He was going to live with his brother-in-law who resides in that city, but he had forgotten the address. He had been a month and ten days in making the journey.
A SHOVEL loaded with crockeryware, butter, fish, etc., owned by Mr. W. P. Colwell, came to grief this morning. The whole lot

fright at the escaping steam from a railway round house and started off at a breakneck pace. The driver was thrown off, and the crockery, etc., quickly followed suit, and the horse after paying a flying visit to the eastern end of the city, made for the rural districts at a Maud S. pace.
BARBAROUS.—The Charlottetown Patriot of May 30th, had a couple of columns of crisp, fresh, and newsy reading, in the shape of Debates in the Legislative Council on April 28th. The Halifax Chronicle is a few laps ahead of the Patriot, having got down to May 9th in yesterday's issue. The Legislatures adjourned some weeks ago but these papers will not finish the reports till some time in July.—Moncton Times.
QUICK DISPATCH.—The new schooner Soudan, 112 tons, Capt. Angus McFarlane, owned by Christopher McDonald, Esq., Antigonish, N. S., arrived in port Thursday night, at 9 p. m.; commenced loading Friday morning, and put on board 60 head of cattle, 1 horse, potatoes, turnips, hay, &c.; was all ready for sea at 9 p. m., Friday night, and sailed early this morning. The cattle were one of the finest lots that ever left this Island, and were personally selected by the owner, Christopher McDonald, Esq. The cargo was valued at \$4,000.
ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain; and the little shrewdly awakes "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. feb 4 cod wk
PARK'S SHIRTINGS.—These celebrated goods which have been in the market for a number of years, have been very much improved of late, and the attention of consumers is respectfully called to the fact that the Shirtings made by them are much better value than any other similar goods in the market. They make only one kind of Shirtings, which they have found, after a long experience, to be the quality best adapted to the wants of the country. They claim for their goods that they are better weight for the price, and that the colors are faster than any other in the market. They are sold by them to the wholesale dry goods trade, only from whom they can be obtained, if purchasers insist upon getting them.
WE regret to learn of a private telegram from Souris that Vernon H. Knight, Esq., was thrown from his carriage yesterday afternoon, and so badly injured that he died this morning. Mr. Knight was driving in a dog-cart when his horse became unmanageable, and running away, collided with another team, throwing him out and injuring his head and spine. When picked up he was insensible, and did not recover consciousness before death. Mr. Knight was about 33 years of age, and was a warm-hearted companion. The Masonic body, we understand, are making arrangements to attend his funeral at Souris, which will take place about noon on Monday, so as to allow the visiting Brethren to return to town by evening train.
A FACT which even political economists are apt to forget is that a manufacturer's rate of profit is not the only essential element of success; the aggregate profit at the end of the year is of far greater importance, and this in most cases is greater out of a low rate of profit than out of a high rate, because of the increased business, which the low price gives rise to. It was on this principle that Messrs. Tuckett & Son acted in introducing their new famous "Myrtle Navy" tobacco, and to this principle they have ever since adhered. This is one of the reasons why the people of Canada are smoking the best tobacco which can be produced, at a cheaper price than other people can buy a similar article.
A MIDDLE-AGED man, who gives his name as Macdonald, and hails from Boston, occupied a cell in the police station this afternoon. During the greater part of the forenoon he amused himself by running about Queen St., fighting with imaginary opponents, and making himself a nuisance generally. The policemen endeavored to quiet him but he disregarded their advice, and started off at a terrific pace for the northern end of the city. The police became nettled at their advice being treated so contemptuously, and started after Macdonald. The chase continued, amid much enthusiasm on the part of the spectators until Long Street was reached, where Macdonald was captured. As he was unable to give a reasonable excuse for his peculiar conduct, he was imprisoned to await trial on Monday.
Distinguished Relationship.
Charles Ward, of Sackville, Westmorland, claims somewhat near relationship with the wife of President Cleveland. It is stated that the Polson family, to which the lady of the White House belongs, formerly lived in Sackville. They moved to New York State two or three generations ago, but the Sackville relatives are not ashamed to admit that they and the Buffalo Polsons have kept up communication almost ever since. The belief is that the Sackville cousins did not offer any objection to the match. They say that a President is as good as anybody, so long as he behaves himself.—Sun.

STRICT ATTENTION to Business, Honesty and Square Dealing, and paying Cash every time, is what has placed L. E. PROWSE to the front of all competitors, in CLOTHING, HATS, &c.
He does not advertise to sell goods at cost, but he guarantees to sell from 10 to 25 per cent less than those who do advertise to sell at cost.
He does not try to deceive the people by making a big blow and offering paltry rewards, but tries to do things right and has the goods to back him up in what he advertises.
He has now about 6,500 HATS and \$4,000 worth of CLOTHING, which he guarantees to sell from 10 to 25 per cent less than any house in the trade. A lot of this Clothing was bought less than half price, and will be sold less than half price.
He does not ask the people to believe his advertisement until they see his prices; he knows then they will believe, and knows that the goods and prices back him up every time.
