THE ENGINEER'S BI-WEEKLY

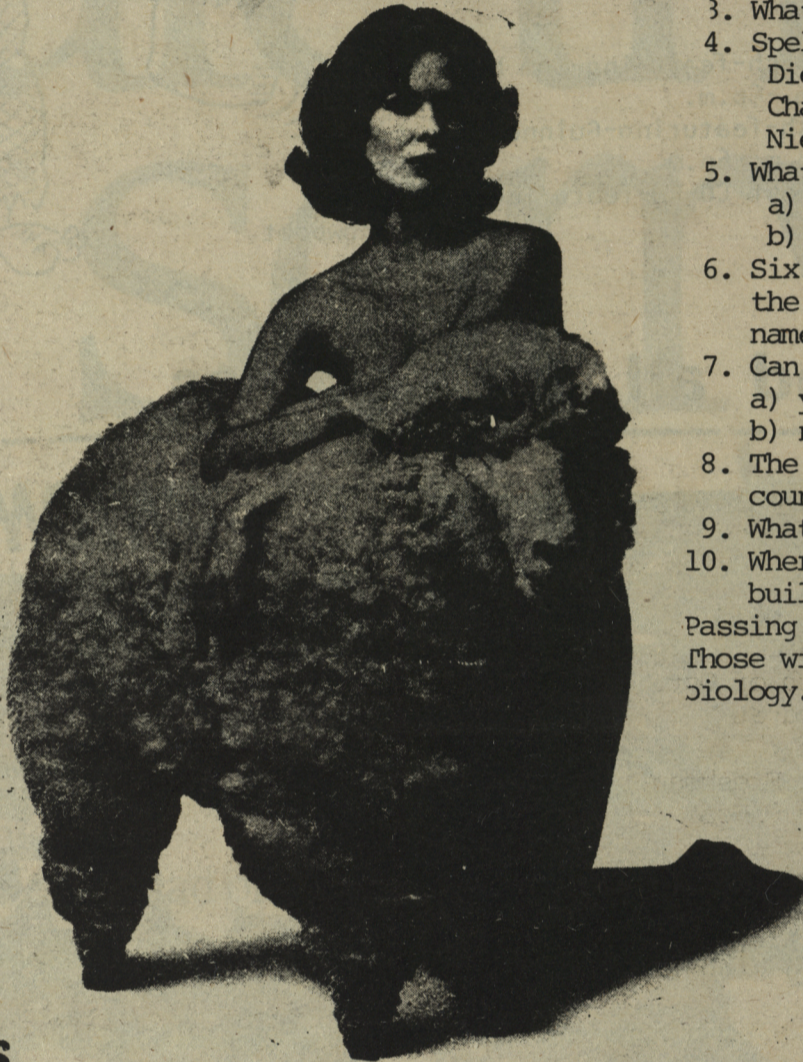

Last Monday, despite the rain, the Engineers had our annual party. The menu consisted of beans on a stick and tube steak which proved to be a gastric delight. We should take time and thank the local Brownie Pack for providing the topless waitresses. (They wore no caps) Their services were greatly appreciated by all.

Large amounts of "HOLY WATER" were consumed and the money from the bottles were used to buy a condominium in Florida - (realizing that there was some local construction going on in the neighbourhood, all party members brought nails and got hammered).

This annual event will be remembered as a small step for mankind, but a long fall for Brownies.

Coming up next on the agenda is our annual golf tournament and tea social.

The club-throwing warm up was held last Thurs. with the furthest club thrown an amazing 250 yds. The names of the winners and those of the losers will be published in the next issue of The Sun.

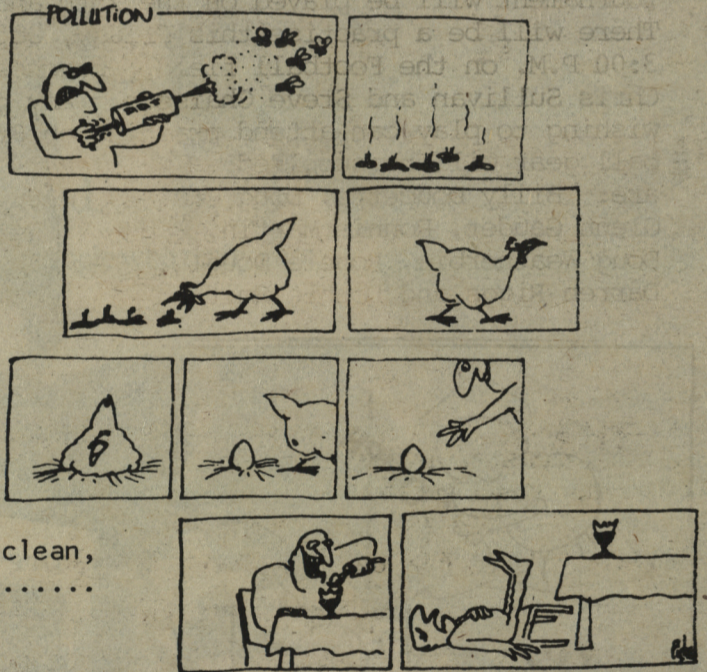

ARTSIE EXAM

Time Limit 3 weeks

1. What language is spoken by French Canadians?
