After briefing, take-off was about 9 A.M. and the plane headed directly north, out over the Gulf and levelled off at 7,500 feet. The weather was clear and calm and there was no ice to be seen all the way to Anticosti except a few scattered flees not far off the coast of Prince Edward Island. As the aircraft crossed Anticosti cloud closed in beneath and from there to Goose Bay there was nothing to look at except the tops of the clouds. This reporter was permitted to wander about the ship and sat in the copilot's seat for a while. Before reaching the Quebec coast dingy drill was carried out. This is standard procedure on all exercises when preparations are made for "ditching." If this drill is not held a similar one is done in preparation for "bailing out."

At Goose Bay the party was greeted by the commanding officer, Group Captain L.J. Birchall, O.B.E., D.F.C., a famous Canadian aviator. This is both a Canadian and American base but unfortunately the press party was not permitted to visit the American side. Everyone was agreeably surprised to find the weather really warm although there is still considerable snow about. By accident we met a former Summerside man, Mr. Louis Gallant, on one of the streets, who worked for the local electric light plant and for the past year has been doing similar work in Goose Bay. Most of the personnel here have their families with them and there is a large number of civil servants on the base, mostly girls. The distance from Summerside to Goose Bay is 431 miles and the trip up was made in less than three hours with a tail wind but the return trip took about three and a half hours.

Other crew members were F/O Al Carlyle of Chelawa, Ont., Captain and F/O Wilho Woorinen of Toronto, co-pilot, F/O Wuorinen recently married a Charlottetown girl, the former Velda Larter, F/O W. MacLeod of Saint John, N.B. was the radio officer and Sgt. L. Erikson of Moncton was the crewman aboard. If the friendliness and co-operation shown by this crew is typical of the R.C.A.F. it is composed of a fine group of men.

S'ide Church Clubs Hold Meetings - At the regular meeting of the Summerside Trinity Y. P. U. on Tuesday evening in Epworth Hall, Mr. Raymond Morrison led the devotional service. After the singing of a hymn, Miss Gladys Arsen was read by Miss Gladys Arsen and Mr. Keith Rogerson gave a meditation and offered prayer. The Bible Study was conducted by the minister after which a business session was held. The president, Mr. Rogerson was in the chair. Miss Lois MacDonald read the secretary's report and submitted the financial statement. Arrangements were made for the closing banquet, after which a recreational period was enjoyed. Mrs. George T. Clarke presided over the regular meeting of the Ladies' Guild of the Summerside St. Mary's Church on Tuesday evening in the Parish Hall and opened with the repeating of The Lord's Prayer in unison. The treasurer's report on the recent Pantry Sales was most gratifying. Arrangements were made to hold a Variety Concert. A social hour followed when delicious refreshments were served by Mrs. Earle Simmons and Mrs. Mancel Raeburn.

THE MR. and Mrs. Club of the Summerside Trinity United Church held its regular meeting on Monday evening in Epworth Hall with Don and Winnie Baker presiding. Arrangements were made to hold the closing banquet next month and Horace and Pat MacFarlane were appointed on the committee in charge. The Ralph Emery group had charge of the evening's program, the subject being "Freedom." The worship service was based on the same theme. Part of the program consisted of listening to five minute talks on "The Way I See It" on the recording machine, after which each member had the opportunity of recording his or her voice. Delicious refreshments were served by the committee in charge.

Newsmen RCAF Guests On Flight To Goose Bay

Nine aircraft from R.C.A.F. station, Summerside, yesterday made a routine flight to Goose Bay, Labrador, and return, a navigation exercise for students of the first Nato course which is training here. While purely routine for the airmen, it was a trip of unusual interest for the seven press men aboard who were distributed among the various aircraft. This reporter was lucky enough to be assigned to a Dakota with seats and so travelled in unusual comfort - just like on a passenger plane. The Nato student navigators on this plane were two Italians: Captain Giovanni Zuconni and Lieutenant Umberto Bernardini both of Rome. They were undoubtedly the busiest men aboard. On both legs of the trip they were carrying out a particular navigation exercise and it kept them on the hop every minute. The R.C.A.F. keenness shown by the Italians and personnel speak very highly of the serious attitude they take to their work. They are a little older than the officers. Most of them had war service. Captain Zuconni was a fighter pilot and served against the Allies and after the capitulation of Italy he served against the Germans. Lt. Bernardini had some service towards the end of the conflict. Other crew members were F/O Al Carlyle of Chelawa, Ont., Captain and F/O Wilho Woorinen of Toronto, co-pilot, F/O Wuorinen recently married a Charlottetown girl, the former Velda Larter, F/O W. MacLeod of Saint John, N.B. was the radio officer and Sgt. L. Erikson of Moncton was the crewman aboard.
