

Is Leaving For Newfoundland

The Right Reverend James S. Thomson, D. D., Moderator of the United Church of Canada, leaves today for Newfoundland following a nine-day tour of Prince Edward Island. Yesterday he preached at Trinity United Church in Charlottetown and Trinity Church in Montague. His Island visit took him from one end of the province to the other as he fulfilled speaking engagements at several points. The Moderator is accompanied by Mrs. Thomson.

U. S. Looks For Hike In Steel Output In 1959

CLEVELAND (AP) — Steel production of 110,000,000 tons is forecast for 1959, a third higher than the 82,000,000 tons expected this year, is predicted by Steel Magazine Saturday. The 1957 output totalled 112,700,000 tons. The metalworking weekly says the improved performance of the steel industry in 1959 would result from rock-bottom steel inventories, an anticipated upturn in consumer spending, rising federal spending and world unrest. Leading producers say the improvement in production already is starting. They forecast a gain in shipments next month.

Steel Magazine says October at least 20 per cent in steel will be a better month than September—probably the best of the year—if there is no strike in the automobile industry and that shipments will remain at a high level during November.

Gradual improvement seems to be the style although the threat of an auto strike already is putting the brakes on business recovery, the publication adds. The country's steel mills produced 51,000,000 net tons of steel for ingots and castings during the first eight months this year. The 7,130,000 tons during June was the best of any month. But Steel said if production is to hit 82,000,000 tons this year the mills must average 7,750,000 tons a month during the remainder of the year for a total of 31,000,000 tons. Mills last week operated at 61 per cent of rated capacity, up a half-point from the previous year. Production totalled 1,647,000 net tons.

STRIKE THREAT FELT
Gradual improvement seems to be the style although the threat of an auto strike already is putting the brakes on business recovery, the publication adds.

Observers here felt this was certain to delay any Soviet reply to the western proposals.

In London, Western diplomats fear Communist China may dictate a "tough" Soviet reply to the latest Western offers.

The Russian about-face on a Middle East summit conference—which came after Khrushchev's visit to Chinese head of state Mao Tse-tung—showed that China now has a powerful voice in Communist affairs.

It is felt that China does not want a summit conference—unless it takes part.

On Dec. 1, the Barber will open shop in St. John's, Nfld., followed by stops at Argentea, Gander, and Corner Brook. The tour ends in Sydney, N.S., on Dec. 3.

NATIONAL Y. P. COUNCIL of the United Church officers seen at a reception held last evening at the home of the new president's parents, Mr. and Mrs. J. Gordon MacDonald, City.

David MacDonald Elected National Y.P.U. President

David MacDonald of Charlottetown has been elected National President of Young People's Council of the United Church of Canada. His term of office will last for two years. His election was unanimous and came after a week-long meeting held at Sackville during the past seven days. Mr. MacDonald last spring received his Bachelor of Arts degree from Dalhousie University and will enter Pine Hill Divinity Hall this coming term where he will pursue his studies in Theology. He is the son of Mr. and Mrs. J. Gordon MacDonald, 45 Fitzroy Street.

ACTIVE WORKER
The new national president has always shown a keen interest in Young People's work and last year was named Maritime president of Young People's Unions. Named associate president is Bill Shank of North Battleford, Saskatchewan. The retiring president is Walter Morris, Comber, Ontario.

Yesterday about 100 delegates to the National Y. P. U. Council came to Prince Edward Island on a post Council tour. Arriving yesterday afternoon on the Wood Island Ferry, the group last evening attended service at Trinity Church, Charlottetown.

The retiring president, Walter Morris delivered the sermon. David MacDonald read the Scripture. Rev. A. Frank MacLean conducted the service and welcomed the delegates. Rev. R. S. Latimer sang a solo. Rev. Jim Jones, evangelist from North Carolina, led in prayer.

FORMER MINISTER
A most pleasing feature of the evening service or worship was the pronouncement of the benediction by Rev. Dr. George M. Young, 93 year old minister and pastor of Trinity Church from 1900-1904. Dr. Young resides in New Brunswick and still does pulpits supply work.

In the course of his remarks Mr. Morris, a young farmer from Southern Ontario said many young people are making the mistake of putting money and popularity as the chief factor in their race to achieve the best in life.

He said some are finding that a life of self sacrifice holds the only lasting reward. Mr. Morris said the dropping of a hydrogen bomb on this country could not compare to the tragedy that would be experienced if people were to lose their Christian faith.

HONOR TO TRINITY
Rev. Mr. MacLean said it was an honour to the Congregation of Trinity that one of its young men had been chosen unanimously to fill the office of National President of the Y. P. Council. He said however, that for those who have followed the career of David MacDonald in young people's work, the choice was not surprising. Mr. MacLean expressed the opinion that Mr. MacDonald would discharge his duties capable in this important office.

Following church service last night, the delegates as well as a number of young people in the City were guests at a reception held at the home of Mr. and Mrs. J. Gordon MacDonald. Presiding at the tea were the wives of the two ministers of Trinity, Mrs. A. Frank MacLean and Mrs. Robert S. Latimer.

BUSY PROGRAM
Last night the young people stayed at Stanhope and today
