REAP GREATER PROFITS BY MAKING YOURS A SAFER FARM

Accidents are costly: and injury involves loss of time from doing the job, loss of efficiency for the individual and the family, loss of material value, and lastly and most important, loss for the entire nation. Yes, Mr. Farmer, it's up to you. Safety-check your house, barn and equipment for continuous safe operation. Don't reap accidents; make every week . . . Farm Safety Week!

FARM SAFETY WEEK
JULY 22-28, 1962

MAKE EVERY WEEK FARM SAFETY WEEK BY OBSERVING THESE RULES:

- **Machinery and Equipment** should always be kept in good repair, and used with guards and safety devices in position.
- **Clothing** that is loose-fitting or torn should never be worn around moving machinery.
- **Guns** should always be stored unloaded, and put where children can't get at them.
- **Water Holes** on your property are a potential danger to children . . . they should be fenced off to prevent mishaps.
- **Buildings** and your home should be kept in good repair at all times, with all safety hazards carefully eliminated.
- **Fire Hazards** are everywhere . . . be careful with matches . . . don't smoke around the barn!
- **Animals** may bolt if startled; warn them of your presence by speaking when approaching.
- **Insurance** keeps your family and farm safe from the hazard of financial disaster. Be sure you're fully covered.

July Is Low In Sunshine

A new record low for hours of sunshine in July will probably be established in the province this month, Warren Burns, official weather observer at the Experimental Farm said yesterday.

At present, hours of sunshine for the month, to date, total 104.2. The record low is 176.1 The average for July is 246.3, and for this month last year, sunshine was recorded at 250.1 hours.

Rain, falling for 18 days this month, and totalling 5.28 inches, is also running close to the record 6.83 set in 1912. This is the wettest July on record since 1961, when 11 days of rain accounted for 5.82 inches.

Temperatures have averaged eight to 10 degrees below normal, with only six days over 70 degrees, and many 50 degree readings.

Six Girls Chosen For Toronto Trip

By MARION BRUCE
Guardian-Patriot Staff Writer

Six of the 35 girls attending the 4-H girls clubs training session in Charlottetown this week have been selected to attend 4-H Club Week in Toronto.

They include Audrey Bolger, Hunter River; Joyce Lowther, Cornwall; Yvonne Gallant, Souris; Carol Dickieson, New Glasgow; Eleanor Hyde, Meadowbank, and Beth Matheson, Cornwall.

Thirty-five girls attending the annual training session belong to 4-H Garment Clubs across the province. Six girls were selected from this group, with eight others from the remaining 4-H branches, to attend the convention in November in conjunction with the Royal Winter Fair.

INTERVIEWS HELD

Interviewing the club-members yesterday for selection purposes were Mrs. Francis Blanchard and Miss Irene Mountain. The girls were interrogated on such topics as 4-H activity, grooming nutrition, clothing selection, and table service.

Miss Theresa MacLeod, who, assisted by Miss Irene Mountain and Miss Myrna Smith, directed the course, stated that "personal development" is its main objective. This objective can be pursued more intensively than in regular club work, she explained, because no project work is involved in the five-day program.

Miss MacLeod added that the girls have had an opportunity to meet 4-H members from other parts of the province, participate in discussion with them, and learn the importance of expressing themselves clearly.

The course included training in public speaking, clothing selection, grooming, nutrition, and career information. Highlights of

SLOW DOWN AND LIVE

Driving upon the public highways is a privilege as well as a legal right.

We owe it to ourselves and to the other driver to have our cars in good working condition; to drive at moderate speed, to observe all traffic rules and to DRIVE CAREFULLY.

This aim combined with adequate Insurance Coverage will bring relief from anxiety in many Canadian homes.
