THE LADIES!

A New and Distinct Form of Disease which is afflicting Canadian Women. How some of them Regained Fresh Complexion, Perfect Health and Superior Physical Beauty.

A great London Physician says that he notes a new and distinct form of nervous disease produced in Canadian women by worry about servants and overwork in caring for the home. This is why we see so many ladies pale, weak, languid, and suffering from headaches and innumerable weaknesses. They cannot stand the strain upon their nervous system. Many of them have found the means to sustain their falling strength, to give color to the cheeks, and new life and vigor to the body, in Paine's Celery Compound.
