night was the exceptionally low rate of interest the Town on Summerside has been able to obtain for its debentures. Tenders were called at the previous monthly meeting of the Council for \$50,000, 15 year 3 1/2 percent debentures and 12 tenders were received. The highest tender was that of R. E. Daley and Co., Toronto, 102.11 per cent, at a cost to the town of 3.32 percent.

Mayor Campbell and the Council expressed great satisfaction at being able to borrow money at such a low rate of interest which is a remarkable record for Summerside, when it was pointed out that the last sale of bonds by the Provincial Government was understood to figure at 3.36 percent interest. Mayor Campbell felt that citizens should feel proud of the town's splendid record in the financial world, one that, he felt sure, had not been equalled in any town in the Maritimes, if in all Canada.

The financial report for May showed that street expenditure was \$174.00 lower than up to May of the previous year and that the town's expenditure up to the end of May was over \$1500 less than up to May of last year, and that the Council fully expected to balance its budget. It was moved that debentures be issued for permanent street work of \$50,000 15-year

at 3 1/2 percent dated July 2nd.

Councillor Morrison reported that there were approximately 676 persons including school children and those in charge going on the special train chartered by the Town Council for Their Majesties visit.

The cost to the town was slightly under \$300. The children would be in charge of Principal C. B. Jelly, Councillor Wedge, with doctors, nurses in attendance. Returned men will travel on the train to help look after the children. The train will leave Summerside at 8.10 a.m. The children will be entertained while waiting for the arrival of Their Majesties. Police Sgt. Ryan will be in charge of the refreshments to be served to the children on their return trip.

The sum of \$100 was voted for the bathing houses project of the Y. Men at the Marine Wharf. This money was voted last year but was not used.

Mayor Campbell spoke very strongly on the excessive speed that automobiles travel at the east end of the town; cars often travelling at around 70 miles an hour. Councillor Morrison supported Mayor Campbell and stated that it is his duty to check up on this matter. Mayor Campbell said that the only way to stop the practice was by prosecutions and he would see to it that this was done. The usual reports and bills were passed.

Barlier in the day, in an address to the graduating class at the United States Military Academy, West Point, the President described his Majesty's visit to the United States as "a courteous recognition of the cordiality and good will which prevails between two great nations."

The King asserted in his message that in Washington, New York "and indeed wherever we have been in the United States, we have seen and shared a cordiality and good will which the friendliness was unmistakable."

"Though this was our first visit to your great country and though it was necessary only a brief one," he added, "it has given us memories of kindly feeling and good will that we shall always treasure."

He told the President and Mrs. Roosevelt that he and Queen Elizabeth were "deeply grateful for your hospitality during the past four days."

"Text of the King's telegram: The Queen and I are deeply grateful, Mr. President, to Mrs. Roosevelt and yourself, for your hospitality during the past four days."

The kindness shown to us personally by you both was endorsed by your fellow countrymen and countrywomen with a cordiality that has touched our hearts."

ROYAL MESSAGE OF THANKS IS SENT PRESIDENT

ABOARD ROOSEVELT TRAIN ENROUTE TO WASHINGTON, June 12—King George VI told President Roosevelt in a telegram today that the kindness and cordiality shown himself and his Queen in the United States "has stirred our hearts."

The message, signed "George VI," reached the President at Philadelphia, where his special

fax spoke William Strang, Foreign Office expert on central European affairs, left by plane for Moscow as special envoy with a new formula which the British Government hoped would produce the long-negotiated British-French-Russian mutual assistance pact. This would fill the last gap in the British-French bloc of nations.

Neither Lord Halifax nor Prime Minister Chamberlain, who spoke briefly in the House of Commons, gave any details of the Soviet negotiations other than to say the envoy had left and the talks would be resumed in Moscow Wednesday.

Reiterating Britain's determination to stand by her guarantees to Poland, Lord Halifax declared the Danzig problem, which has caused friction between Germany and Poland, "demands the utmost measure of patience and restraint if the most serious and dangerous consequences are to be avoided."

He emphasized that Chamberlain's recent statement that Britain wished the problem settled amicably but that if any attempt were made to change the situation by force in such a way as to threaten Poland's independence it would start a war in which Britain would be involved.

Proposed Australia-to-Africa Flight

Above map shows route over which Richard Archbold, aviator-scientist of American Museum of Natural History, will attempt flight from Australia to Africa across Indian Ocean, still unconquered by air. Twin-engine flying boat Guba is scheduled to depart from Onslow in June, main purpose of trip being to chart way-time transportation link from Great Britain to Australia. Bases would be established at Cocos Island, Diego Garcia Island, and Mahe Island. If flight is successful, British planes could fly to Lisbon, to African west coast, then to Mombasa, and on to Australia, avoiding danger zones in Mediterranean and near Singapore.
